

# EQUIPMENT LIST

## MEDICAL LABORATORY ASSISTING (postsecondary) MEDICAL LABORATORY TECHNOLOGY (postsecondary)

Students in this program should have access to the following equipment:

AV equipment	hot plates	sterilizer
AV materials	illuminator	stethoscopes
balance, triple beam mechanical	incubator thermometer	stethoscopes, teaching
balances, electronic	incubator with additional shelves	stirring/hotplates
beakers, 30, 1000, & 2000 mL	inoculation loops	storage cabinets, locking
blanket, fire (F)	lance, mirco	suction tube
bunsen burners	microscope, fluorescent	support base and rod
cabinet, flammable	microscopes, binocular with dual heads	syringes
calculator	microscopes, monocular	test tubes, assorted
capillary reader, micro	mixer	thermometers (20-110 C)
card readers, hematocrit	model, anatomy torso	timer
cell counters	model, large heart	tray, blood collecting
centrifuge, regular (balance)	models, urinary system	trays, staining
centrifuges, hematocrit	needles	urinometer
centrifuges, table top clinical	open water baths (3-4 liter)	volumetric blood gas apparatus
chloridometer	oven dryer	
clinical analyzer, automatic	petri dish	
collection tube, blood	pH meters with spare electrodes	
colorimeter tubes	phlebotomy chair	
colorimeter with choice of 3 standard filter sticks	phlebotomy trays	
computer work station	pipet bulbs	
computer software	pipet, rinser	
computer table	pipet washer	
counter, differential	pipet, WBC	
counter, gamma	pipetor, automatic (75-100 ul)	
cylinders, 10 mL pyrex graduated	pipets, 10 mL serological glass	
cylinders, 100 mL pyrex graduated	pipets, 1 mL volumetric	
dilutor	pipets, 5 mL volumetric	
ECG carts	pipette, hemoglobin	
EKG machine	pipetting system, mirco	
electrocardiogram machines, 12-channel and 12-lead	rack, sed rate	
eyewash station	rack, test tube	
fire blanket	racks, drying	
fire extinguisher, ABC	racks, staining tray	
filimatic	refractometer	
finger sticks	refrigerator	
flasks, 100 mL volumetric	ringstands	
flasks, 250 mL volumetric	rotator, yankee	
flasks, 250 mL erlenmyer	roto-mixer scale	
flasks, 500 mL erlenmyer	shaker	
glassware, assorted	simulator arms, adult phlebotomy	
glucose analyzer	simulator arms, pediatric phlebotomy	
heating block	slides, assorted	
hemacytometers	spectrophotometer cuvets	
hemocrit tubes	sphygmomanometers with bladder cuffs	
hood	staining jars, copeland	
hospital beds
