

EDIT ERROR CODES

Supplemental

The following codes are to be used with error codes listed on the Supplemental Edit Error Report. Edit errors occur when a value in a field is incorrect. Edits only look at a single format (Adult Demographic, Adult Course, Supplemental, or Adult Test Record), checking to make sure that each field contains valid data. All edits are reject errors.

Error Code Explanation

- *S1 **Survey Period Code** must be 11, 1, 2, or 3 and must be correct for the submission period.
