EXECUTIVE SUMMARY

The rule amendment adopts the list of eligible clock hour dual enrollment courses, incorporated by reference. This update adopts the 2023-24 list of eligible clock hour dual enrollment courses that will be included in the school grading formula.

High schools earn credit in the school grading formula for students taking clock hour dual enrollment courses, and more secondary students may be encouraged to enroll in clock hour dual enrollment courses. District technical centers and Florida College System institutions must submit a list of clock hour dual enrollment courses being offered annually and may see an increase in clock hour dual enrollment.
