

2022-2023 CAPE Industry Certification Funding List Detailed

The 2022-23 CAPE Industry Certification Funding List contains certifications and certificates with secondary and postsecondary funding designations.

DOE Code	Certification/Credential Title	Issuing Organization/Provider	2022-23 K-12 FEFP Funding Eligible	2022 - 2023 Postsecondary Funding Eligible	Certification/Credential Description	Written Exam Requirements	Other Requirements (Age, program completion, etc.)	Work Experience	Additional Information	Agency Website
AAMIN001	Certified Biomedical Equipment Technician	Association for the Advancement of Medical Instrumentation (AAMI)	No	Yes	The CBET certification measures users' knowledge of electromechanical devices, computers, networks and software used in the delivery of healthcare. Candidates pursuing certification in this category may work for medical device manufacturers, hospitals, clinics, home healthcare providers, medical device repair companies, regulatory bodies/agencies, and software manufacturers such as EMR or device integration providers.	1 exam required, 165 multiple choice questions, 3 hours. Minimum score required is 116/165.	None	None	None	https://www.aami.org/certification
ABAYC001	Composite Boat Builder Certification	American Boat & Yacht Council	No	Yes	The Composite Boat Builder Certification measures users' knowledge of composite construction techniques, production and advanced manufacturing processes, structural details and hardware installation, quality assurance and safety and environmental compliance.	1 exam required, 200 multiple choice questions; 3 hours	None	None	Individuals may reference all study materials including the supplied study guide (which contains all pertinent ABYC standards integrated into the text), class notes and additional ABYC standards in either printed or computer-based form during the certification exam.	https://www.abycinc.org
ABAYC003	Marine Electrical Certification	American Boat & Yacht Council	Yes	Yes	The Marine Electrical Certification measures users' knowledge of marine electrical design, service or installation. Marine electricians may specifically work on electrical fundamentals, AC and DC systems and generators, maintenance and installing of battery systems, and safety equipment.	1 exam required, 200 multiple choice questions; 3 hours	None	None	Individuals may reference all study materials including the supplied study guide (which contains all pertinent ABYC standards integrated into the text), class notes and additional ABYC standards in either printed or computer-based form during the certification exam.	https://www.abycinc.org
ABAYC006	A/C Refrigeration Certification	American Boat & Yacht Council	No	Yes	The A/C Refrigeration Certification measures users' knowledge and skills in air conditioning and refrigeration systems in the boating and yachting industry.	1 exam required, 200 multiple choice questions; 3 hours	None	None	Individuals may reference all study materials including the supplied study guide (which contains all pertinent ABYC standards integrated into the text), class notes and additional ABYC standards in either printed or computer-based form during the certification exam.	https://www.abycinc.org
ABCOPO01	Certified Prosthetic-Orthotic Technician (CPTO)	American Board for Certification in Orthotics, Prosthetics & Pedorthics	No	Yes	The Certified Prosthetic-Orthotic Technician (CPTO) certification measures users' knowledge and skills in providing technical support such as fabricates, repairs and maintains orthoses and/or prostheses; and is also proficient in current fabricating techniques, familiar with material properties and skilled in the use of appropriate equipment.	1 exam required; 125 multiple choice questions; 3 hours	Pathway 1 (Education Only): Successfully complete a Commission on Accreditation of Allied Health Education Programs (CAAHEP)/National Commission on Orthotic and Prosthetic Education (NCOPE) approved technician education program OR Pathway 2 (Education and Experience) Education: High school diploma, GED or a college degree Experience: Two years of technical experience in the discipline(s) of application under the supervision of an ABC Certified Practitioner or an ABC Certified Technician in that discipline(s).	None	None	https://www.abcop.org
ACFED006	Certified Fundamentals Cook	American Culinary Federation	Yes	No	The Certified Fundamentals Cook certification tests competencies in recipes, knife skills, equipment, sanitation and safety, food preparation, various food types, culinary nutrition, math, employability skills and dining service.	1 written exam required, minimum passing score of 70%. 1 performance exam required, minimum passing score of 75%.	One of the following is required: 1. High school diploma or GED 2. 75 Continuing Education Hours 3. Graduation from an ACEF Secondary Program	None	Certification requires written and performance certification assessments.	https://www.acfchefs.org/ACF/Certify
ACOPC004	Certified Outpatient Coder (COC)	American Academy of Professional Coders	No	Yes	The COC certification measures users' knowledge and skills in assigning accurate medical codes for diagnoses, procedures and services performed in the outpatient setting (emergency department visits, outpatient clinic visits, same day surgeries, diagnostic testing (radiology and laboratory), and outpatient therapies (physical therapy, occupational therapy, speech therapy, and chemotherapy).	1 exam required; 150 multiple choice questions; 5 hours 4 minutes	None	None	An associates degree and maintaining a current membership with the AAPC is recommended.	https://www.aapc.com
ACOPC005	Certified Professional Coder - Payer (CPC-P)	American Academy of Professional Coders	No	Yes	The CPC-P certification demonstrates a coder's aptitude, proficiency and knowledge of coding guidelines and reimbursement methodologies for all types of services from the payer's perspective. Claims reviewers, utilization management, auditors, benefits administrators, billing service, provider relations, contracting and customer service staff can use a CPC-P credential.	1 exam required; 150 multiple choice questions; 5 hours 4 minutes	None	None	An associates degree and maintaining a current membership with the AAPC is recommended.	https://www.aapc.com
ACOPC006	Certified Professional Coder (CPC)	American Academy of Professional Coders	No	Yes	The CPC certification measures users' knowledge and skills in Health and Information documentation; ICD-9-CM diagnosis coding, CPT and HCPCS II coding; reimbursement; data quality and analysis; information and communication technologies; and compliance and regulatory issues.	1 exam required; 150 multiple choice questions; 5 hours 4 minutes	None	None	An associates degree and maintaining a current membership with the AAPC is recommended.	https://www.aapc.com
ACOPC007	Certified Professional Biller (CPB)	American Academy of Professional Coders	No	Yes	The CPB certification measures users' knowledge and skills in government regulations and private payer policies, follow-up on claim statuses, resolution of claim denials, appeals submission, posting of payments and adjustments, and collections management.	1 exam required; 150 multiple choice questions; 5 hours 4 minutes	None	None	An associates degree and maintaining a current membership with the AAPC is recommended.	https://www.aapc.com
ACSM002	Certified Personal Trainer	American College of Sports Medicine	Yes	Yes	The ACSM Certified Personal Trainer certification measures knowledge and skills in demonstrating safe and effective methods of exercise by applying the fundamental principles of exercise science and in writing appropriate exercise recommendations.	1 exam required	Individuals must have a high school diploma or equivalent; Must be 18 years of age; have a current Adult CPR certification that has a practical skills examination component (such as the American Heart Association or the American Red Cross)	None	None	https://www.acsm.org
ADESK002	Autodesk Certified User - AutoCAD	Autodesk	Yes	No	The Autodesk Certified User - AutoCAD certification measures users' knowledge of the AutoCAD software product. AutoCAD allows an individual to design, visualize, and document their ideas.	1 exam required; 30 questions; 50 minutes	None	None	None	https://certipart.pearsonvue.com/Certifications/Autodesk/ACP/Certify/Autocad
ADESK008	Autodesk Certified User - Revit Architecture	Autodesk	Yes	No	The Autodesk Certified User Revit Architecture certification measures professional users' knowledge of the tools, features, and common tasks of Revit Architecture. This modeling software allows users to focus on designing buildings, work in any view, iterate throughout the different design phases, and make changes to major compositional elements.	1 exam required; 30 questions; 50 minutes	None	None	None	https://certipart.pearsonvue.com/Certifications/Autodesk/ACP/Certify/Revit
ADESK011	Autodesk Certified User - Inventor	Autodesk	Yes	No	The Autodesk Certified User - Inventor certification measures users' knowledge and technical skills for the Inventor product, which provides a comprehensive set of design tools for producing, validating, and documenting complete digital prototypes.	1 exam required; 30 questions; 50 minutes	None	None	None	https://certipart.pearsonvue.com/Certifications/Autodesk/ACP/Certify/Inventor
ADESK021	Autodesk Certified Professional - AutoCAD	Autodesk	Yes	Yes	The Autodesk Certified Professional - AutoCAD certification measures professional users' knowledge of the tools, features, and common tasks of the AutoCAD product, which is a 2D and 3D CAD application that allows users to design, visualize, and document ideas.	1 exam required; 120-minute performance based test with 35 questions.	None	None	It is recommended that an individual complete an Autodesk Official Training Courseware (AOTC) or equivalent plus 400 hours of hands-on application before sitting for the exam.	https://www.autodesk.com
ADESK023	Autodesk Certified Professional - AutoCAD Civil 3D	Autodesk	Yes	Yes	The Autodesk Certified Professional - AutoCAD Civil 3D certification measures professional users' knowledge of the AutoCAD Civil 3D product, which provides project teams with a comprehensive surveying, design, analysis and documentation solution to deliver land development, transportation, and environmental projects.	1 exam required; 120-minute performance based test with 35 questions.	None	None	None	https://www.autodesk.com
ADESK024	Autodesk Certified Professional - Inventor	Autodesk	Yes	Yes	The Autodesk Certified Professional - Inventor certification measures professional users' provides a comprehensive set of 3D modeling and mechanical design tools for producing, validating, and documenting complete digital prototypes.	1 exam required; 120-minute performance based test with 35 questions.	None	None	It is recommended that an individual complete an Autodesk Official Training Courseware (AOTC) or equivalent plus 400 hours of hands-on application before sitting for the exam.	https://www.autodesk.com
ADESK025	Autodesk Certified Professional - Revit Architecture	Autodesk	Yes	Yes	The Autodesk Certified Professional - Revit Architecture certification measures professional users' knowledge of the Revit Architecture product, which provides building information modeling software and allows architects to focus on designing buildings, work in any view, iterate throughout the different design phases, and make changes to major compositional elements.	1 exam required; 120-minute performance based test with 35 questions.	None	None	It is recommended that an individual complete an Autodesk Official Training Courseware (AOTC) or equivalent plus 400 hours of hands-on application before sitting for the exam.	https://www.autodesk.com
ADESK029	Autodesk Certified Professional - 3ds Max	Autodesk	Yes	No	The Autodesk 3DS Max certification measures professional users' knowledge of the 3DS Max product, which is a 3D computer graphics program for making 3D animations, models, games and images.	1 exam required; 120-minute performance based test with 35 questions.	None	None	None	https://www.autodesk.com
ADESK030	Autodesk Certified User - Maya	Autodesk	Yes	No	The Autodesk Maya Certified User exam tests competency in 3D modeling and animation. The exam covers the basic use of the Maya software as well as basic computer modeling and animation practices. An individual earning this certification has approximately 150 hours of instruction and hands-on experience with the product, has proven competency at an industry entry-level and is ready to enter into the job market.	1 exam required; 30 questions; 75 minutes	None	None	None	https://www.autodesk.com

ADESK031	Autodesk Certified User - 3ds Max	Autodesk	Yes	No	The Autodesk Certified User - 3ds Max certification measures competencies in navigating the user interface and managing scenes, modeling, rigging, working with cameras and lighting, handling materials and animating and rendering.	1 exam required; 30 questions; 75 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/Autodesk/ACP/Certify/3DS-Max
ADESK032	Autodesk Certified User - Fusion 360	Autodesk	Yes	No	Autodesk Fusion 360 integrates design, engineering and manufacturing into a single platform. The Autodesk Fusion 360 Certified User exam tests competencies in sketching, drawing, sculpting, direct modeling, assembly modeling, advanced modeling and part modeling.	1 exam required; 30 questions; 50 minutes	None	None	None	https://academy.autodesk.com/about-us/certification
ADESK033	Autodesk Certified Associate in CAD for Mechanical Design	Autodesk	Yes	Yes	The Autodesk Certified Associate in CAD for Mechanical Design certification tests competencies in mechanical design skills for jobs as CAD technicians and mechanical designers in a competitive environment. This exam covers common skills that can be applied across a wide range of engineering and design industries, including aeronautical, aerospace, defense, automotive, mechanical, industrial design, manufacturing, medical and energy. Skills covered include drawing and organizing objects, project setup, 3D component modeling, 3D assembly modeling and management and technical detailed drawing creation.	1 exam required; 120 minutes; 45-60 questions	None	None	None	https://www.autodesk.com
ADESK034	Autodesk Certified Associate in CAM 2.5 Axis Milling for Machinists	Autodesk	Yes	Yes	The Autodesk Certified Associate in CAM for 2.5 Axis Milling certification tests competencies in computer-aided manufacturing (CAM) skills for 2.5 axis milling and prepares candidates for jobs as computer numerical control (CNC) programmer machinists in a competitive environment. This exam covers common skills that can be applied across a wide range of industries, including aeronautical, aerospace, defense, automotive, general manufacturing and medical. Skills covered include drawing and organizing objects; planning manufacturing processes; CAD modeling and model preparation, creating and simulating CNC milling toolpaths and creating documents for setting up and running a CNC mill.	1 exam required; 120 minutes; 45-60 questions	None	None	None	https://www.autodesk.com
ADOBE023	Adobe Certified Professional in Video Design (Requires Premiere Pro and After Effects or Photoshop)	Adobe Systems	Yes	No	The Adobe Certified Associate (ACA) Video Design Specialist certification tests competencies in working in the video industry; project setup and interface; organizing video projects; creating and modifying visual elements; and publishing digital media.	2 exams required: Premiere Pro AND After Effects OR Photoshop	None	None	None	https://certport.pearsonvue.com/Certifications/Adobe/ACA/Adobe-Certified-Professional
ADOBE024	Adobe Certified Professional in Visual Design (Requires Photoshop and Illustrator or InDesign)	Adobe Systems	Yes	No	The Adobe Certified Associate (ACA) Visual Design Specialist certification measures knowledge and skills to plan, design, build, and maintain effective communications by using different forms of digital media. Photoshop enables users to animate video frames, paint and clone over multiple video frames, and import and export video files in a wide range of formats, engaging user experiences that create more accurate composites.	2 exams required: Photoshop AND Illustrator OR InDesign	None	None	None	https://certport.pearsonvue.com/Certifications/Adobe/ACA/Adobe-Certified-Professional
