### **Action Items**

#### 2023-2024 ESE Parent Survey

Each year, the FDOE surveys parents of students with an individual educational plan to determine how well districts and schools are partnering with parents and promoting parent involvement in their student's education. All states must collect these data for reporting on their State Performance Plan, as required under the IDEA. Additionally, survey results will be used to help schools and districts improve services and outcomes for students with disabilities.

We would like to spotlight and congratulate the following four districts this week by size that have, thus far, shown to have the highest response rate for the 2023-2024 ESE Parent Survey:

The survey will be open through **June 30, 2024**. For more information about the 2023-2024 ESE Parent Survey, go to the <u>FDOE ESE Parent Survey</u> web page. For questions, contact Patricia Bodiford, senior educational program director, Instructional Support Services, at Patricia.Bodiford@fldoe.org or 850-245-0475.

# Tip of the Week

## Focus on More Than Goals When Updating Individual Educational Plans (IEPs)

IEP teams must strive to review and update everything in an IEP, not just goals, each year. Everything from a student's present levels of academic achievement and functional performance to his service minutes and accommodations should be considered and revised as needed to prevent future FAPE denial claims.
