Courses in the Social Studies section of the Course Code Directory which meet specific graduation requirements will be coded to match the graduation requirement which they address: EC - Economics, WH - World History, AH - American History, and AG - American Government. Courses in Foreign Languages may be coded as Electives (EL) or as Foreign Language Electives (FL) depending on district policy. If the student is completing course work for college admissions or the Florida Academic Scholar Program, Foreign Language courses should be coded FL.

Beginning with the 2011-2012 year, it is mandatory to use the codes A1, BI, or GE for the incoming 9th grade cohort for Mathematics and Science courses listed as Algebra 1 (or equivalent), Biology (or equivalent), or Geometry (or equivalent) in the Course Code Directory.

Computer Education (CE) may be substituted for an elective credit when a district's local policy requires a student to complete a computer education course in order to graduate.

Students entering ninth grade on or after the 2007-08 school year may use Performing Fine Arts (PF) or Practical Arts with Artistic Content (PA) to meet graduation requirements as defined in section 1003.428(2)(a)5, Florida Statutes as follows: "One credit in fine or performing arts, speech and debate, or a practical arts course that incorporates artistic content and techniques of creativity, interpretation, and imagination." A listing of courses that meet the PA definition can be found in the Course Code Directory.

The Arts graduation requirement may be fulfilled by substituting one of the basic Computer Education or Journalism courses on a curriculum equivalency basis. If a substitution is made, a 1 or \$ should be shown in the Course Flag field. This is in effect for students entering grade nine through the 2008-09 school year.

Half of the credit earned in a course coded SV satisfies the graduation requirement for Science and half satisfies the graduation requirement in the Career and Technical Education area.

Life Management Skills (LM) graduation requirement was effective for students entering grade nine prior to the 2007-08 school year.

Note: This element is required beginning with the 2009-10 school year for Local and FASTER reporting by districts authorized to offer additional credit courses. This element must be used in connection with course(s) using a "+" course flag.