ADOBE025	Adobe Certified Professional in Web Design (Requires Dreamweaver and Animate or Photoshop)	Adobe Systems	Yes	No	Adobe Certified Associate (ACA) Web Design Specialist certification tests competencies in the use of the Dreamweaver web development tool which enables users to efficiently design, develop and maintain standards-based websites and applications.	2 exams required: Dreamweaver AND Animate OR Photoshop	None	None	None	https://certport.pearsonvue.com/Certifications/Adobe/ACA/Adobe-Certified-Professional
AFHD001	Certified Healthcare Documentation Specialist (CHDS)	Association for Healthcare Documentation Integrity (AHD)	No	Yes	The CHDS certification measures users' knowledge and skills needed to practice medical transcription effectively in a multispecialty acute-care facility, where variable specialties, document types, and difficulty of dictation necessitate an advanced level of clinical knowledge and interpretive ability.	1 exam required	None	None	None	https://www.ahdonline.org
AFHD002	Registered Healthcare Documentation Specialist (RHDS)	Association for Healthcare Documentation Integrity (AHD)	No	Yes	The Registered Healthcare Documentation Specialist (RHDS) certification measures users' knowledge and skills in medical terminology; anatomy; physiology; disease processes; diagnostics – laboratory medicine, imaging, classification systems; and treatment – pharmacology, surgery.	1 exam required; 130 multiple choice questions and fill-in-the-blank transcription against audio.	None	None	None	https://www.ahdonline.org
AHCSM001	Certified Registered Central Service Technician	International Association of Healthcare Central Service Material Management	No	Yes	The Certified Registered Central Service Technician (CRCT) certification program is designed to recognize entry level and existing technicians who have demonstrated the experience, knowledge and skills necessary to provide competent services as a central service technician. CRCTs are integral members of the healthcare team who are responsible for decontaminating, inspecting, assembling, disassembling, packaging and sterilizing reusable surgical instruments or devices in a healthcare facility that are essential for patient safety.	1 computer based exam required, 150 multiple choice questions, 3 hours to complete.	None	None	CRCT certification requires the candidate to pass the certification exam and complete 400 hours of hands-on experience in a Central Service department. These hours can be completed before testing or within 6 months of passing the exam. IAHCSSM highly recommends completing, or at least beginning, hours of experience before testing.	https://www.ahdonline.org
AHIMA001	Certified Coding Associate (CCA)	American Health Information Management Association	No	Yes	The CCA certification measures users' knowledge and skills in health records and data content; health information requirements and standards; clinical classification systems; reimbursement methodologies; information and communication technologies; and privacy, confidentiality, legal and ethical issues.	1 exam required; 100 multiple choice, 2 hours	None	None	Recommended: 6 months coding experience directly applying codes; OR Completion of an AHIMA approved coding program (PCAP Program); OR Completion of other coding training program to include anatomy & physiology, medical terminology, Basic ICD diagnostic/procedural and Basic CPT coding.	https://www.ahdonline.org
AHIMA002	Certified Coding Specialist (CCS)	American Health Information Management Association	No	Yes	The Certified Coding Specialists (CCS) certification measures users' knowledge and skills in classifying medical data from patient records, usually in a hospital setting. CCS review patients' records and assign numeric codes for each diagnosis and procedure. They possess expertise in the ICD-9-CM and CPT coding systems as well as knowledge of medical terminology, disease processes, and pharmacology.	1 exam required (2 parts): Part 1 - 60 multiple choice questions; Part 2 (Medical Record Coding) - requires coding of 13 medical records containing seven outpatient records and six inpatient records	Completed coursework in anatomy and physiology, pathophysiology, and pharmacology, or demonstrated proficiency in these areas.	At least 3 years of on-the-job experience in hospital-based inpatient coding and Ambulatory/Outpatient Car coding for multiple case types.	None	https://www.ahdonline.org
AHIMA003	Certified Coding Specialist - Physician-based (CCS-P)	American Health Information Management Association	No	Yes	The Certified Coding Specialist - Physician-based (CCS-P) certification measures users' knowledge and skills in physician-based settings and in-depth knowledge of the CPT coding system and familiarity with the ICD-9-CM and HCPCS Level II coding systems.	1 exam required (2 parts): Part 1 - 60 multiple choice questions; Part 2 (Medical Record Coding) - requires performance of diagnostic (ICD-9) and procedural (CPT and HCPCS Level II) coding for physician services	Completed coursework in anatomy and physiology, pathophysiology, and pharmacology, or demonstrated proficiency in these areas.	At least three years of on-the-job experience in coding for physician services in multiple settings utilizing codes in the E/M, surgery, medicine and/or anesthesia, radiology and laboratory chapters of CPT and HCPCS II.	None	https://www.ahdonline.org
AHIMA007	Registered Health Information Administrator (RHIA)	American Health Information Management Association	No	Yes	The RHIA certification measures users' knowledge and skills in managing patient health information and medical records, administering computer information systems, collecting and analyzing patient data, and using classification systems and medical terminologies; possessing comprehensive knowledge of medical, administrative, ethical and legal requirements and standards related to healthcare delivery and the privacy of protected patient information; managing people and operational units, participates in administrative committees, and prepares budgets; and interacting with all levels of an organization - clinical, financial, administrative, and information systems - that employ patient data in decision-making and everyday operations.	1 exam required; 180 four-option, multiple choice questions (160 scored questions and 20 pretest questions); 4 hours	None	None	None	https://www.ahdonline.org
AHIMA009	Registered Health Information Technician (RHIT)	American Health Information Management Association	No	Yes	The RHITs certification measures users' knowledge and skills in ensuring the quality of medical records by verifying their completeness, accuracy, and proper entry into computer systems; and using computer applications to assemble and analyze patient data for the purpose of improving patient care or controlling costs.	1 exam required; 150 four-option, multiple choice questions (130 scored questions and 20 pretest questions); 3.5 hours	None	None	None	https://www.ahdonline.org
AHIMA010	Certified in Health Care Privacy & Security (CHPS)	American Health Information Management Association	No	Yes	The CHPS certification measures users' knowledge and skills in management and administration; regulatory requirements, investigation and compliance; information technology; physical safeguards; and health information management.	1 exam required; 150 four-option, multiple choice questions (125 scored questions and 25 pretest questions); 3.5 hours	None	None	None	https://www.ahdonline.org
AHIMA011	Certified Healthcare Technology Specialist - Clinician/Fractionator Consultant (CHTS-CP)	American Health Information Management Association	No	Yes	The CHTS-CP certification measures users' knowledge and skills in solutions for health IT implementation problems in clinical and public health settings; workflow and data collection issues from a clinical perspective, including quality measurement and improvement; selection of vendors and software; and users' needs, acting as a liaison between users, IT staff, and vendors.	1 exam required; 125 multiple choice questions; 3 hours	None	None	None	https://www.ahdonline.org

AHIMA012	Certified Healthcare Technology Specialist - Implementation Manager (CHTS-IM)	American Health Information Management Association	No	Yes	The CHTS-IM certification measures users' knowledge and skills in project management and change management principles to create implementation project plans to achieve the project goals; interaction with office/hospital personnel to ensure open communication with the support team; and managing vendor relations, providing feedback to health IT vendors for product improvement.	1 exam required; 125 multiple choice questions; 3 hours	None	None	None	https://www.ahionline.org
AHIMA013	Certified Healthcare Technology Specialist - Implementation Support Specialist (CHTS-IS)	American Health Information Management Association	No	Yes	The CHTS-IS certification measures users' knowledge and skills in implementation project plans, by installing hardware (as needed) and configuring software to meet practice needs; usability principles into design and implementation; testing the software against performance specifications; and interacting with the vendors as needed to rectify problems that occur during the deployment process.	1 exam required; 125 multiple choice questions; 3 hours	None	None	None	https://www.ahionline.org
AHIMA014	Certified Healthcare Technology Specialist - Practice Workflow & Information Management Redesign Specialist (CHTS-PW)	American Health Information Management Association	No	Yes	The CHTS-PW certification measures users' knowledge and skills in conducting user requirements analysis to facilitate workflow design; integrating information technology functions into workflow; documenting health information exchange needs; designing processes and information flows that accommodate quality improvement and reporting; working with provider personnel to implement revised workflows; and evaluating process workflows to validate or improve practice's systems.	1 exam required; 125 multiple choice questions; 3 hours	None	None	None	https://www.ahionline.org
AHIMA015	Certified Healthcare Technology Specialist - Technical/Software Support Staff (CHTS-TS)	American Health Information Management Association	No	Yes	The CHTS-TS certification measures users' knowledge and skills in interacting with end users to diagnose IT problems and implement solutions; documenting IT problems and evaluate the effectiveness of problem resolution; and supporting systems security and standards.	1 exam required; 125 multiple choice questions; 3 hours	None	None	None	https://www.ahionline.org
AHIMA016	Certified Healthcare Technology Specialist - Trainer (CHTS-TR)	American Health Information Management Association	No	Yes	The CHTS-TR certification measures users' knowledge and skills in using a range of health IT applications, preferably at an expert level, assessing training needs and competencies of learners; and designing lesson plans, structuring active learning experiences for users.	1 exam required; 125 multiple choice questions; 3 hours	None	None	None	https://www.ahionline.org
AHIMA017	Certified Documentation Improvement Practitioner (CDIP)	American Health Information Management Association	No	Yes	The CDIP certification measures users' knowledge and skills in clinical documentation in patient health records; health informatics and information management community, and capturing documentation necessary to fully communicate patients' health status and conditions.	1 exam required	None	An RHIA®, RHIT®, CCS®, CCS-P®, RN, MD or DO and two (2) years experience in clinical documentation improvement OR An Associate's degree or higher and three (3) years of experience in clinical documentation improvement (Individuals must also have completed coursework in Medical Terminology and Anatomy and Physiology)	None	https://www.ahionline.org
AHIMA018	Certified Health Data Analyst (CHDA)	American Health Information Management Association	No	Yes	The CHDA designation certification measures users' knowledge to acquire, manage, analyze, interpret, and transform data into accurate, consistent, and timely information. CHDA-credentialed professionals exhibit broad organizational knowledge and the ability to communicate with individuals and groups at multiple levels, both internal and external.	1 exam required	None	Associate's degree and minimum of five (5) years of healthcare data experience. •Healthcare information management credential (RHIT®) and minimum of three (3) years of healthcare data experience.	None	https://www.ahionline.org
AMAMA001	Certified Medical Assistant (CMA)	American Association of Medical Assistants	Yes	Yes	The Certified Medical Assistant (CMA) certification measures knowledge and skills in ambulatory settings (clinics and medical offices) under the supervision of physicians. CMAs are capable of doing both clinical and administrative procedures and are tested in such procedures.	1 exam required; 200 multiple choice questions	None	Individuals must be a graduate of CAAHEP or ABHES accredited medical assisting program.	None	https://www.aama-ntl.org
AMAOB001	Medical Laboratory Technician (MLT)	American Association of Bioanalysts (AAB)	No	Yes	The Medical Laboratory Technician (MLT) certification measures users' knowledge and skills in chemistry, hematology, immunology; immunohematology, microbiology or molecular diagnostics.	1 exam required	None	Individuals must complete a clinical laboratory training program approved or accredited by an organization approved by the U.S. Department of Health and Human Services (HHS) OR Earn an associate degree (or the equivalent) in a laboratory science, or medical laboratory technology, from an accredited institution	None	https://www.aab.org
AMAOB002	Medical Technologist (MT(AAB))	American Association of Bioanalysts (AAB)	No	Yes	The American Association of Bioanalysts (AAB), Medical Technologist (MT(AAB)) certification recognizes professionals with advanced experience in chemistry, hematology, immunology, immunohematology, and microbiology. Candidates must demonstrate basic knowledge in general operations, regulatory compliance, patient confidentiality, information security, and administration. Candidates must pass a written examination.	2 exams required: MT(AAB) Basic Knowledge examination and the appropriate discipline examination	None	Requires a degree or completion of at least 60 semester hours from an accredited institution. See agency website for details on eligibility requirements.	None	https://www.aab.org
AMAZN001	AWS Certified Solutions Architect - Associate	Amazon	No	Yes	The AWS Certified Solutions Architect - Associate certification measures users' knowledge and skills in designing and deploying scalable, highly available, and fault tolerant systems on AWS; lifting and shifting of an existing on-premises application to AWS; ingesting and egressing of data to and from AWS; selecting the appropriate AWS service based on data, compute, database, or security requirements; identifying appropriate use of AWS architectural best practices; and estimating AWS costs and identifying cost control mechanisms.	1 exam required; multiple choice, multiple answer questions; 80 minutes	None	Individuals must have one or more years of hands-on experience designing available, cost efficient, fault tolerant, and scalable distributed systems on AWS; In-depth knowledge of at least one high-level programming language; Ability to identify and define requirements for an AWS-based application; Experience with deploying hybrid systems with on-premises and AWS components; Capability to provide best practices for building secure and reliable applications on the AWS platform	None	https://aws.amazon.com/certification/
AMAZN002	AWS Certified Cloud Practitioner	Amazon	No	Yes	The Amazon Web Services (AWS) Certified Cloud Practitioner enables individuals with an overall understanding of the AWS Cloud to validate their knowledge with an industry-recognized credential. The exam covers the following domains: cloud concepts, security, technology, and billing and pricing.	1 exam required; 90 minutes; multiple choice and multiple response; passing score of 65%.	None	None	None	https://aws.amazon.com/certification/
AMAZN003	AWS Certified Developer - Associate	Amazon	No	Yes	The AWS Certified Developer - Associate examination is intended for individuals who perform a development role and have one or more years of hands-on experience developing and maintaining an AWS-based application.	1 exam required; multiple choice, multiple answer; 130 min; minimum passing score of 720 (scale of 100-1,000)	None	None	None	https://aws.amazon.com/certification/
