Attachment 3: Business Rules for the District Industry Certification Allocation for 2014-15

Three categories of industry certifications are included in the calculation:
- Eligible Category 1: Certifications reported on the final 2013-14 WDIS submission that were eligible for funding but not included in the 2013-14 funding allocation
- Eligible Category 2: Certifications reported on the 2014-15 WDIS Survey F and W matched to students enrolled in 2013-14 in the same program in which the certification was reported
- Eligible Category 3: Certifications reported on the final 2014-15 WDIS system matched to students enrolled in 2014-15 in the same program in which the certification was reported

Category 1: 13-14 WDIS submission – reported after May cut-off date	Category 2: 14-15 Survey F and W WDIS submission matched to 13-14	Category 3: 14-15 WDIS submission matched to 14-15 enrollments
• 2013-14 Survey F, W, and S WDIS reporting • Certification codes eligible for funding for districts on the 2013-14 Postsecondary Industry Certification Funding List • Certification record must have a matching enrollment in 2013-14 WDIS for the same program in which the certification was reported • Exclude any certification code reported in 2011-12 or 2012-13 for the same student • Exclude any certification code for a student that was included in a prior year funding calculation	• 2014-15 Survey F and W WDIS reporting through early reporting deadline (May 8, 2015) • Certification codes eligible for funding for districts on the 2013-14 Postsecondary Industry Certification Funding List • Certification record must have a matching enrollment in 2013-14 WDIS for the same program in which the certification was reported • Exclude any certification code reported in 2011-12, 2012-13, or 2013-14 for the same student • Exclude any certification code for a student that was included in a prior year funding calculation	• 2014-15 Survey F, W, and S WDIS reporting through early reporting deadline (May 8, 2015) • For records in 2014-15 WDIS not included in category 2 • For certification codes eligible for district funding on the 2014-15 CAPE Postsecondary Industry Certification Funding List • Certification record must have a matching enrollment in 2014-15 WDIS for the same program in which the certification was reported • Exclude any certification code reported in 2011-12, 2012-13, or 2013-14 for the same student • Exclude any certification code for a student that was included in a prior year funding calculation • Exclude any certification earned by students enrolled in continuing workforce education • Apply cap of one fundable certification for student if certification is not linked to 2014-15 Statewide Demand Occupation List.[1]

---

[1]Example 1: Student with 2 certifications not linked to 14-15 DOL is capped at 1 fundable
Example 2: Students with 2 certifications linked to DOL and 1 not linked to DOL would have all three certifications included in the calculation.
