DOE INFORMATION DATABASE REQUIREMENTS VOLUME I:
AUTOMATED STUDENT INFORMATION SYSTEM
AUTOMATED STUDENT DATA ELEMENTS

Year: 2022-23

Data Element Number: **140462**

Data Element Name: **Industry Certification Identifier**

The identifier assigned by the Florida Department of Education to specify the CAPE Digital Tool Certificate, CAPE Industry Certification, CAPE Acceleration Industry Certification, CAPE Innovation Course, or technical skill attainment examination that the student has taken/attempted.

See Appendix Z for a list of the Industry Certification Identifiers.

The following procedures apply for CAPE Digital Tool Certificates, CAPE Industry Certifications, CAPE Acceleration Industry Certifications, and technical skill attainment examinations:

For certifications or assessments with more than one exam, an industry certification identifier should only be reported when all exams required to earn the certification or pass the assessment have been taken/attempted.

For example, MICRO069 - This Microsoft bundle requires that a student pass three of six exams. Students must have taken at least three exams for the industry certification identifier to be reported.

For certifications or assessments with work experience requirements, an industry certification identifier may be reported as an attempt when all exams have been taken and any requirements other than work experience are satisfied (i.e., report valid identifier on Industry Certification Identifier element and outcome of "F" on the Industry Certification Outcome element). However, students may not be reported with an "F" for two consecutive years if the only certification requirement outstanding is the work experience.

For example, NRAEF002 - This certification requires the student pass Year 1 and Year 2 exams and complete 400 hours of work experience. A student may be reported one time with this industry certification identifier and an outcome of "F" if the exams have been taken but the work experience was not successfully completed.

For a student earning an industry certification in a prior year (value of "P" on industry certification outcome), the student may not be reported with that same industry certification identifier in a subsequent reporting year.

For example, ADOBE012 - This certification often has software updates and new versions of the software and subsequent exams are released. If a student earned the ADOBE012 certification in 2011-12, the student may not be reported as attempting or earning that industry certification in any following year.

Reporting on this data element is end of year reporting only for K-12 (Survey 5). The outcome reported should be the final outcome for the reporting year.

For example, ADOBE012 – If a student took this exam twice during the same year and failed the exam on two occasions, the certification identifier and outcome should only be reported once.   If the student took an exam and failed on the first attempt and then the student re-tested on the same exam and earned the certification, only the final outcome on the industry certification identifier should be submitted.

The following procedures apply for CAPE Innovation Course reporting:

All students enrolled in CAPE Innovation Courses should have a value reported on this format. One identifier is used for all CAPE Innovation Courses for purposes of reporting performances in the course – CAPEI001. For example, outcomes for AP Microeconomics Innovation (Course Number: 2102365) are reported for all students enrolled in this course on the Industry Certification format with an identifier of CAPEI001.

Year: 2022-23

Data Element Number: **148625**

Data Element Name: **Migrant Status Term**

Migrant Status Term codes are to be used to indicate which term(s) a migratory child was served and/or identified in. According to section 1309(3) of the Every Student Succeeds Act as of 2015, as amended, the term "migratory child" means:

"…a child or youth who made a qualifying move in the preceding 36 months - - -
(A) as a migratory agricultural worker or a migratory fisher; or
(B) w̄ith, or to join, a parent or spouse who is a migratory agricultural worker or a migratory fisher."

For the purposes of this data element, the term "enrolled" refers to children who were enrolled in school during the school year. The term "served" means the child received instructional and/or support services funded fully or partially out of Title I, Part C. The term "Migrant Summer/Intersession Program" refers to a Migrant-specific service component funded fully or partially out of Title I, Part C that takes place after the end of the regular school year or, for year-round schools, during a break in the regular term of a year-round school.

Code	Definition/Example
B	Enrolled/Served in BOTH the Regular 180 day school year (Regular School Day/Extended) and a Migrant Summer/Intersession Program.
D	Enrolled/Served ONLY in Regular 180 day School Year with services provided during the regular school day only.
E	Enrolled/Served ONLY in Regular 180 day School Year with some or all services provided during an extended day/week.
S	Enrolled/Served ONLY in a Migrant Summer/Intersession Program.
T	A non-attender served in BOTH the regular 180 –day school term (Regular School Day/Extended) and a Migrant Summer/Intersession Program.
U	A non-attender served ONLY in Regular 180-day School Year with services provided during the regular school day only.
V	A non-attender served ONLY in Regular 180-day School Year with some or all services provided during an extended day/week.
W	A non-attender ONLY in a Migrant Summer/Intersession Program.
X	Identified, NOT Served– Use this code if the child has been identified as a migratory child at any time during the school year or summer/intersession, but was NOT served with Title I, Part C funds.
Z	Not Applicable; not a migratory child.

