AUTHORITY FOR STATE BOARD ACTION

Section 1008.33, Florida Statutes

EXECUTIVE SUMMARY

In the first full school year after a school declines to a grade of "F," or earns a grade of "F" or "D" followed by a grade of "D," (i.e., FD or DD), the school district must select a turnaround option for that school and submit a plan for implementing the turnaround option to the Department for approval by the State Board. Upon approval by the State Board, the turnaround option must be implemented in the following school year. Implementation is not required if the school grade improves.

Turnaround plans have been submitted to the Department for 57 schools in 17 districts.

Supporting Documentation Included: 2014 Turnaround Status Report. Completed TOP-1 and TOP-2 forms, signed by district superintendents on behalf of 57 schools (under separate cover)

Facilitators/Presenters: Pam Stewart, Commissioner of Education and Sam Foerster, Deputy Chancellor of Student Achievement and School Improvement, K-12 Public Schools

Statutory Requirements for Turnaround Options

Section 1008.33, Florida Statutes, states—

(4)(a) The state board shall apply the most intense intervention and support strategies to schools earning a grade of “F.” In the first full school year after a school initially earns a grade of “F,” the school district must implement intervention and support strategies prescribed in rule under paragraph (3)(c), select a turnaround option from those provided in subparagraphs (b)1.-5., and submit a plan for implementing the turnaround option to the department for approval by the state board. Upon approval by the state board, the turnaround option must be implemented in the following school year.

(b) The turnaround options available to a school district to address a school that earns a grade of “F” are:

1. Convert the school to a district-managed turnaround school;
2. Reassign students to another school and monitor the progress of each reassigned student;
3. Close the school and reopen the school as one or more charter schools, each with a governing board that has a demonstrated record of effectiveness;
4. Contract with an outside entity that has a demonstrated record of effectiveness to operate the school; or
5. Implement a hybrid of turnaround options set forth in subparagraphs 1.-4. or other turnaround models that have a demonstrated record of effectiveness.

(c) A school earning a grade of “F” shall have a planning year followed by 2 full school years to implement the initial turnaround option selected by the school district and approved by the state board. Implementation of the turnaround option is no longer required if the school improves by at least one letter grade.

...(5) A school that earns a grade of “D” for 3 consecutive years must implement the district-managed turnaround option pursuant to subparagraph (4)(b)1. The school district must submit an implementation plan to the department for approval by the state board.

(6) The state board shall adopt rules pursuant to ss. 120.536(1) and 120.54 to administer this section. The rules shall include timelines for submission of implementation plans, approval criteria for implementation plans, and timelines for implementing intervention and support strategies.