AMAZN004	AWS Certified Data Analytics - Specialty	Amazon	No	Yes	The AWS Certified Data Analytics - Specialty (DAS-C01) certification is intended for individuals who perform in a data analytics-focused role. This exam validates an examinee's comprehensive understanding of using AWS services to design, build, secure, and maintain analytics solutions that provide insight from data. It validates an examinee's ability to: 1) Define AWS data analytics services and understand how they integrate with each other; and, 2) Explain how AWS data analytics services fit in the data lifecycle of collection, storage, processing, and visualization.	1 exam required (DAS-C01); 65 Multiple choice / multiple response questions; minimum passing score of 750 out of 1,000; 180 minutes	None	None	Intended for individuals with 5 years of experience with common data analytics technologies and 2 years of hands-on experience working on AWS.	https://aws.amazon.com/certification/
AMAZN005	AWS Certified Database - Specialty	Amazon	No	Yes	The AWS Certified Database - Specialty certification is intended for individuals who perform in a database-focused role. This exam validates an examinee's comprehensive understanding of databases, including the concepts of design, migration, deployment, access, maintenance, automation, monitoring, security, and troubleshooting. It validates an examinee's ability to: 1) Understand and differentiate the key features of AWS database services. 2) Analyze needs and requirements to design and recommend appropriate database solutions using AWS services.	1 exam required (DBS-C01); 65 multiple choice / multiple response questions; minimum passing score of 750 out of 1,000; 180 minutes	None	None	Intended for individuals with 5 years of experience with common data analytics technologies and 2 years of hands-on experience working on AWS.	https://aws.amazon.com/certification/
AMAZN006	AWS Certified Machine Learning - Specialty	Amazon	No	Yes	The AWS Certified Machine Learning - Specialty certification is intended for individuals who perform a development or data science role. This exam validates the candidate's ability to build, train, tune and deploy machine learning (ML) models using the AWS Cloud, and tests the ability to design, implement, deploy and maintain machine learning solutions for given business problems. The candidate is tested on the ability to: 1) Select and justify the appropriate ML approach for a given business problem; 2) Identify appropriate AWS services to implement ML solutions; and, 3) Design and implement scalable, cost-optimized, reliable and secure ML solutions.	1 exam required (MLS-C01); 65 multiple choice / multiple response questions; minimum passing score of 750 out of 1,000; 180 minutes	None	None	Intended for individuals with 1-2 years of experience developing, architecting, or running ML/deep learning workloads on the AWS Cloud.	https://aws.amazon.com/certification/

AMAZN007	AWS Certified Security - Specialty	Amazon	No	Yes	The AWS Certified Security - Specialty certification is intended for individuals who perform a security role with at least two years of hands-on experience securing AWS workloads. Competencies tested include specialized data classifications and AWS data protection mechanisms; data encryption methods and AWS mechanisms to implement them; secure Internet protocols and AWS mechanisms to implement them; AWS security services and features of services to provide a secure production environment; the ability to make tradeoff decisions with regard to cost, security, and deployment complexity given a set of application requirements; and, security operations and risk.	1 exam required; 65 multiple choice / multiple response questions; minimum passing score of 750 out of 1,000; 170 minutes	None	None	Intended for individuals who perform a security role with at least two years of hands-on experience securing AWS workloads.	https://aws.amazon.com/certification/	
AMAZN008	AWS Certified SysOps Administrator-Associate	Amazon	No	Yes	The AWS Certified SysOps Administrator - Associate certification is intended for systems administrators in a systems operations role with at least one year of experience in deployment, management, and operations on AWS. Abilities validated include deploying, managing and operating scalable, highly available and fault-tolerant systems on AWS; implementing and controlling the flow of data to and from AWS; selecting the appropriate AWS service based on compute, data or security requirements; identifying appropriate use of AWS operational best practices; estimating AWS usage costs and identify operational cost control mechanisms; and, migrating on-premises workloads to AWS.	1 exam required; 65 multiple choice / multiple response questions; minimum passing score of 720 out of 1,000; 130 minutes	None	None	The AWS Certified SysOps Administrator – Associate examination is intended for systems administrators in a systems operations role with at least one year of experience in deployment, management, and operations on AWS.	https://aws.amazon.com/certification/	
AMDDA002	Certified Apprentice Drafter - Architectural	American Design Drafting Association	Yes	No	The Certified Apprentice Drafter - Architectural certification measures knowledge and skills in professional drafting practices in the workplace; drafting equipment; architectural sketching; lines; architectural products; site layout; drawing identification; floor plan layout (including HVAC, plumbing, and electrical plans); roof plans; framing; foundation plans; building codes and governing bodies; schedules, doors, windows and finishes; estimations, specifications and calculations, and definitions and building materials.	1 exam required; 120 minutes; 400 questions; passing score of 75% or greater.	None	None	One year On-the-Job Training or 400 – 600 Contact Hours of Practical Discipline Specific Education is recommended prior to taking the Apprentice Drafter "AD" certification exam.	https://www.adda.org	
AMDDA003	Certified Drafter - Architectural	American Design Drafting Association	Yes	Yes	The Certified Drafter - Architectural certification measures knowledge and skills in abbreviations, terms and identification; drafting processes: communication; details; notations; site drawings; and topography; floor plans and layouts; exterior views; elevations; building materials; roofs and roof plans; building codes and ADA codes; general building systems; stairs and steps; electrical; HVAC; schedules; plumbing; geometry, lines and math; and foundations.	1 exam required; 120 minutes; 410 questions; passing score of 75% or greater.	None	None	One year On-the-Job Training or 400 – 600 Contact Hours of Practical Discipline Specific Education is recommended prior to taking the Apprentice Drafter "AD" certification exam.	https://www.adda.org	
AMDDA004	Certified Drafter - Mechanical	American Design Drafting Association	Yes	Yes	The Certified Drafter - Mechanical certification measures knowledge and skills in general terminology and identification; equipment, techniques, and drawing rules and principles; dimensioning and layouts; descriptive geometry; multi view drawing; identification and terminology; sectional views; identification and terminology; pictorials; identification and terminology; auxiliary views; identification and terminology; revolutions; usage and applications; interferences; usage and applications; geometric dimensioning & tolerancing; working drawings; identification and numbering; threads, fasteners, connections and welding; drafting math and geometry; and drawing management.	1 exam required; 180 minutes; 400 questions; passing score of 75% or greater.	None	None	Two years On-the-Job Training or 800 – 1200 Contact Hours of Practical Discipline Specific Education is recommended prior to taking the Certified Drafter "CD" certification exam.	https://www.adda.org	
AMDDA005	Certified Apprentice Drafter - Mechanical	American Design Drafting Association	Yes	No	The Certified Apprentice Drafter - Mechanical certification measures knowledge and skills in abbreviations, terms and identification; drafting equipment, media and reproduction; shapes, lettering and geometric symbology; dimensioning and notations; orthographic projections; geometric construction and descriptive geometry; multi-view drawing; sectional views; auxiliary views; pictorials; basic welding; basic tolerancing; basic math and geometry and drafting math; drawing implementation, identification, numbering and drawing management; and professional drafting practices in the workplace.	1 exam required; 180 minutes; 395 questions; passing score of 75% or greater.	None	None	Two years On-the-Job Training or 800 – 1200 Contact Hours of Practical Discipline Specific Education is recommended prior to taking the Certified Drafter "CD" certification exam.	https://www.adda.org	
AMEDT002	Medical Laboratory Technician	American Medical Technologists (AMT)	No	Yes	The Medical Laboratory Technician certification measures users' knowledge to interpret graphic illustrations, interpret information presented in case studies, analyze situations, and solve problems. The examination covers: general laboratory; chemistry; hematology; immunology/immunohematology; microbiology; and urinalysis.	1 exam required; 3 hours	None	None	Individuals must graduate from an accredited college or university with an associate's degree in medical lab technology or equivalent; OR Complete at least two years (60 semester hours) of courses in any accredited college, including 25 semester hours in clinical laboratory science disciplines AND six months of approved lab experience.	https://www.amt1.com	
AMEDT004	Registered Medical Assistant (RMA)	American Medical Technologists (AMT)	Yes	Yes	The Registered Medical Assistant certification exam tests knowledge of anatomy and physiology; administrative medical assisting; clinical medical assisting; and clinical patient interaction.	1 exam required	None	None	Applicants must be a graduate of, or scheduled to graduate from, a medical assistant program that holds programmatic accreditation by the Accrediting Bureau of Health Education Schools (ABHES) or the Commission on Accreditation of Allied Health Education Programs (CAAHEP); a medical assistant program in a post-secondary school or college that has institutional accreditation by a Regional Accrediting Commission or by a national accrediting organization approved by the U.S. Department of Education, which program includes a minimum of 720 clock-hours (or equivalent) of training in Medical Assisting skills (including a clinical externship).	https://www.amt1.com	
AMEDT005	Registered Phlebotomy Technician (RPT)	American Medical Technologists (AMT)	Yes	No	The Registered Phlebotomy Technician (RPT) certification measures knowledge and skills in the collection of blood samples from patients by venipuncture and microtechniques. This certification assures quality and patient safety mandates, strict professional behavior and standards of practice for all Phlebotomists.	1 exam required; 200 questions	None	None	Successful completion of a phlebotomy training program which includes at least 120 hours of didactic instruction and 120 hours of clinical practicum.	Completed at least 1,040 hours of work experience as a phlebotomy technician within the past three (3) years; this is to include venipunctures, skin punctures, specimen processing, communication skills, and clerical duties.	https://www.americanmedtech.org
AMMSA001	Food Safety and Science Certification	American Meat Science Association	Yes	No	The Food Safety and Science Certification exam tests competencies in food chemistry principles; food handling, packaging and storage procedures; food safety and sanitation methods; and hazard analysis critical control point (HACCP) systems.	1 exam required; 100 questions	None	None	None	https://www.icvonline.com/industry-certifications/amsa-food-safety-science	
AMOPT001	Certified Paraoptometric Assistant (CPOA)	American Optometric Association	No	Yes	The CPOA™ certification measures users' knowledge and skills in taking detailed patient histories; measuring visual acuity; measuring the curvature of the cornea (Keratometry); glaucoma screening; blood pressure testing; and measuring the distance between the pupils of the eye.	1 exam required; 200 multiple choice questions	None	None	None	https://www.aoa.org	
AMRRT002	Registered Technologist (Radiography)	American Registry of Radiologic Technologists (AART)	No	Yes	The Registered Technologist (Radiography) certification measures knowledge and skills in radiation protection; equipment operation and quality control; image acquisition and evaluation; imaging procedures; and patient care and education.	1 exam required; 200 questions; 3.5 hours	None	None	Within the past five years, individuals must have successfully completed an educational program that is accredited by a mechanism acceptable to the ARRT. All individuals for primary pathway certification must have earned an academic degree before becoming certified. As part of their education, individuals must also demonstrate competency in didactic coursework and an ARRT-specified list of clinical procedures by completing competency requirements established for the discipline in which they are seeking certification.	https://www.art.org	
AMRRT003	Radiologic Technologist (Sonography)	American Registry of Radiologic Technologists (AART)	No	Yes	The Radiologic Technologist (Sonography) certification measures knowledge and skills in patient care; physical principles of ultrasound; abdominal procedures; obstetrical and gynecological procedures; and superficial structures and other sonographic procedures.	1 exam required; 360 questions; 6.5 hours	None	None	Within the past five years, individuals must have successfully completed an educational program that is accredited by a mechanism acceptable to the ARRT. All individuals for primary pathway certification must have earned an academic degree before becoming certified. As part of their education, individuals must also demonstrate competency in didactic coursework and an ARRT-specified list of clinical procedures by completing competency requirements established for the discipline in which they are seeking certification.	https://www.art.org	

AMRRT005	Registered Technologist - Quality Management (R.T.)	American Registry of Radiologic Technologists (AART)	No	Yes	The Registered Technologist - Quality Management (R.T.) certification measures knowledge and skills in equipment quality control, quality improvement management and administration; and laws, regulations, standards and guidelines.	1 exam required; 165 questions; 3.5 hours	Within the past five years, individuals must have successfully completed an educational program that is accredited by a mechanism acceptable to the ARRT. All individuals for primary pathway certification must have earned an academic degree before becoming certified. As part of their education, individuals must also demonstrate competency in didactic coursework and an ARRT-specified list of clinical procedures by completing competency requirements established for the discipline in which they are seeking certification.	None	None	https://www.art.org
AMRRT006	Registered Technologist (Nuclear Medicine)	American Registry of Radiologic Technologists (AART)	No	Yes	The Registered Technologist (Nuclear Medicine) certification measures knowledge and skills in radiation protection, radionuclides and radiopharmaceuticals; instrumentation and quality control; diagnostic and therapeutic procedures; and patient care and education.	1 exam required; 200 questions; 3.5 hours	Within the past five years, individuals must have successfully completed an educational program that is accredited by a mechanism acceptable to the ARRT. All individuals for primary pathway certification must have earned an academic degree before becoming certified. As part of their education, individuals must also demonstrate competency in didactic coursework and an ARRT-specified list of clinical procedures by completing competency requirements established for the discipline in which they are seeking certification.	None	None	https://www.art.org