NOTE: Codes B, D, E and S typically apply to PK-12 children who are participating in services provided by a public school system program. "Non-attenders" are typically children who are Out of School Youth (OSY), birth-2 population, 3-5 year olds, 18-21 year olds, etc.

Data Element Name: **Postsecondary School of Enrollment**

Definition: The state assigned four-digit school number in which the student is officially enrolled in postsecondary instruction.

Postsecondary School of Enrollment will be used for reporting performance outcomes by school for legislatively required reports. Examples of situations where the school number for current instruction/service matches the Postsecondary School of Enrollment include when instruction is provided at a Council on Occupational Education (COE) accredited school, a non-COE accredited institution providing instruction in districts that do not have a COE accredited site, and an institution in which the local provider has determined should be a school of enrollment for reporting of performance outcomes.

School of Instruction should not match School of Enrollment in the following situations:
• Instruction is provided on an extension campus which falls under the accreditation of a Council on Occupational Education (COE) accredited site. In this situation the school of enrollment would be the accredited school, and the school of instruction would be the school where services were received.
• Instruction is provided at a separate school that has been approved as an alternate site under an accredited institution. In this situation the school of enrollment would be the accredited school, and the school of instruction would be the school where services were received.
• A student is dual enrolled and instruction is provided at the secondary school. In this situation, the school of enrollment would be the school that was providing the instructional services, not the physical location of the instruction.

A   The student is a client of Department of Children and Families (DCF), is placed in a residential facility operated by the agency, and receives educational services from the local school district or through a contract with the local school district.

          This definition was designed to include students with disabilities who were placed in residential facilities by DCF [e.g., a Developmental Services, Intermediate Care Facility (ICF-MR)]. It does not include students who are in foster care placements.

C   The student is enrolled in a Department of Juvenile Justice facility/program and receives educational services from the local school district.

          This definition was designed to include the Department of Juvenile Justice or a private, public, or other governmental organization under contract with the Department of Juvenile Justice which provides treatment, care and custody or educational programs for youth in juvenile justice intervention, detention, or commitment programs. This definition encompasses programs such as PACE and AMI. Please note that in many DJJ facilities there may be more than one educational program that generates weighted FTE (e.g., ESE, basic, ESOL, or career and technical education.)

Z   None of the above categories applies to the student.

Note: These codes are used in the calculation of the enrollment ceiling (cap) as authorized by s. 1011.62(1)(d)3.a., F.S.

Data Element Number: **177900**

Data Element Name: **Time, Total School Week**

The total amount of time a student with a disability is scheduled to attend school each week. This should be reported in minutes per week. All scheduled time i.e., class time, recess, lunch, and time between classes must be included in the total.

Code	**Definition/Example**

Examples:

1. Student A's school day begins at 7:30 A.M. and ends at 2:30 P.M. and the student attends five days per week. The total amount of time in school is calculated based on seven hours per day, five days per week. This equates to 2100 minutes per week.

2. Student B's school day begins at 7:30 A.M. and lasts until 12:30 P.M. The student then leaves the school campus to go to an on-the-job training site (OJT) on Monday, Wednesday, and Thursday. The student works until 5:00 P.M. on those days. For the three days the student goes to OJT, the minutes would equate to 570 minutes per day x 3 days = 1,710 minutes. For the two days the student does not work, the minutes would equate to 300 minutes per day x 2 days = 600 minutes. Then, the total time in the school week for this student is 1,710 minutes + 600 minutes = 2,310 minutes.

NOTES: This data should be reported only for Survey 2. Districts should zero-fill this element for all other survey periods.

This field should be zero-filled for students who are reported as gifted only--primary exceptionality is L and other exceptionalities are all Z's.

For students with disabilities ages 3-5, Time, Total School Week must reflect all programs the child is attending including childcare, private kindergartens or preschools, home services, Head Start, and service provider locations, as well as public preschool classes and kindergarten.

