EXECUTIVE SUMMARY

Due to the Special Session opening on June 1, legislative or budget updates are not available at the time of this report. Dr. Carol Probstfeld, incoming Chair of the Florida College System Council of Presidents will update the Board verbally on any substantive and budget outcomes from Special Session. The Council of Presidents meet in early August to craft their legislative and budget agenda for 2016. We will present it to the State Board of Education this fall.

Additionally, during Daytona State College President LoBasso's presentation at the May SBOE meeting, he provided a response to previously asked questions about the impact of developmental education. As a result, two additional questions were posed by the Board and Division staff will include this information during the June 24 meeting.
