| Element Name: | Vocational Program Length | ${ }^{* *}$ Deleted ${ }^{* *}$ |
| :---: | :---: | :---: |
|  | Definition/Domain |  |

The total number of instructional hours for the program with which the vocational class is associated.
NNNN Example: 0720
Example: A vocational program meets two hours a day during each school year. The program normally involves two years of work in the eleventh and twelfth grades.

360 hours per year $\times 2$ years $=720$ hours for program length.
