Test Administration Schedule

The FCLE is offered during two test administration windows in the 2022–23 school year:

- November 7–December 16, 2022
- April 17–May 26, 2023

Students have two test attempts per window. If a student will retake the test within a window, the student must wait 30 calendar days between attempts.

Test Administration Information

- The FCLE is delivered via a computer-based test (CBT) platform called the Test Delivery System.
- The FCLE contains 80 multiple-choice items and is administered in one 160-minute session in one day. Students who have not completed the test in 160 minutes may continue working up to half a typical school day.

- A paper-based version (regular print, large print, braille, and one-item-per-page) of the CBT assessment is available for students with disabilities who cannot access assessments on the computer as specified in their Individual Educational Plans (IEP) or Section 504 Plans.
- CBT accommodations (e.g., masking, text-to-speech) are available for students whose IEPs or Section 504 Plans indicate these accommodations.

Practice Test

- Practice test materials allow teachers, parents/guardians, and students to become familiar with the various item types that will be encountered on the FCLE, as well as the system, functionality and tools on the online platform.
- A computer-based practice test and answer key for the assessment is available on the [Students & Families portal](#) page.

Reporting

Raw score information (points earned out of points possible) is available to school and district staff immediately after tests are completed. Results are delivered through the Florida Reporting System.

In accordance with the [Board of Governors \(BOG\) Regulation 8.006 Civic Literacy](#), the passing score on the FCLE is 60% correct. Passing status will be reported for students in the reporting system.

Test Development

In 2018, the Florida Department of Education (FDOE) Office of Assessment worked with the Board of Governors (BOG) and the Florida College System (FCS) to develop what is now known as the FCLE. FDOE partnered with the Lou Frey Institute (LFI) at the University of Central Florida for content area and test development expertise, as well as item reviews to address bias, accuracy and readability. FDOE then worked with subject matter experts (SMEs) to review the items and conducted Bias and Sensitivity/Validation committee meetings. Following a final review by LFI, FDOE approved the initial Florida Civic Literacy Examination.

In early 2021, the FDOE began the process to revise the FCLE and to take steps to increase test security. A review was conducted by 30 content experts representing faculty from FCS, SUS, LFI, and the Bill of Rights Institute in July 2021. The goal of this meeting was to review a selection of proposed FCLE test questions, specifically to ensure the items better assess the competencies, are accurate, and that better represent the overall goals of the FCLE. Additionally, the meeting offered SMEs the opportunity to provide important feedback on the FCLE for future development work and consideration.

FDOE staff will continue to work with these respected institutions and SMEs to ensure the quality and validity of future FCLE test items and forms.
