SUBJECT: IPDAE (Reminder) - Workshops: Register for Engaging Adult Education Through IET Centered Instruction

Register For Our Upcoming IPDAE Workshops

Dear AE Practitioners,

We're reminding you to register and attend our **upcoming workshops** titled...

Engaging Adult Education Through IET Centered Instruction

As schools, districts and colleges start implementing Integrated Education and Training (IET) Programs across the state, adult educators will need all the support in implementing these programs with fidelity to ensure students' successful completion and achievement of credentials of value. This fall regional workshop will focus on promoting understanding of instructional practices and effective instructional strategies to implement the goals of any IET Program through lesson demonstrations, hands-on activities and small group discussions. Participants will learn to implement Single Set of Learning Objectives, build lesson structures and establish classroom routines to seamlessly integrate workforce training competencies and workforce

preparation activities within a basic skills classroom. Participants will also explore readily available lessons, templates and other resources to support their IET program implementation.

We are providing scheduled dates from November through December of 2021 that will take place at multiple county locations throughout the state.

To register go to the IPDAE Event Calendar and make a selection here:
<https://www.floridaipdae.org/eventcalendar>

We look forward to your attendance.

Regards,

Team IPDAE

Institute for the Professional Development of Adult Educators

Training events are supported with federal funds as appropriated to the Florida Department of Education, Division of Career and Adult Education for the provision of state leadership professional development activities.
