For each of the case management systems (including Excel or Access databases) that you currently use to track information regarding such things as a student's enrollment, education-related services, workforce information, or financial aid, please provide the following:

\*System name (if any):

\*System type (COTS, up-to-date, legacy, homegrown, or other):

Applicable student populations:

Activities tracked or managed (e.g., progress monitoring, enrollment, referral, admissions):

If known, please provide an estimate of the yearly costs for operating this system.

\*If policy allows, would it be desirable to integrate systems that do not currently exchange data? (This could include the exchange of additional information if systems are currently only partially integrated.)

Yes

No

If integration is desirable, please:

Name the systems that should be integrated

Describe the kind of information that should be shared

Are there any types of functionality or system capabilities you would like to have in the future to enhance the ability to make referrals to different agencies or assist in determining what services might be available from other workforce partners?

For any follow-up questions, will you please provide your name, phone, and email address?
