

Average Annualized Earnings by Education Level

2016-17 Graduates/Completers Not Continuing Education
with Florida Full-Time Employment - Fall 2017

Annualized earnings in this graph are an estimation based on Florida full-time employment during the 4th quarter of 2017. The data does not include individuals found continuing education. Full-time employment is determined when an individual's 4th quarter wages are equal to at least the hourly minimum wage of \$8.10, working 40 hours per week for 13 weeks x 4 quarters or \$16,848 annually.

The High Skill/High Wage threshold uses the same calculation but with an hourly minimum wage of \$22.01 or \$45,780 annually.
