Element Name:	**Year-Round/Extended School Year FTE Indicator**

Definition/Domain

A one-character indicator used to identify whether the record is for a Year-Round School program, an Extended School Year program or neither of these.

CODE	DEFINITION
A	Intersession: The reported record is for a student participating in a year-round school session for days beyond the 180 day school year. Code **A** should only be used with the TERM codes of T, U, V, W and X.
B	Extended School Year: the reported record is for a student participating in an Extended School Year program (days in addition to the regular 180-day school year).
Z	Not applicable.

NOTE: "Year-round school" means a school where each student received at least 180 days of instruction. However, rather than attending school for eight or nine consecutive months with consecutive months for vacation or beyond 180 day school year instructional periods, students are offered educational opportunities over an 11 month or 12 month period, with shorter, staggered vacation periods or beyond 180 day school year instructional periods throughout the year.

"Extended school year" is defined as a school program which extends the 180 day school year for <u>any or all</u> schools in a district, in accordance with Section 1001.42(4)(f), F.S.

For the Student Transportation format only codes A and Z are applicable.