AMRRT007	Registered Technologist (Radiation Therapy)	American Registry of Radiologic Technologists (AART)	No	Yes	The Registered Technologist (Radiation Therapy) certification measures knowledge and skills in radiation protection and quality assurance; clinical concepts in radiation oncology, treatment planning, treatment delivery; and patient care and education.	1 exam required; 200 questions; 3.5 hours	Within the past five years, individuals must have successfully completed an educational program that is accredited by a mechanism acceptable to the ARRT. All individuals for primary pathway certification must have earned an academic degree before becoming certified. As part of their education, individuals must also demonstrate competency in didactic coursework and an ARRT-specified list of clinical procedures by completing competency requirements established for the discipline in which they are seeking certification.	None	None	https://www.art.org
AMRRT008	Computed Tomography (CT)	American Registry of Radiologic Technologists (AART)	No	Yes	The Computed Tomography (CT) certification measures knowledge and skills in CT scans, a specialized X-ray procedure sometimes referred to as a CAT scan. Working under the supervision of a radiologist, CT scan technologists prepare patients for a CT scan by positioning them on the table and following safety measures to protect them from unnecessary or excess radiation. During the scan, technologists sit in a shielded room and monitor the CT scan images on the computer screen.	1 exam required; 200 questions; 3.5 hours	Within the past five years, individuals must have successfully completed an educational program that is accredited by a mechanism acceptable to the ARRT. All individuals for primary pathway certification must have earned an academic degree before becoming certified. As part of their education, individuals must also demonstrate competency in didactic coursework and an ARRT-specified list of clinical procedures by completing competency requirements established for the discipline in which they are seeking certification.	None	None	https://www.art.org
AMRRT009	Registered Technologist-Cardiac Interventional Radiography (CI)	American Registry of Radiologic Technologists (AART)	No	Yes	The Registered Technologist-Cardiac Interventional Radiography certification tests competencies needed to assist physicians with minimally invasive, image-guided procedures to help diagnose and treat heart and blood vessel diseases without surgery. Knowledge of the following topics are assessed: the use of fluoroscopic equipment to take images of the heart and surrounding blood vessels surrounding it, and procedures such as angioplasty, stenting, thrombolysis, embolization, ablation and biopsies.	1 exam required; 170 questions (145 scored, 25 unscored pilot items); 3 hour test duration	An associate's degree or higher and completion of an ARRT-approved educational program in the same discipline pursued	None	None	https://www.art.org
AMRRT010	Registered Technologist - Magnetic Resonance Imaging (MRI)	American Registry of Radiologic Technologists (AART)	No	Yes	The Registered Technologist - Magnetic Resonance Imaging (MRI) exam assesses knowledge and cognitive skills underlying the intelligent performance of the tasks typically required of MRI technologists at entry into the profession. Competencies in the following content areas are assessed: patient care, safety, image production and procedures.	1 exam required; 220 questions (200 scored, 20 unscored pilot items); 3.5 hour test duration	An associate's degree or higher and completion of an ARRT-approved educational program in the same discipline pursued	None	None	https://www.art.org
AMRRT011	Registered Technologist - Mammography (M)	American Registry of Radiologic Technologists (AART)	No	Yes	The Registered Technologist - Mammography (M) certification exam assesses competencies in the following content areas: patient care, image production and procedures.	1 exam required; 140 questions (115 scored, 25 unscored pilot items); 2.5 hour test duration	Education Requirement: Being ARRT certified & registered in appropriate category; meeting structured education requirement (16 hours); clinical experience (24 months)	24 months of clinical experience	None	https://www.art.org
AMRRT012	Registered Technologist - Vascular Interventional Radiography (VI)	American Registry of Radiologic Technologists (AART)	No	Yes	The Registered Technologist - Vascular Interventional Radiography (VI) exam assesses knowledge and cognitive skills underlying the intelligent performance of the tasks typically required of vascular-interventional radiographers at entry into the profession. Competencies in the following content areas are assessed: patient care, image production and procedures.	1 exam required; 210 questions (160 scored, 50 unscored pilot items); 3.5 hour test duration	Education Requirement: Being ARRT certified & registered in appropriate category; meeting structured education requirement (16 hours); clinical experience (24 months)	24 months of clinical experience	None	https://www.art.org
AMSCP001	Histotechnologist, HTL(ASCP)	American Society of Clinical Pathology	No	Yes	The Histotechnologist, HTL(ASCP) certification measures users' knowledge and skills in histotechnology: fixation, processing, embedding/microtomy, staining, and laboratory operations.	1 exam; 100 multiple choice questions; 2.5 hours	None	None	None	https://www.ascp.org
AMSCP002	Medical Laboratory Technician (MLT(ASCP))	American Society of Clinical Pathology	No	Yes	The Medical Laboratory Technician (MLT(ASCP)) certification measures users' knowledge and skills in assisting doctors and specialists in performing a wide range of tests on blood, tissue and other bodily fluids, the results of which can then be used to diagnose and treat patients.	1 exam required; 100 multiple choice questions; 2 hours and 30 minutes	There are four different routes to eligibility for this certification. All routes require an associate degree or at least 60 semester hours. Refer to the industry certification agency website for specific details.	None	0	https://www.ascp.org
AMSCP005	Medical Laboratory Scientist (MLS)	American Society of Clinical Pathology	No	Yes	The Medical Laboratory Scientist (MLS) exam tests competencies in blood banking, urinalysis and other body fluids, chemistry, hematology, immunology, microbiology, and laboratory operations.	1 exam required; 100 questions; 2 hour 30 minute time frame; multiple-choice with one best answer. The certification exam is administered using the format of computer adaptive testing (CAT).	Requires a bachelor's degree, and completion of NAACLS accredited Medical Laboratory Scientist program within the last five years.	None	None	https://www.ascp.org
AMSFQ001	Manager of Quality/Organizational Excellence	American Society for Quality	No	Yes	The Certified Manager of Quality/Organizational Excellence certification measures users' knowledge to facilitate and lead team efforts to establish and monitor customer/supplier relations, support strategic planning and deployment initiatives, and help develop measurement systems to determine organizational improvement.	1 exam (2 parts); 150 multiple choice questions; two constructed response (essay) questions; 4 hours	None	10 years of on-the-job experience in one or more of the areas of the Certified Manager of Quality/ Organizational Excellence Body of Knowledge. A minimum of five years of this experience must be in a decision-making position, defined as the authority to define, execute or control projects/processes and to be responsible for the outcome. This may or may not include management or supervisory positions.	None	https://www.ascp.org
AMSFQ006	Quality Improvement Associate (CQIA)	American Society for Quality	No	Yes	The Certified Quality Improvement Associate certification measures users' knowledge of quality concepts, team basics, continuous improvement techniques, and customer-supplier relations.	1 exam required; 100 multiple choice questions; 3 hours	None	Two years of work experience or an associate degree	None	https://www.ascp.org
AMSFQ011	Six Sigma Black Belt (CSSBB)	American Society for Quality	No	Yes	The Certified Six Sigma Black Belt certification measures users' knowledge and skills in Six Sigma philosophies and principles, including supporting systems and tools. A Black Belt should demonstrate team leadership, understand team dynamics and assign team member roles and responsibilities.	1 exam required; 150 multiple choice questions; 4 hours	Requires two completed projects with signed affidavits or one completed project with signed affidavit	Requires three years of work experience	None	https://www.ascp.org
AMSFQ012	Six Sigma Green Belt (CSSGB)	American Society for Quality	No	Yes	The Six Sigma Green Belt certification measures users' knowledge to operate in support of or under the supervision of a Six Sigma Black Belt, analyzes and solves quality problems and is involved in quality improvement projects.	1 exam required; 100 multiple choice questions; 4 hours	None	Requires three years of work experience	None	https://www.ascp.org
AMSPT002	Certified Phlebotomy Technician	American Society of Phlebotomy Technicians	Yes	No	The Certified Phlebotomy Technician certification measures knowledge and the skills in the collection of blood samples from patients by venipuncture and microtechniques. This certification assures quality and patient safety mandates, strict professional behavior and standards of practice for all Phlebotomists.	1 exam required	Successful completion of an accredited phlebotomy training program; must have at least 100 documented successful venipunctures and 5 documented skin punctures and a current ASPT membership.	One full year as a part-time phlebotomist, or six months as a full-time phlebotomist; or a letter from a health care supervisor attesting that part of the job is procuring blood specimens regularly.	None	https://www.aspt.org
AMSTL004	Professional Designation in Supply Chain Management (PLS)	Association of Supply Chain Management (ASCM)	No	Yes	The Professional Designation in Logistics and Supply Chain Management (PLS) certification measures users' knowledge and skills in the understanding of the key strategies for improving customer service and increasing the efficiency of their logistics and supply chain operations.	1 exam; multiple choice questions	None	None	None	https://www.apics.org
APICS001	Certified in Logistics, Transportation, and Distribution (CLTD)	Association of Supply Chain Management (ASCM)	No	Yes	The Certified in Logistics, Transportation, and Distribution (CLTD) certification measures users' knowledge and skills in a broad range of supply chain logistics topics.	0	3 years of related business experience or Bachelor's degree or the international equivalent; or CPIM, CLTD or CSCP, CTL, CFIM, CRM, SCOR-P, C.P.M., CSM or CPSM designations	None	None	https://www.apics.org
APPLE021	Apple App Development with Swift Certified User	Apple, Inc.	Yes	No	The Apple App Development with Swift Certified User tests competencies in foundational skills with Swift, Xcode 13, and app development tools. Individuals are expected to have completed at least 150 hours of instructional time before taking the certification exam.	1 exam required; 45 questions; 50 minutes	None	None	None	https://www.certipart.com/apple

ARDMS001	Registered Diagnostic Cardiac Sonographer (RDCS)	American Registry for Diagnostic Medical Sonography	No	Yes	The RDSCS certification measures users' knowledge and skills in sonography principles and instrumentation (SPI); adult echocardiography (AE); fetal echocardiography (FE); and pediatric echocardiography (PE).	2 exams required (Physics and Specialty)	None	None	None	https://www.ardms.org
ARDMS002	Registered Diagnostic Medical Sonographer (RDMS)	American Registry for Diagnostic Medical Sonography	No	Yes	The RDMS certification measures users' knowledge and skills in using special equipment to direct nonionizing, high frequency sound waves into areas of the patient's body. This certification covers the following areas: physics examination: sonography principles and instrumentation and five specialty examinations: abdomen, breast, fetal echocardiography, neurosonology, and obstetrics and gynecology.	1 exam required	First-time applicants must select a prerequisite under which they want to apply for an ARDMS specialty examination and/or the Sonography Principles & Instrumentation (SPI) examination. Each prerequisite requires (1) the appropriate educational background, (2) necessary clinical ultrasound or vascular experience and (3) required documentation that must be submitted with the application. All three components of the prerequisite must be met before an application can be approved.	None	None	https://www.ardms.org
ARDMS003	Registered Vascular Technologist	American Registry for Diagnostic Medical Sonography	No	Yes	The RVT certification measures users' knowledge and skills in sonography principles and instrumentation (SPI) and vascular technology (VT). The VT examination assesses the knowledge, skills and abilities in the areas of anatomy and hemodynamics (blood flow) of cerebrovascular, venous, peripheral and abdominal blood vessels.	2 exams required (Physics and Specialty)	None	None	None	https://www.ardms.org
AWELD003	AWS Certified Welder - FCAW Plate	American Welding Society	Yes	Yes	AWS Certified Welder - Flux Core Arc Welding (FCAW) Plate is a basic structural practical hands-on gulf-welding test certification. It measures a welder's skill to deposit sound weld metal in the 3G vertical position on V-groove 3/8" plate with backing plate using an E70T1 filler wire from the root, fill, to the cap passes. AWS - D1.1 Structural codes and procedures governs the 3/8" plate test for qualification and certification. This test shall be inspected using both (NDT) Non- Destructive testing (VT) Visual Testing, coupled with a guided bend test to determine if the weld test meets the criteria of the governing codes and procedures.	Performance-based exam is taken at an AWS Accredited Test Facility, where the candidate deposits a sound weld that is inspected by an AWS Certified Welding Inspector (CWI). The candidate's ability to adhere to the Welding Procedure Specification, selected from AWS QC7 Supplements, includes fit-up, assembly and positioning.	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
AWELD004	AWS Certified Welder - GMAW Plate	American Welding Society	Yes	Yes	AWS Certified Welder - Gas Metal Arc Welding (GMAW) Plate is a basic structural practical hands-on gulf-welding test certification. It measures a welder's skills to deposit sound weld metal in the 3G vertical position on open V-groove 3/8" plate with or without backing plate using ER70S-X filler metal from the root, fill, to the cap passes. Note: 3G vertical root will be downhill with the remainder fill and cap up-hill. AWS - D1.1 Structural codes and procedures governs the 3/8" plate test for qualification and certification. This test shall be inspected using both (NDT) Non- Destructive testing (VT) Visual Testing, coupled with a guided bend test to determine if the weld test meets the criteria of the governing codes and procedures.	Performance-based exam is taken at an AWS Accredited Test Facility, where the candidate deposits a sound weld that is inspected by an AWS Certified Welding Inspector (CWI). The candidate's ability to adhere to the Welding Procedure Specification, selected from AWS QC7 Supplements, includes fit-up, assembly and positioning.	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
AWELD005	AWS Certified Welder - GTAW Pipe (Carbon Steel)	American Welding Society	No	Yes	AWS Certified Welder - Gas Tungsten Arc Welding (GTAW) Pipe - Carbon Steel is considered a Class A pipe welder certification. This is a hands-on gulf-welding test and it measures a welder's skill to deposit sound weld metal in an all in one 6G position on 2" carbon steel Schedule 80 pipe. This test will be welded-out using ER70S-X wire from the root pass, fill, to the cap passes. (ASME) American Society of Mechanical Engineers - Section 1 X Boiler and Pressure Vessel Codes and procedures, governs the 2"- pipe weld test for qualification and certification. This test shall be inspected by using both (NDT) Non- Destructive testing (VT) Visual Testing, and or x-ray, coupled with a guided bend test to determine if the weld test meets the criteria of the governing codes and procedures.	1 exam required	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