FLORIDA DEPARTMENT OF EDUCATION
DOE INFORMATION DATABASE REQUIREMENTS VOLUME I:
AUTOMATED STUDENT INFORMATION SYSTEM
AUTOMATED STUDENT DATA ELEMENTS

Year: 2022-23

Data Element Number: **187011**

Data Element Name: **WDIS Student Instructional Hours**

WDIS Student Instructional Hours is a whole number, expressed in hours, assuming no decimal places and right justified with leading zeros.

WDIS Student Instructional Hours may not be reported in the Workforce Development Information System (WDIS) for students enrolled in courses or programs for which the direct instructional costs have been fully funded by an external agency. Section 1011.80(5)(d), Florida Statutes:

"State funding and student fees for workforce education instruction shall be established as follows: For a public educational institution that has been fully funded by an external agency for direct instructional costs of any course or program, the FTE generated shall not be reported for state funding."

For Adult General Education (Cost Reporting Codes ranging from 401 – 409*):

WDIS Student Instructional Hours for adult general education students must be reported in accordance with the requirements in Rule 6A-10.0381, Florida Administrative Code. The text of the rule can be accessed at the following web link: https://www.flrules.org/.

A technical assistance paper and rule summary are posted here (See "Instructional Hours Reporting for Adult Education.'): http://www.fldoe.org/academics/career-adult-edu/career-adult-edu-technical-assistance-.stml

For Career Certificate and Applied Technology Diploma (Cost Reporting Codes ranging from 351 – 369*):
For career certificate and applied technology diploma students, the WDIS Instructional hours shall be defined as the number of scheduled course hours from a student's first day of enrollment in a course and to his/her last scheduled day of enrollment in the course. If the student's enrollment in a course crosses reporting surveys, the instructional hours shall be pro-rated across the survey.

WDIS Instructional hours may not exceed the contact hours for which a student has paid/deferred tuition or received a waiver for the payment of tuition; the only exception is for instructional hours of students who withdrew after the drop/add period. If a student withdraws from a course prior to the end of the reporting survey (but after a drop/add period), the instructional hours may still be reported through the end of the course for that survey. For cases in which a student transfers to a different section in the same course during the survey, the instructional hours for the first section must be reported based on the hours from the date of enrollment to the date of transfer.

Code	Definition/Example

Cost Reporting Codes ranging from 351 – 369*

Code	Definition/Example
0100	The student enrolls in a 150 hour course and is scheduled to attend 100 hours in the fall survey and 50 hours in the spring survey. The student remains in this course to the end of the second survey. For this student, WDIS instructional hours are 100 hours in the fall survey and 50 hours in the spring survey.
0150	The student enrolls in a 150 hour course and is scheduled to attend 150 hours within the survey. The student remains in this course to the end of the survey. For this student, WDIS instructional hours are 150.
0150	The student enrolls in a 150 hour course and is scheduled to attend 100 hours in the fall survey and 50 hours in the spring survey. The student remains in this course to the end of the second survey. For this student, WDIS instructional hours are 100 hours in the fall survey and 50 hours in the spring survey.

For Continuing Workforce Education and Apprenticeship (Cost Reporting Codes ranging from 341 – 349, 371 and 372*):
For each Continuing Workforce Education and apprenticeship student, the WDIS Student Instructional Hours shall be defined as the number of scheduled hours from that student's first day of enrollment in that program and course through the last scheduled day for that program and course in the survey regardless of attendance.

Data Element Number: **187011**

Data Element Name: **WDIS Student Instructional Hours**

The following Continuing Workforce Education and apprenticeship examples apply in district XX where there are 18 weeks in a semester. The WDIS class in question is scheduled to meet for one hour twice each week for a WDIS Class Length of 36 scheduled hours.

Reporting Codes ranging from 341 – 349, 371 and 372*

0032   The student enrolls on the fifth class day of the course (missing the first four classes). WDIS Student Instructional Hours are calculated from the fifth day of class through the last scheduled class day in the survey. For this student, WDIS Student Instructional Hours are 32.

0036   The student enrolls on the first day of the course. WDIS Student Instructional Hours are calculated from the first class day of the course through the last scheduled class day in the survey. For this student, WDIS Student Instructional Hours are 36.
