**Comprehensive Management Information System
Automated Student Reporting Format**

1999-2000 Student Attendance

1. Submit this format for each PK-12 student who was in membership in any school in the district at any time during the school year or any student who withdrew between school years (including DNE's).
2. A separate format must be submitted for each school and each entry/reentry for any school of enrollment in the district. For students enrolled in a year-round school program, separate records should be submitted for each intersession. Students enrolled in separate summer terms must have two separate records reported. Item numbers 7-14 should be reported as they apply to each school for each entry for which the record is being reported.
3. TERM: To indicate the student entered/reentered during the regular school year, use code 3 (annual). To indicate summer school or intersession (for year-round school) use code S (combined summer schedule). Use code Y to indicate a record being submitted with a withdrawal code for a student who was not enrolled this year.
4. RECORDS WITH TERM CODE = Y: For those records being reported with a Term code of Y, send the last School Number, Current Enrollment for the student in the district. Leave the following fields blank: Entry (Re-Entry) Code, PK-12; Days Present, Annual; Days Absent, Annual; Days Present, Summer Terms; Days Absent, Summer Terms; and Entry (Re-Entry) Date. In addition, use the date of the first day of the district's regular school year for Withdrawal Date.
5. Do not send a record for any student whose School Number, Current Enrollment is N999 (i.e., private school students being served in Exceptional Student Education only).
6. KEY FIELDS: The key fields for this format are item numbers 1, 2, 3, 4, 5 and 16. If a key field needs to be changed, the record must be deleted and re-submitted as an add.