AWELD006	AWS Certified Welder - GTAW Pipe (Stainless Steel to Carbon Steel)	American Welding Society	No	Yes	AWS Certified Welder - Gas Tungsten Arc Welding (GTAW) Pipe - Stainless Steel to Carbon Steel is considered a Class A pipe welder certification on dissimilar metals, stainless steel filler metal to carbon steel base metal. This is a hands-on gulf-welding test and it measures a welder's skill to deposit sound weld metal in an all in one 6G position on 2" Schedule 80 carbon steel pipe. This test will be welded-out using 309L filler metal from the root pass, fill, to the cap passes, and purged with a backing gas argon. (ASME) American Society of Mechanical Engineers - Section 1 X Boiler and Pressure Vessel Codes and procedures, governs the 2"- pipe weld test for qualification and certification. This test shall be inspected by using both (NDT) Non- Destructive testing (VT) Visual Testing, and or x-ray, coupled with a guided bend test to determine if the weld test meets the criteria of the governing codes and procedures.	1 exam required	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
AWELD007	AWS Certified Welder - GTAW Pipe (Stainless Steel)	American Welding Society	No	Yes	AWS Certified Welder - Gas Tungsten Arc Welding (GTAW) Pipe - Stainless Steel is considered a Class A pipe welder certification. This is a hands-on gulf-welding test and it measures a welder's skill to deposit sound weld metal in an all in one 6G position on 2" Schedule 10 carbon steel alloy pipe. This test will be welded-out using 316L filler metal from the root pass, fill, to the cap passes, and purged with a backing gas argon. (ASME) American Society of Mechanical Engineers - Section 1 X Boiler and Pressure Vessel Codes and procedures, governs the 2"- pipe weld test for qualification and certification. This test shall be inspected using both (NDT) Non- Destructive testing (VT) Visual Testing, coupled with a guided bend test to determine if the weld test meets the criteria of the governing codes and procedures.	1 exam required	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
AWELD008	AWS Certified Welder - GTAW Plate	American Welding Society	No	Yes	AWS Certified Welder - Gas Tungsten Arc Welding (GTAW) Plate is a basic structural practical hands-on gulf-welding test certification. It measures a welder's skill to deposit sound weld metal in the 3G vertical position on open V-groove 3/8" plate with or without backing plate using an ER70S-X filler metal from the root pass, fill, to the cap passes. AWS - D1.1 Structural codes and procedures governs the 3/8" plate test for qualification and certification. This test shall be inspected using both (NDT) Non- Destructive testing (VT) Visual Testing, coupled with a guided bend test to determine if the weld test meets the criteria of the governing codes and procedures.	1 exam required	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
AWELD009	AWS Certified Welder - GTAW/ SMAW Pipe (Carbon Steel)	American Welding Society	No	Yes	AWS Certified Welder - Gas Tungsten Arc Welding (GTAW) Pipe - Carbon Steel is considered a Class A pipe welder certification. This is a hands-on gulf-welding test and it measures a welder's skill to deposit sound weld metal in an all in one 6G position on 2" carbon steel Schedule 80 pipe. This test will be welded-out using ER70S-X wire from the root pass, fill, to the cap passes. (ASME) American Society of Mechanical Engineers - Section 1 X Boiler and Pressure Vessel Codes and procedures, governs the 2"- pipe weld test for qualification and certification. This test shall be inspected by using both (NDT) Non- Destructive testing (VT) Visual Testing, and or x-ray, coupled with a guided bend test to determine if the weld test meets the criteria of the governing codes and procedures.	1 exam required	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
AWELD010	AWS Certified Welder - GTAW/ SMAW Pipe (Chrome PWHT)	American Welding Society	No	Yes	AWS Certified Welder - Gas Tungsten Arc Welding (GTAW)/Shielded Metal Arc Welding (SMAW) Pipe - Chrome, Post Weld Heat Treatment (PWHT) is considered a Class A pipe welder certification. This is a hands-on gulf-welding test and it measures a welder's skill to deposit sound weld metal in an all in one 6G position on 2-3/4" OD 0.625 wall pipe. This test will be welded-out using ER80S-B2 wire on the root and hot pass portion and EB018-B2 on the remainder fill and cap. This test will also use the Post Weld Heat Treatment (PWHT) for the duration of the entire test. (ASME) American Society of Mechanical Engineers - Section 1 X Boiler and Pressure Vessel Codes and procedures, governs the 2"- pipe weld test for qualification and certification. This test shall be inspected using both (NDT) Non- Destructive testing (VT) Visual Testing, coupled with a guided bend test to determine if the weld test meets the criteria of the governing codes and procedures.	1 exam required	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org

AWELD011	AWS Certified Welder - SMAW Pipe	American Welding Society	Yes	Yes	AWS Certified Welder – Shielded Metal Arc Welding (SMAW) Pipe is considered a Class B pipe welder certification. This is a hands-on guild-welding test and it measures a welder's skill to deposit sound weld metal in an all in one 6G position on 6" Schedule 40 pipe. On the root portion of the test will be welded with E6010 and the remainder fill and cap will be welded with E7018. (ASME) American Society of Mechanical Engineers - Section 1, X, Boiler and Pressure Vessel Codes and procedures, governs the 2" pipe weld test for qualification and certification. This pipe test shall be inspected using both (NDT) Non- Destructive testing (VT) Visual Testing, and/or x-ray, coupled with a guided bend test to determine if the weld test meets the criteria of the governing codes and procedures.	Performance-based exam is taken at an AWS Accredited Test Facility, where the candidate deposits a sound weld that is inspected by an AWS Certified Welding Inspector (CWI). The candidate's ability to adhere to the Welding Procedure Specification, selected from AWS QC7 Supplements, includes fit-up, assembly and positioning.	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
AWELD012	AWS Certified Welder - SMAW Plate	American Welding Society	Yes	Yes	AWS Certified Welder – Shielded Metal Arc Welding (SMAW) Plate is a basic structural practical hands-on guild-welding test certification. It measures a welder's skills to deposit sound weld metal in the 3G vertical position on open V groove 3/8" plate with or without backing plate using an E6010 for the open root portion and an E7018 for the remainder passes fill and cap. AWS – D1.1 Structural codes and procedures governs the 3/8" plate test for qualification and certification. This test shall be inspected by using both (NDT) Non- Destructive testing (VT) Visual Testing, coupled with a guided bend test to determine if the weld test meets the criteria of the governing codes and procedures.	Performance-based exam is taken at an AWS Accredited Test Facility, where the candidate deposits a sound weld that is inspected by an AWS Certified Welding Inspector (CWI). The candidate's ability to adhere to the Welding Procedure Specification, selected from AWS QC7 Supplements, includes fit-up, assembly and positioning.	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
AWELD013	AWS Certified Welder - S S 18 Gauge through 10 Gauge	American Welding Society	No	Yes	AWS Certified Welder – Gas Tungsten Arc Welding (GTAW) 18 through 10 Gauge plate test is a basic structural practical hands-on guild-welding test certification. It measures a welder's skill to deposit sound weld metal in the 3G vertical position using a purge block and ER30X filler metal for the root pass and cap. AWS – D17.1 Specification for Fusion Welding for Aerospace Application and procedures governs the 18 through 10 Gauge plate test for qualification and certification. This test shall be inspected using both (NDT) Non- Destructive testing (VT) Visual Testing, coupled with an x-ray to determine if the weld test meets the criteria of the governing codes and procedures.	1 exam required	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
AWELD014	AWS Certified Welder - GTAW/SMAW Pipe (Combo Carbon Steel)	American Welding Society	No	Yes	AWS Certified Welder – Shielded Metal Arc Welding (SMAW) and Gas Tungsten Arc Welding (GTAW) Combo pipe is considered a Class B pipe welder certification. This is a hands-on guild-welding test and it measures a welder's skill to deposit sound weld metal in an all-in-one 6G position on 6" Schedule 40 pipe. The root portion of the test will be welded with ER705-2 and the remainder fill and cap will be welded with E7018. American Society of Mechanical Engineers - Boiler and Pressure Vessel Codes (ASME IX) and Procedures, govern pipe weld test for qualification and certification. This pipe test shall be inspected Non- Destructive testing (VT) Visual Testing, and/or x-ray to determine if the weld test meets the criteria of the governing codes and procedures.	1 exam required	An individual must deposit a sound weld that will be inspected by an AWS Certified Welding Inspector (CWI) at an AWS Accredited Test Facility (ATF).	None	None	https://www.aws.org
BNENT001	Certified Hemodialysis Technologists/Technician	Board of Nephrology Examiners Inc. Nursing and Technology	No	Yes	The Certified Hemodialysis Technologist/Technician certification measures users' knowledge and skills in patient care; machine technology; water treatment; dialyzer reprocessing; and education/personal development.	1 exam required; 150 multiple choice questions; 3 hours	A copy of the candidate's high school diploma or official transcript (with principal's signature and/or school seal), a minimum of 12 months of experience in nephrology patient care and current active participation in an ESRD facility. If the candidate has no experience as a patient care technician/technologist, the candidate may apply to take the BONENT exam within 2 years of successful completion of a BONENT Approved Program.	None	None	https://www.bonent.org
BRPST001	Registered Polysomnographic Technologist	Board of Registered Polysomnographic Technologists	No	Yes	The Registered Polysomnographic Technologist (RPSGT) certification is for health care professionals who clinically assess patients with sleep disorders. The successful candidate will have knowledge of sleep disorders and diagnostic criteria, sleep related co-morbidities, anatomy and physiology, neurophysiology, cardiac physiology, respiratory physiology, sleep physiology, scoring rules, practice parameters, testing procedures, medications and over-the-counter products, basic knowledge of computers, EEG waveform morphology, instrumentation, intervention/treatment/therapy modalities and treatment modalities.	1 exam; 175 multiple choice questions (150 scored and 25 unscored); 180 minutes; scaled score of 350 represents minimum passing score (scaled scores range from 200 to 500)	There are 5 eligibility pathways. See website for details: https://www.brpt.org/rpsgt/eligibility/ .	None	None	https://www.brpt.org/
CARCH002	Chief Architect Certified Apprentice	Chief Architect, Inc.	Yes	No	The Chief Architect Certified Apprentice certification measures knowledge and skills for demonstrating competency in the areas of home design and interior design.	1 exam required; half day; hands-on use of the program with fill-in-the-blank questions from 20 competency areas	None	None	None	https://www.chiefarchitect.com
CCINT002	Registered Cardiac Sonographer (RCS)	Cardiovascular Credentialing International	No	Yes	The RCS certification measures users' knowledge and skills in general policies, procedures and standards; performing echocardiographic examinations; performing specialized echocardiographic techniques; and pathophysiology of cardiovascular diseases/therapeutic measures.	1 exam required; 170 multiple choice questions; 3 hours	A high school diploma or general education diploma at the time of application.	None	None	https://www.cci-online.org
CCINT003	Registered Cardiovascular Invasive Specialist	Cardiovascular Credentialing International	No	Yes	The RCS certification measures users' knowledge and skills in conducting pre-procedural activities; conducting intra-procedural activities; performing invasive procedures; and conducting post-procedural activities.	1 exam required; 170 multiple choice questions; 3 hours	A high school diploma or general education diploma at the time of application.	None	None	https://www.cci-online.org
CCINT004	Registered Vascular Specialist	Cardiovascular Credentialing International	No	Yes	The RVS certification measures users' knowledge and skills in maintaining information, facility, and safety; applying physical principles; performing abdominal/visceral examinations; performing extracranial/intracranial examinations; performing peripheral arterial examinations; performing peripheral venous examinations; and performing special procedures.	1 exam required; 170 multiple choice questions; 3 hours	A high school diploma or general education diploma at the time of application.	None	None	https://www.cci-online.org
CDREG001	Dietetic Technician, Registered (DTR)	Commission on Dietetic Registration	No	Yes	The DTR certification measures users' knowledge and skills for the delivery of safe, culturally competent, quality food and nutrition services. DTRs are an integral part of healthcare and food service management teams.	1 exam required; 110-130 multiple choice questions	Completed a minimum of an Associate degree granted by a U.S. regionally accredited college or university, or foreign equivalent; a minimum of 450 supervised practice hours through a Dietetic Technician Program as accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) of the Academy of Nutrition and Dietetics; successfully completed the Registration Examination for Dietetic Technicians; and remitted the annual registration maintenance fee; and complied with the Professional Development Portfolio (PDP) recertification.	None	None	https://www.cdnet.org
CERHB001	Biotechnician Assistant	Center for Excellence for Regenerative Health Biotechnology at University of Florida	Yes	No	The Biotechnician Assistant Credentialing Exam (BACE) is a certification designed to assess core skills and knowledge sets identified by industry, and represented within the academic and performance standards of Florida's secondary Biotechnology program.	1 exam required; passing score of 80% or greater (written and practical sections of exam)	None	None	None	https://biolity.research.ufl.edu/
CERT003	Information Technology Specialist (ITS) - Databases	Certport, A Pearson VUE Business	Yes	No	Candidates for this exam will demonstrate foundational knowledge of how to design and query relational databases, such as MySQL, Microsoft SQL Server, or Oracle.	1 Exam required; 35 - 45 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist1/Certification/Overview
CERT004	Information Technology Specialist (ITS) - Software Development	Certport, A Pearson VUE Business	Yes	No	Candidates for this exam will demonstrate core software development skills, including object-oriented programming, web applications, and databases. Candidates are expected to have some experience with C# and ANSI SQL.	1 Exam required; 35 - 45 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist1/Certification/Overview
CERT006	Information Technology Specialist (ITS) - Network Security	Certport, A Pearson VUE Business	Yes	No	Candidates for this exam will demonstrate foundational security knowledge and skills, including an understanding of core security principles operating system security, network and device security, and secure computing practices.	1 Exam required; 35 - 45 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist1/Certification/Overview
CERT007	Information Technology Specialist (ITS) - Networking	Certport, A Pearson VUE Business	Yes	No	Candidates for this exam will demonstrate foundational networking knowledge and skills, including TCP/IP, networking services, networking topologies, and troubleshooting in wired and wireless environments.	1 Exam required; 33 - 44 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist1/Certification/Overview

CERT1008	Information Technology Specialist (ITS) - HTML5 Application Development	Certiport, A Pearson VUE Business	Yes	No	Candidates for this exam will demonstrate their ability to use HTML5, CSS, and JavaScript to build responsive web applications that will run on a variety of touch-enabled devices, including PCs, tablets, and phones.	1 Exam required; 35 -45 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist/Certification/Overview
