# Methodology

## **Percentage Enrollment Transported**

Derived by dividing the average number of eligible students (from Surveys 2 and 3) reported as transported on the Automated Florida Education Finance Program (FEFP) Transportation Survey by the Student Membership reported to PK-12 Education Information Services, Florida Department of Education (FDOE).

## **Annual Operating Expenditures per Student**

Derived from total transportation expenditures on the 2022-23 Annual Financial Report (AFR) from general and special revenue funds, excluding bus purchases. This calculation is divided by the total adjusted number of students transported according to the final transportation calculation for 2022-23.

## **Operating Cost per Mile**

Derived from total transportation expenditures on the 2022-23 AFR, general and special revenue funds, not including bus purchases. This calculation is divided by the total annual miles reported by school districts on the District Transportation Profiles Worksheet for 2022-23.
