 AUTOMATED STUDENT DATA ELEMENTS

Year: 2015-16

Data Element Number: **185825**

Data Element Name: **Career and Technical Education /Adult General Education Completion Point Code**

These codes are used only for adult general education and career and technical education students to identify the literacy completion points and occupational completion points achieved by the student during the term (postsecondary) or year (secondary). See Appendix S.

Code	Definition/Example
A-Y	Select up to six of the appropriate alphabetic code or codes (from the applicable list in the appropriate data base handbook) that most closely describes the literacy or occupational completion point achievement(s) of the student in the term. Select as many codes as apply, and report them in the order in which they were achieved by the student during the term.
Z	Not applicable, or the student is exiting the program without having achieved at least one CPC in that program. This includes all Continuing Workforce Education. When code "Z" is used, all other positions in the field must be blank.

NOTE: These codes are to be reported on the format that is associated with the type of student for whom the record is being submitted. For example, adult general education students with literacy completion points from the list of such codes are to be reported on the WDIS Adult General Education Student Course format. Adult High School and Co-enrolled student LCPs are reported as two characters, as illustrated in the Workforce Development Education Data Base Handbook. See Appendix R.