CERT1009	Information Technology Specialist (ITS) - Device Configuration and Management	Certiport, A Pearson VUE Business	Yes	No	Candidates for this exam will demonstrate foundational skills in, and a basic knowledge of, Windows devices and mobility.	1 Exam required; 31 -41 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist/Certification/Overview
CERT1010	Information Technology Specialist (ITS) - JavaScript	Certiport, A Pearson VUE Business	Yes	No	Candidates for this exam will demonstrate that they can recognize, write, and debug JavaScript code that will logically solve a problem.	1 Exam required; 35 -45 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist/Certification/Overview
CERT1011	Information Technology Specialist (ITS) - HTML and CSS	Certiport, A Pearson VUE Business	Yes	No	Candidates for this exam will demonstrate that they can structure a webpage using HTML elements and create and apply styles using CSS.	1 Exam required; 35 -45 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist/Certification/Overview
CERT1012	Information Technology Specialist (ITS) - Python	Certiport, A Pearson VUE Business	Yes	No	Candidates for this exam will demonstrate that they can recognize, write, and debug Python code that will logically solve a problem.	1 Exam required; 33 -43 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist/Certification/Overview
CERT1013	Information Technology Specialist (ITS) - Java	Certiport, A Pearson VUE Business	Yes	No	Candidates for this exam will demonstrate that they can recognize, write, and debug Java code that will logically solve a problem.	1 Exam required; 35 -45 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist/Certification/Overview
CERT1014	Information Technology Specialist (ITS) - Cloud Computing	Certiport, A Pearson VUE Business	Yes	No	Candidates for this exam will be able to identify and describe end solutions that leverage cloud technologies, considerations that span across solutions and the "art of the possible" in utilizing cloud to develop solutions.	1 Exam required; 35 -45 Questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/ITSpecialist/Certification/Overview
CERT1802	IC3 Spark	Certiport, A Pearson VUE Business	Yes	No	The IC3 Spark certification measures knowledge and skills about the use of computers, devices, and the Internet for those individuals looking to enhance or validate their digital skills.	1 exam required; 50 minutes; 45 questions	None	None	None	https://certport.pearsonvue.com/Certifications/IC3/Digital-Literacy-Certification/Overview
CERT1803	IC3 - Computing Fundamentals	Certiport, A Pearson VUE Business	Yes	No	The IC3 - Computing Fundamentals certification measures knowledge and skills for a foundational understanding of computer hardware, software, operating systems, peripherals, and troubleshooting. It also includes Mobile Device and Cloud Computing concepts.	1 exam required; 45 questions (performance based and linear)	None	None	None	https://certport.pearsonvue.com/Certifications/IC3/Digital-Literacy-Certification/Overview
CERT1804	IC3 - Key Applications	Certiport, A Pearson VUE Business	Yes	No	The IC3 - Key Applications certification measures knowledge and skills for the most common features of spreadsheet, word processing, and presentation applications. It includes app culture elements that will help the individual understand how to obtain and maximize the use of some of today's most popular apps.	1 exam required; 45 questions (performance based)	None	None	None	https://certport.pearsonvue.com/Certifications/IC3/Digital-Literacy-Certification/Overview
CERT1805	IC3 - Living Online	Certiport, A Pearson VUE Business	Yes	No	The IC3 - Living Online certification measures knowledge and skills to help users understand how to effectively use the Internet or work in a networked environment and maximize communication, education, collaboration, and social interactions in a safe and ethical way. It includes social media, calendaring, streaming, and online conferencing elements.	1 exam required; 45 questions (performance based and linear)	None	None	None	https://certport.pearsonvue.com/Certifications/IC3/Digital-Literacy-Certification/Overview
CERT1806	IC3 Digital Literacy Level 1	Certiport, A Pearson VUE Business	Yes	No	The IC3 Digital Literacy Level 1 exam certifies that candidates have the foundational knowledge and basic competencies of Digital Literacy across seven competency domains. Competencies tested include technology basics; digital citizenship; information management; content creation; communication; collaboration; and safety and security.	1 exam required; 45 questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/IC3/Digital-Literacy-Certification/Overview
CERT1807	IC3 Digital Literacy Level 2	Certiport, A Pearson VUE Business	Yes	No	The IC3 Digital Literacy Level 2 exam certifies a candidate's ability to do essential tasks in an online environment and within core applications across the seven objective domains. Competencies tested include technology basics; digital citizenship; information management; content creation; communication; collaboration; and safety and security.	1 exam required; 45 questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/IC3/Digital-Literacy-Certification/Overview
CERT1808	IC3 Digital Literacy Level 3	Certiport, A Pearson VUE Business	Yes	No	The IC3 Digital Literacy Level 3 exam certifies a candidate's mastery of digital literacy and their ability to manage systems, collaborate, and troubleshoot while providing guidance to others. Competencies tested include technology basics; digital citizenship; information management; content creation; communication; collaboration; and safety and security.	1 exam required; 40 questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/IC3/Digital-Literacy-Certification/Overview
CISCO010	Cisco Certified Design Expert (CCDE)	Cisco Systems, Inc.	No	Yes	The CCDE certification measures users' knowledge and skills in advanced network infrastructure design principles and fundamentals for large networks. It also allows a network professional to demonstrate an ability to develop solutions which address planning, design, integration, optimization, operations, security and ongoing support focused at the infrastructure level for customer networks.	2 exams (1 written and 1 CCDE practical) required; 2 hours (written)	None	None	None	https://www.cisco.com
CISCO026	Cisco Certified Network Associate (CCNA)	Cisco Systems, Inc.	Yes	Yes	The Certified Network Associate certification exam tests competencies in network fundamentals, network access, IP connectivity, IP services, security fundamentals, and automation and programmability.	1 exam required (200-301 CCNA); 120 minutes	None	None	None	https://www.cisco.com
CITRIX004	Citrix Certified Administrator (CCA)- XenApp	Citrix Systems Incorporated	No	Yes	The Citrix Certified Administrator (CCA)- XenApp certification measures users' knowledge and skills in Understanding the Citrix Architecture; Licensing and Installing XenApp; Configuring XenApp Sessions; Configuring XenApp Policies; Publishing Applications and Content; Additional Management; Managing Performance and Load Configuring Printing; Enabling and Securing Web Access to Published Applications and Content; and Troubleshooting.	1 exam required; 68 questions; 90 minutes; score of 61% or higher	None	None	None	https://www.citrixtraining.com
COMPT001	CompTIA A+	Computing Technology Industry Association (CompTIA)	Yes	Yes	The CompTIA A+ certification measures knowledge and skills in troubleshooting, networking and security in varied IT environments, from mobile to traditional devices and operating systems.	2 exams required; 100 questions (each exam); time limit of 90 minutes (each exam)	None	None	None	https://www.comptia.org
COMPT005	CompTIA Linux+	Computing Technology Industry Association (CompTIA)	Yes	Yes	The CompTIA Linux+ certification measures knowledge and skills in fundamental open source resources/licenses, user administration, file permissions/software configurations and local storage devices and network protocols.	1 exam required; 90 minutes; 98 questions; minimum passing score of 675 on a scale of 100-900	None	Individuals with a minimum of six to 12 months of practical Linux experience are eligible to take the CompTIA Linux+ certification.	None	https://www.comptia.org
COMPT006	CompTIA Network+	Computing Technology Industry Association (CompTIA)	Yes	Yes	The CompTIA Network+ certification measures knowledge and skills in networking components and the ability to install, configure and troubleshoot basic networking hardware, protocols and services.	1 exam required; 90 minutes; 85 questions; minimum passing score of 720 on a scale of 100-900	None	None	Nine months networking experience recommended, but not required.	https://www.comptia.org
COMPT007	CompTIA Project+	Computing Technology Industry Association (CompTIA)	Yes	Yes	CompTIA Project+ certifies the knowledge and skills of professionals in project management. Project+ validates the ability to initiate, manage and support a project or business initiative. Project+ is designed for any individual who wants to validate project management experience.	1 exam required; 90 minutes; 100 questions; minimum passing score of 710 on a scale of 100-900	None	None	None	https://www.comptia.org
COMPT008	CompTIA Security+	Computing Technology Industry Association (CompTIA)	Yes	Yes	The CompTIA Security+ certification demonstrates proof of knowledge and expertise in security topics, such as communication security, infrastructure security, cryptography, access control, authentication, external attack and operational and organization security.	1 exam required; 90 minutes; 100 questions; minimum passing score of 750 on a scale of 100-900	None	None	None	https://www.comptia.org
COMPT009	CompTIA Server+	Computing Technology Industry Association (CompTIA)	Yes	Yes	The CompTIA Server+ certification measures knowledge and skills in virtualization, data centers, software-defined networking, security risks and network attached storage improvements.	1 exam required; 80 questions; 90 minutes	None	None	None	https://www.comptia.org
COMPT014	CompTIA Cloud+	Computing Technology Industry Association (CompTIA)	No	Yes	The CompTIA Cloud+ certification measures users' knowledge and skills needed to implement and maintain cloud technologies as project managers for cloud computing services, cloud engineers, data center managers, and business analysts specializing in cloud computing.	1 exam required (CVD-001); 120 multiple choice questions; 2 hours; minimum passing score of 750 on a scale of 100-900	None	None	None	https://www.comptia.org
COMPT016	CompTIA Cybersecurity Analyst (CYSA+)	Computing Technology Industry Association (CompTIA)	Yes	Yes	The CompTIA Cybersecurity Analyst (CYSA+) certification measures users' knowledge and skills required to configure and use threat detection tools, perform data analysis and interpret the results to identify vulnerabilities, threats and risks to an organization, with the end goal of securing and protecting applications and systems within an organization.	1 exam required (CSD-001); maximum of 85 multiple choice questions; 165 minutes; passing score of 750 required (on a scale of 100-900).	None	A minimum of 3-4 years of hands-on information security or related experience is recommended.	None	https://www.comptia.org

COMPT017	CompTIA Advanced Security Practitioner (CASP)	Computing Technology Industry Association (CompTIA)	No	Yes	The CompTIA Advanced Security Practitioner (CASP) certification measures users' technical knowledge and skills required to conceptualize, engineer, integrate and implement secure solutions across complex environments to support a resilient enterprise.	1 exam required (CAS-002 retires 10/2/2018; CAS-003); maximum of 90 multiple choice & performance-based questions; 165 minutes; Pass/Fail only (no scaled score).	None	A minimum of ten years of experience in IT administration, including at least five years of hands-on technical security experience is recommended.	None	https://www.comptia.org
COMPT018	CompTIA IT Fundamentals+	Computing Technology Industry Association (CompTIA)	Yes	No	The CompTIA IT Fundamentals+ exam focuses on the knowledge and skills required to identify and explain the basics of computing, IT infrastructure, software development, and database use.	1 exam required; 60 minutes; 75 multiple choice questions; passing score is 650 out of 900.	None	None	None	https://certification.comptia.org/certifications/it-fundamentals
COMPT019	CompTIA Pen Test+	Computing Technology Industry Association (CompTIA)	No	Yes	The CompTIA Pen Test+ certification verifies that successful candidates have the knowledge and skills required to plan and scope an assessment, understand legal and compliance requirements, perform vulnerability scanning and penetration testing, analyze data, and effectively report and communicate results.	85 questions, performance-based and multiple choice questions; 165 minutes; passing score of 750 (on a scale of 100-900).	None	None	Intended to follow CompTIA Security+ or equivalent experience. Recommended to be taken in conjunction with CySA+, which focuses on defense through incident detection and response.	https://www.comptia.org
COMPT020	CompTIA Cloud Essentials+	Computing Technology Industry Association (CompTIA)	Yes	Yes	The CompTIA Cloud Essentials+ is for both IT and non-technical professionals who require the essential business acumen needed to make informed cloud service decisions. Competencies tested include knowledge and understanding of foundational business and technical components; understanding of specific security concerns; and measures and the comprehension of new technology concepts, solutions and benefits.	1 exam required (CLO-002); maximum of 75 multiple choice questions; 60 minutes; passing score of 730 (on a scale of 100-900)	None	None	Recommended experience: Between six months to a year of work experience as a business analyst in an IT environment with some exposure to cloud technologies	https://www.comptia.org
CPREC001	Child Development Associate (CDA)	Council for Professional Recognition	Yes	No	The Child Development Associate (CDA) certification measures the knowledge and skills required to meet the specific needs of children and work with parents and other adults to nurture children's physical, social, emotional, and intellectual growth in a child development framework.	1 exam required; 2 hours; multiple choice exam.	None	None	None	https://www.cdacouncil.org/
CPSTL001	Check Point Certified Security Administrator (CCSA)	Check Point Software Technologies Ltd.	No	Yes	The Check Point Certified Security Administrator (CCSA) certification measures knowledge and skills to install the security gateway in a distributed environment; configure rules on web and gateway servers; create a basic rule base in smart dashboard and assign permissions; schedule backups and seamless upgrades with minimal downtime; and monitor and troubleshoot IPs and common network traffic.	1 exam required (Exam #156-215.77 or #156-215.80)	None	None	6 months to 1 year of experience with Check Point products recommended	https://www.checkpoint.com
CPSTL002	Check Point Certified Security Expert (CCSE)	Check Point Software Technologies Ltd.	No	Yes	The Check Point Certified Security Expert (CCSE) certification measures knowledge and skills to backup a security gateway and management server; build, test and troubleshoot a clustered security gateway; upgrade and troubleshoot a management server; configure and maintain security acceleration solutions; and manage, test and optimize corporate VPN tunnels.	1 exam required (Exam #156-215.77 or #156-215.80)	None	None	6 months to 1 year of experience with Check Point products recommended	https://www.checkpoint.com
CSCMP001	SCPro Fundamentals Bundle (8 exams)	Council of Supply Chain Management Professionals	No	Yes	SCPro Fundamentals Bundle certification measures users' knowledge and skills needed to assess and train supply chain team members in the eight training certification tracks: Supply Chain Management Principles, Customer Service Operations, Transportation Operations, Warehousing Operations, Demand Planning, Inventory Management, Manufacturing & Service Operations, and Supply Management & Procurement.	8 exams required; 60 questions per exam; 90 minutes per exam	None	None	None	https://www.cscmp.org
