The attached document provides a summary of the performance-based incentive funds that will be disbursed to districts during the 2021-22 fiscal year. The report summarizes the total funded industry certifications and the allocation provided for each school district. Note the payment amounts for October and April in columns 3 and 4 of the table.

Districts have access to student level reports that provide information on the students and certifications that generated the incentive funds. To access the file, log into TIBCO and access the file in the PERA/Out folder. The files are available in your District PERA TIBCO folder with the following file name: DISTx or DISTxx_FUNDED_CERTS_2021.XLS where the x or xx indicates your actual district number. The file format is as follows:

The student level file will be placed in the TIBCO folder on Wednesday, November 17. The placement in this location is temporary. Your assigned district staff must retrieve this file within seven (7) business days after placement of the file. Upon receipt of this communication, please immediately take action to download this file.

If you are not familiar with the TIBCO process, please contact your local staff. Please review these student level reports to ensure that your district has correctly reported industry certifications that were eligible for funding. If your district has received funds for certifications that should not have been funded, please contact Tara Goodman at tara.goodman@fldoe.org.

Summary reports are also available to districts. The Division of Career and Adult Education will provide a report to each district with information on the funded certifications by certification code and category, upon request of the district. Please contact Audrey Kervin at audrey.kervin@fldoe.org to request a report.

If you have questions about the disbursement of these funds to your district workforce education program, please contact your district finance office.