CWNPT001	Certified Wireless Network Administrator (CWNA)	Certified Wireless Network Professionals (CWNP)	No	Yes	The CWNA is the foundation-level wireless LAN (Local Area Network) certification measures users' knowledge and skills in a broad range of wireless LAN topics focused on 802.11 wireless technology rather than vendor-specific products.	1 exam (PWF-100) required; 60 multiple choice questions; passing score of at least 70 percent	None	None	None	https://www.cwnp.com
DANBD001	Certified Dental Assistant (CDA)	Dental Assisting National Board	No	Yes	The CDA certification measures users' knowledge and skills in general chairside (GC) assisting; radiation health and safety (RHS); and infection control (ICE).	1 exam required; 320 questions; 4 hours	None	A minimum of 3500 hours of work as a dental assistant over a period of 2-4 years or be a current or former DANB CDA, a CODA DDS or DMD program.	None	https://www.dentalassisting.com
DIGIT802	Rapid Prototyping & 3D Design Beginner	DigitalQuest, Inc.	Yes	No	The Rapid Prototyping & 3D Design Beginner Certification measures knowledge and skills in computer-aided drafting design and prototyping. Topics assessed include digital literacy in Solidworks or inventor, 3D design and concepts in additive manufacturing/3D printing.	1 exam required; 60 True/False Questions; 90 minutes	None	None	None	https://www.digitalquest.com
DIGIT803	GIS Essentials Certification	DigitalQuest, Inc.	Yes	No	The GIS Essentials Certification measures proficiency in GIS technology, using ArcGIS Desktop, ArcGIS Pro, OR ArcGIS Online for the creation and analysis of maps.	1 exam required; 40 multiple choice and True/False questions; 60 minutes	None	None	None	https://www.digitalquest.com
DUCKS001	Ecology Conservation and Management Certification	Ducks Unlimited	Yes	No	The Ecology Conservation and Management Certification exam tests competencies in ecological principles, species identification, wildlife conservation and management, and habitat conservation and management.	1 exam required; 100 questions	None	None	None	https://www.icewonline.com/industry-certifications/ecology-conservation-management
ELANC001	Fundamentals of Animal Science Certification	Elanco	Yes	No	The Fundamentals of Animal Science Certification verifies individuals have acquired the foundational knowledge and skills to pursue a career within the animal science industry. Competencies tested include general animal science, animal nutrition, animal breeding, animal management practices (beef, cattle, sheep, goat and swine), and animal health and wellness.	1 exam required; 100 questions	None	None	None	https://www.icewonline.com/industry-certifications/elanco-animal-science
EMCSQ001	Information Storage and Management (EMCISA) Associate	Dell Technologies	No	Yes	The Information Storage and Management (EMCISA) Associate certification measures users' knowledge and skills in storing, managing, and protecting digital information in classic, virtualized, and cloud environments.	1 exam (E05-011 or E10-001) required	None	None	None	https://education.dell EMC.com/content/emc/en-us/home.html
ENTCP001	ETCP Certified Entertainment Electrician	Entertainment Technician Certification Program (ETCP)	No	Yes	The ETCP Certified Entertainment Electrician certification measures users' knowledge and skills in electrician duties of the entertainment industry including, but not limited to: theatres, film/TV studios and on location, arenas/stadiums/sporting events, carnivals/fairs/festivals, circuses, cruise ships, industrial/corporate events, religious events/houses of worship, theme parks, touring concerts/theatre, and other places of public assembly throughout the United States and Canada.	1 exam, 150 questions	None	ETCP uses a point system to determine eligibility to sit for examinations. An individual must have 30 points to apply for the ETCP Entertainment Electrician Examination	None	https://etcp.esta.org/
ESRIC001	ArcGIS Desktop Entry	Environmental Systems Research Institute (ESRI)	Yes	No	The ArcGIS Desktop Entry certification measures knowledge and skills in ArcGIS platform awareness, basic analysis tools, and coordinate systems.	1 exam required, 95 multiple choice questions with a 2 hour limit	None	None	None	https://www.esri.com/training/main/certification
ETAIN002	Fiber Optics Installer (FOI)	Electronics Technician Association International	No	Yes	The Fiber Optic Installer (FOI) certification measures users' knowledge and skills in optical fiber installation, connectorization, splicing, and testing, optical fiber, connector, and splice performance characteristics.	2 exams required (1 hands-on exam and 1 written exam (FOI113)); 75 multiple choice questions; 2 hours; minimum passing score of 75% or higher	None	None	None	https://www.eta-i.org
ETAIN006	Avionics Electronics Technician	Electronics Technician Association International	Yes	No	The Avionics Electronics Technician certification measures knowledge and skills in the following technical areas: avionics systems, cables and cabling, computers and digital concepts, amplifiers, interfacing, antennas & transmission lines, components, mathematics, network topologies and infrastructures, people relations, optical cabling, safety, test equipment & tools, satellite communications, and troubleshooting.	2 exams required; 2 hours; passing score at least 75% or greater on both exams	None	An individual with two or more years of combined work and electronics training may apply for the Journeyman exam.	None	https://www.eta-i.org
ETAIN008	Associate Certified Electronics Technician (CETA)	Electronics Technician Association International	Yes	Yes	The Associate Certified Electronics Technicians (CETA) certification measures the knowledge and skills of technicians who have less than two years' experience or trade school training for electronics technicians. The CETA is more in-depth than the Student Electronics Technician (SET) as it expands on all of the topics listed within the SET.	1 exam required; 100 questions; 2 hours; Passing score of 75% required	None	None	None	https://www.eta-i.org
ETAIN009	Data Cabling Installer Certification (DCIC)	Electronics Technician Association International	No	Yes	The Data Cabling Installer (DCIC) certification measures users' knowledge and skills in copper cabling installation and service, which are then applicable to all the functions required to safely and competently install communications cabling.	2 exams required (1 hands-on and 1 written (DCI113)); 75 questions; 2 hours	None	None	None	https://www.eta-i.org
ETAIN010	Fiber Optics Technician (FOT)	Electronics Technician Association International	No	Yes	The Fiber Optic Technician (FOT) certification measures users' knowledge and skills of inside plant optical fiber, connector, and splice performance characteristics and use of these performance characteristics to create a worst case power budget for a fiber optic cable plant. An FOT can proficiently perform optical loss testing and perform connector endface evaluation.	2 exams required (1 hands-on exam and 1 written exam (FOT113)); 75 multiple choice questions; 2 hours; minimum passing score of 75% or higher	None	None	None	https://www.eta-i.org

ETAIN011	Fiber Optics Technician-Outside Plant (FOT-OSP)	Electronics Technician Association International	No	Yes	The Fiber Optic Technician – Outside Plant (OSP) certification measures users' knowledge to properly terminate, test and troubleshoot singlemode fiber optic communication systems. This includes various types of termination techniques applicable to high speed laser based systems. Disciplines include mechanical and fusion splicing and the preparation of fiber optical cables and cable management products.	2 exams required (1 hands-on exam and 1 written exam (FOT-OSP113); 75 multiple choice questions; 2 hours; minimum passing score of 75% or higher	None	None	None	https://www.eta-i.org
ETAIN012	Photonics Technician - Operator (PTO)	Electronics Technician Association International	No	Yes	The Photonics Technician - Operators (PTO) certification measures users' knowledge and skills in assembling, measuring, testing, and repairing optical components such as lenses, mirrors, filters, fiber optics and electro-optic or other photonics devices plus optical sources such as lasers and light-emitting diodes (LEDs).	5 exams required (1 hands-on exam and 4 written exams: Applied Mathematics exam (63 multiple choice questions); Principles of Optics exam (102 multiple choice questions); PTO Laser Basic exam (30 multiple choice questions); Safety exam (38 multiple choice questions); a minimum score of 75% or higher required on all written exams	None	None	None	https://www.eta-i.org
ETAIN013	Photonics Technician Specialist (PTS)	Electronics Technician Association International	No	Yes	The Photonics Technician Specialists (PTS) certification measures users' knowledge and skills to assemble, measure, test, and repair optical components such as lenses, mirrors, filters, fiber optics and electro-optic or other photonics devices plus optical sources such as lasers and light-emitting diodes (LEDs). They typically work in applications such as research and development laboratories; product development, test, and production specialists who are team members for original equipment manufacturers (OEMs) of lasers, optics, and photonics components and systems; field service specialists for OEMs or companies that manufacture and/or utilize lasers, optics, and photonics components and systems.	5 exams required (1 hands-on exam and 4 written exams: Applied Mathematics exam (63 multiple choice questions); Principles of Optics exam (102 multiple choice questions); PTO Laser Basic exam (30 multiple choice questions); Safety exam (38 multiple choice questions); 2 hours per exam; a minimum score of 75% or higher required on all written exams	None	None	None	https://www.eta-i.org
ETAIN014	Photovoltaic Installer (PVI) - Level 1	Electronics Technician Association International	No	Yes	The Photovoltaic Installer (PVI) - Level 1 certification measures users' knowledge and skills in topics such as solar resources and principles; selection identification; proper installation sequence, performance characteristics and troubleshooting methods; permitting best safety practices; and potential economic impact of renewable energy.	2 exams (1 hands-on assessment and 1 written assessment); 75 multiple choice questions; 2 hours; minimum score of 75% or higher	Individuals must attend an ETAI approved school or have a minimum of 12 months of OJT training with an ETAI approved employer	None	None	https://www.eta-i.org
ETAIN019	Small Wind Installer (SWI) - Level 1	Electronics Technician Association International	No	Yes	The Small Wind Installer (SWI) – Level 1 certification measures users' knowledge and skills in wind power energy generation under 100 kW, including topics such as theory of wind energy and electrical generation; site evaluation; design and selection of wind systems; proper installation, components and troubleshooting methods; safety; finance; and environmental assessment and management.	2 exams (1 hands-on assessment and 1 written assessment); 86 multiple choice questions; 2 hours; minimum score of 75% or higher	Individuals must attend an ETAI approved school or have a minimum of 12 months of OJT training with an ETAI approved employer	None	None	https://www.eta-i.org
ETAIN022	Specialist in Precision Optics (SPO)	Electronics Technician Association International	No	Yes	The Specialist in Precision Optics (SPO) certification measures users' knowledge to produce, test, and handle optical (infrared, visible, and ultraviolet) components that are used in lasers and sophisticated electro-optical systems for defense, homeland security, aerospace, biomedical equipment, digital displays, renewable energy production, and nanotechnology. SPOs also integrate precision optical components into these electro-optical systems and maintain them, including handling, storage and transport.	4 exams required (1 hands-on exam and 3 written exams: Applied Mathematics exam (80 multiple choice questions); Principles of Optics exam (107 multiple choice questions); Safety exam (38 multiple choice questions); a minimum score of 75% or higher required on all written exams	Individuals must possess the Technician in Precision Optics (TPO) certification, have completed training at an ETA approved training facility	None	None	https://www.eta-i.org
ETAIN023	Technician in Precision Optics (TPO)	Electronics Technician Association International	No	Yes	The Technician in Precision Optics (TPO) certification measures users' knowledge and skills in optical component fabrication technical areas in optical shops, optics manufacturers and in quality control departments (incoming and/or outgoing inspection) for organizations that incorporate precision optics into various systems.	3 exams required (1 hands-on exam and 2 written exams: Applied Mathematics exam (60 multiple choice questions); Safety exam (38 multiple choice questions); 2 hours per exam; a minimum score of 75% or higher required on all written exams	Individuals must have completed training at an ETA approved training facility	None	None	https://www.eta-i.org
FABLE001	Animation-ish	FableVision Learning	Yes	No	Animation-ish measures knowledge and skills in animation to include storytelling, film/video systems, cartoon animation, storyboarding, flipbooks, frame rates and portfolio development.	1 exam required	None	None	None	https://www.fablevisionlearning.com/animationish
FABLE002	FabMaker Studio Certification	FableVision Learning	Yes	No	The FabMaker Studio Certification tests competencies in technology characteristics and scope; engineering career pathways; design process; and FabMaker Studio software.	1 exam required (FVL FabMaker Studio Exam); 30 questions; 50 minutes; scaled score of 700 out of 1000	None	None	None	https://www.fablevisionlearning.com/fabmakerstudio
FASMB001	Massage and Bodywork Licensing Examination	Federation of State Massage Therapy Boards	No	Yes	The MBLEX exam tests knowledge in the following topics: Anatomy & Physiology; Kinesiology; Pathology, Contraindications, Areas of Caution, Special Populations; Benefits and Physiological Effects of Techniques that Manipulate Soft Tissue; Client Assessment/Reassessment & Treatment Planning; Ethics, Boundaries, Laws and Regulations; and Guidelines for Professional Practice.	1 exam required; 100 multiple choice questions; 2 hours	Applicants must substantiate enrollment in or graduation from an approved massage therapy education program.	None	This exam is the only currently available option for licensure by the Florida Department of Health Board of Massage Therapy.	https://www.fsmtb.org
FDMQA002	Certified Nursing Assistant (CNA)	Florida Department of Health	Yes	Yes	The Certified Nursing Assistant (CNA) certification is a state required licensure and documents the individual's knowledge of core skills required of nursing assistants.	1 exam required; 2 parts (1 written and 1 performance (skill) section); 2 hour written; 50 multiple choice questions; 5 randomly selected nursing assistant skills	A high school diploma or its equivalent, or be 18 years of age, is required if the applicant is taking the exam without completion of an approved training program. Applicants must pass a level 2 background screen prior to taking the exam.	None	A state-approved training program is not required prior to examination; however, it is strongly recommended.	https://www.doh.state.fl.us/mqa
FDMQA010	Licensed Dental Hygienist	Florida Department of Health	No	Yes	The Licensed Dental Hygienist license allows the individual to perform service for the public as a dental hygienist pursuant to requirements established in section 466.007, Florida Statutes.	3 exams required (Dental Hygiene National Board Examination, ADEX Dental Hygiene Licensing Examination, and Florida Laws and Rules Examination)	Must be at least 18 years of age; graduated from 1) a dental hygiene college or school; OR 2) a graduate of an unaccredited dental college or school and have completed a minimum of 4 years of postsecondary dental education and received a dental school diploma which is comparable to a D.D.S. or D.M.D.; and successful completion of the following examinations: Dental Hygiene National Board Examination, ADEX Dental Hygiene Licensing Examination, and Florida Laws and Rules Examination.	None	None	https://www.doh.state.fl.us/mqa
FDMQA018	Licensed Physical Therapist Assistant	Florida Department of Health	No	Yes	The Licensed Physical Therapist Assistant license measures users' knowledge to provide physical therapy services including examining the patient and developing a plan of care that promotes the ability to move, reduce pain, restores function, and prevents disability.	1 exam required	Applicants must have graduated from a school giving a course of not less than two years for physical therapist assistants, which has been approved for the educational preparation of physical therapist assistants by the appropriate accrediting agency.	None	None	https://www.doh.state.fl.us/mqa
FDMQA025	Licensed Optician	Florida Department of Health	No	Yes	The Licensed Optician license measures users' knowledge to help fit eyeglasses and contact lenses, following prescriptions from ophthalmologists and optometrists. They also help customers decide which eyeglass frames or contact lenses to buy.	1 exam required	Applicant is not less than 18 years of age; is a graduate of an accredited high school or possesses a certificate of equivalency of a high school education; successfully passed the National Opticianry Competency Examination within three years of application or has current ABD certification; successfully passed the Contact Lens Registry Examination within three years of application or has current NCLE certification; and has received an associate degree, or equivalent, in opticianry from an accredited school or is licensed to practice opticianry in another state and has actively practiced in such state for more than 3 of the last 5 years.	None	None	https://www.doh.state.fl.us/mqa
FDMQA030	011 Public Safety Telecommunicator	Florida Department of Health	Yes	Yes	The 911 Public Safety Telecommunicator certification is a state licensure that documents the knowledge and skills for employment as a dispatcher for police, fire, and ambulance.	1 exam required	An individual must complete an approved PST training program as defined in §401.465(1)(c), Florida Statutes.	None	None	https://www.doh.state.fl.us/mqa
FEDAA002	FAA Aviation Maintenance Technician - General	Federal Aviation Administration	Yes	Yes	The FAA Aviation Maintenance Technician - General certification measures knowledge and skills in maintenance supervision, preventive maintenance or alteration of an aircraft but excluding major repairs to and alterations of propellers and/or instruments.	1 exam required; passing score of 70% or greater	To be eligible for a mechanic certificate a candidate must be: at least 18 years of age; able to read, write, and speak English	18 months practical experience with either airframes or power plants, or 30 months of practical experience working on both at the same time or have graduated from an FAA-Approved Aviation Maintenance Technical School	None	https://www.faa.gov/licenses_certificates/

FEDAA04	FAA Aviation Mechanic Technician - Airframe	Federal Aviation Administration	Yes	Yes	The FAA Aviation Mechanic Technician - Airframe certification measures knowledge and skills to work on any part of the aircraft except the instruments, power plants, and propellers.	3 exams required (Oral, Practical, Written)	An individual can get the experience to become a certified power plant or airframe mechanic in one of three ways: attend one of the 170 Federal Aviation Regulations (FAR) part 147 Aviation Maintenance Technician Schools nationwide (12 months and 24 months); work an FAA Repair Station or FBO under the supervision of a certified mechanic for 18 months for each certificate, or 30 months for both; or join one of the armed services and get training and experience in aircraft maintenance.	None	None	https://www.faa.gov/licenses_certificates/
FEDAA10	FAA Aviation Maintenance Technician - Powerplant	Federal Aviation Administration	Yes	Yes	The FAA Aviation Maintenance Technician - Powerplant certification measures knowledge and skills to work on engines and do limited work on propellers.	2 written exams required (oral & practical tests are also required); 8 hours	An individual can get the experience to become a certified power plant or airframe mechanic in one of three ways: attend one of the 170 FAR part 147 Aviation Maintenance Technician Schools nationwide (12 months and 24 months); work an FAA Repair Station or FBO under the supervision of a certified mechanic for 18 months for both; or join one of the armed services and get training and experience in aircraft maintenance.	None	None	https://www.faa.gov/licenses_certificates/
FEDAA11	FAA Private Pilot	Federal Aviation Administration	Yes	No	The FAA Private Pilot license is a license that permits the holder to act as the pilot-in-command of an aircraft privately.	1 exam required; passing score of 70% or greater	A certificate of graduation from a pilot training course conducted by an FAA-approved pilot school, or a statement of accomplishment from the school certifying the satisfactory completion of the ground-school portion of such a course; A written statement from an FAA-certified ground or flight instructor, certifying that the candidate has satisfactorily completed the required ground instruction;	None	Logbook entries by an FAA-certified ground or flight instructor, certifying satisfactory completion of the required ground instruction; A certificate of graduation or statement of accomplishment from a ground school course conducted by an agency such as a high school, college, adult education program, the Civil Air Patrol, or an ROTC Flight Training Program; or A certificate of graduation from a home-study course developed by the aeronautical enterprise providing the study material.	https://www.faa.gov/licenses_certificates/
FEDAA13	FAA Ground School	Federal Aviation Administration	Yes	No	FAA Ground School certification measures the knowledge and skills of ground instruction for pilots.	1 exam required; passing score of 70% or greater required	An individual must have a certificate of graduation from a pilot training course conducted by an FAA-approved pilot school, or a statement of accomplishment from the school certifying the satisfactory completion of the ground-school portion of such a course.	None	None	https://www.faa.gov/licenses_certificates/
FEDAA15	FAA Ground Instructor - Basic	Federal Aviation Administration	Yes	No	The FAA Ground Instructor - Basic certification measures the knowledge and skills required to provide ground training, flight reviews, and recommendations for knowledge tests in the aeronautical knowledge area required for the issuance of a sport pilot, recreational pilot, or private pilot certificate.	1 exam required; passing score of 70% or greater required	To be eligible for ground instructor certificate: an individual must be at least 18 years of age; able to read, write, speak, and understand English; and meet any other requirements as outlined in the appropriate sections of 14 CFR part 61.	None	None	https://www.faa.gov/licenses_certificates/
FLADA01	Florida Automobile Dealers Association (FADA) Certified Technician	Florida Automobile Dealers Association	Yes	No	The Florida Automobile Dealers Association (FADA) Certified Technician measures mastery of automotive service technology core competencies, skills, and knowledge as an "entry-level" technician.	1 exam required; 4 hours	None	None	None	https://www.flada.org/certified-technician-program/
FLAQ001	Aquaculture Technician	Florida Aquaculture Association	Yes	No	The Aquaculture Technician certification measures knowledge and skills in biological principles, propagation and culture techniques and marketing related to the aquaculture industry.	1 exam required; 100 multiple choice questions; passing score of 60% or greater required	To be eligible to take the exam: 1) Aquaculture 2 and 75% of Aquaculture 3 at the high school level or 2) Have worked on an aquaculture farm and has over 300 hours of verifiable work experience.	None	None	https://www.ffa.org/certification-information
FLDEP003	Wastewater Treatment Plant Operator Level C	Florida Department of Environmental Protection	Yes	No	The Wastewater Treatment Plant Operator Level C certification measures knowledge and skills necessary for employment in a wastewater treatment facility: disinfection, facilities & collection systems, laboratory sampling, analysis & interpretation, maintenance, perform safety and security procedures, primary treatment, records & reporting, regulations, secondary processes, and solids handling.	1 exam required (per level), 100 multiple choice questions, 3 hours, passing score of 70% or greater required	Must have a high school diploma or its equivalent and have successfully completed an approved required training course for the classification and level of the examination to be taken no more than 5 years before the examination.	None	None	https://www.dep.state.fl.us/water/wtf/ocsp/
FLDEP006	Water Treatment Plant Operator Level C	Florida Department of Environmental Protection	Yes	No	The Water Treatment Plant Operator Level C certification measures knowledge and skills required for employment in a water treatment plant: overall water treatment process, scientific concepts, chemical, biological, and physical constituents of water, regulations, pumping & basic hydraulics, and aeration, flocculation, sedimentation, filtration, water softening, stabilization, corrosion, disinfection, chemical removal, demineralization, and fluoridation processes.	1 exam required (per level), 100 multiple choice questions, 3 hours, passing score of 70% or greater required	Must have a high school diploma or its equivalent and have successfully completed an approved required training course for the classification and level of the examination to be taken no more than 5 years before the examination.	None	None	https://www.dep.state.fl.us/water/wtf/ocsp/
FLDEP007	Water Treatment Plant Operator Level D	Florida Department of Environmental Protection	Yes	No	The Class D Water Treatment Plant Operator exam tests competencies in Chemical Treatment/Addition; Maintain Equipment; Perform Safety and Security; Procedures; Plant Operation; Regulations, and Reporting Requirements.	1 exam required; 50 questions; 2 hours	Pass the Class D examination for the license type; A peer reference letter (only if your experience was not signed by a certified operator on FDEP application); Be the owner or owner's manager, agent, or trainee operating the system for at least three months (calendar months, not hours); OR document successful completion of an approved Class D course accompanied by one hour of experience.	None	None	https://floridadep.gov/water/certification-restoration/content/water-and-domestic-wastewater-operator-certification-program
FLDEP008	Wastewater Treatment Plant Operator Level D	Florida Department of Environmental Protection	Yes	No	The Class D Wastewater Treatment Plant Operators exam tests competencies in Disinfection Operate Equipment; Package Plants & Disinfection; Perform Safety and Security; Procedures, and Regulations.	1 exam required; 50 questions; 2 hours	Pass the Class D examination for the license type; A peer reference letter (only if your experience was not signed by a certified operator on FDEP application); Be the owner or owner's manager, agent, or trainee operating the system for at least three months (calendar months, not hours); OR document successful completion of an approved Class D course accompanied by one hour of experience.	None	None	https://floridadep.gov/water/certification-restoration/content/water-and-domestic-wastewater-operator-certification-program
FLDLE002	Correctional Officer	Florida Department of Law Enforcement, Criminal Justice Standards and Training Commission	No	Yes	The Correctional Officer certification measures knowledge and skills to maintain their personal safety as well as the safety of the inmates they oversee. Correctional officers are responsible for overseeing individuals who have been arrested and are awaiting trial or who have been sentenced to serve time in jail or prison.	1 exam required	Meet the minimum requirements (see Testing Prerequisites); Complete the required training; Pass the State Officer Certification Exam (SOCE); and become employed as a sworn officer. Note: Employment requirement has been waived for reporting/funding purposes.	None	None	http://www.fdle.state.fl.us/Content/CIST/Menu/gst-index/CISTC-Home-Page.aspx
FLDLE003	Correctional Probation Officer	Florida Department of Law Enforcement, Criminal Justice Standards and Training Commission	No	Yes	The Correctional Probation Officer certification measures knowledge and skills for performing professional work investigating, assessing, supervising, counseling, and/or classifying offenders.	1 exam required	Meet the minimum requirements (see Testing Prerequisites); Complete the required training; Pass the State Officer Certification Exam (SOCE); and become employed as a sworn officer. Note: Employment requirement has been waived for reporting/funding purposes.	None	None	http://www.fdle.state.fl.us/Content/CIST/Menu/gst-index/CISTC-Home-Page.aspx
FLDLE004	Law Enforcement Officer	Florida Department of Law Enforcement, Criminal Justice Standards and Training Commission	No	Yes	The Law Enforcement Officer certification measures knowledge and skills to be responsible for the prevention, investigation, apprehension, or detention of individuals suspected or convicted of offenses against the criminal laws, including an employee engaged in this activity who is transferred to a supervisory or administrative position.	1 exam required	Meet the minimum requirements (see Testing Prerequisites); Complete the required training; Pass the State Officer Certification Exam (SOCE); and become employed as a sworn officer. Note: Employment requirement has been waived for reporting/funding purposes.	None	None	http://www.fdle.state.fl.us/Content/CIST/Menu/gst-index/CISTC-Home-Page.aspx
FLENG001	Engineering Core certification	Florida Engineering Society	Yes	No	The Engineering Core certification measures knowledge and skills in introduction to engineering design; principles of engineering; aerospace engineering; civil engineering and architecture; computer integrated manufacturing; computer science principles; digital electronics; environmental sustainability; and engineering design and development.	3 exams required; total of 19 combined scale score	None	None	None	https://www.fleng.org
FLFBR001	AgriTechnology Specialist Certification	Agricultural Education Services and Technology Inc.	Yes	No	The AgriTechnology Certification documents proficiency in the following agriculture areas: agricultural safety; environmental resource conservation and management; plant growth and reproduction, including fertilization, irrigation and pest control; animal systems and livestock management, including health and reproduction; agricultural machinery and facility maintenance and operations; agribusiness marketing and finance concepts, and mathematics and physical science skills.	1 exam required; computer based, 2 hours	None	None	None	https://aest.ag/certify/

FLFBR002	Agricultural Biotechnology Specialist Certification	Agricultural Education Services and Technology Inc.	Yes	No	The Agriculture Biotechnology Certification measures knowledge and skills in agricultural laboratory safety, application and regulations for biotechnology, laboratory skills, including record maintenance, operating procedures, DNA extraction, buffer preparation, etc., tissue and cell culture techniques, biotechnological applications to agriculture, food and natural resources, genetic principles (inheritance, DNA properties, expression), and scientific reasoning, mathematics and physical science skills.	1 exam required; computer based, 2 hours	None	None	None	https://aest.ag/certify/
FLFBR003	Agricultural Communications Specialist Certification	Agricultural Education Services and Technology Inc.	Yes	No	The Agricultural Communications certification measures knowledge and skills in the communications sector of the agricultural industry including instruction in developing and editing materials for printed media and media broadcast, utilizing photography and graphics, the importance of the internet in communications, writing technical papers and media scripts, ethical and professional issues in the industry, and advertising and marketing.	1 exam required; 2 hours; 100 multiple choice questions; minimum score of 75%	None	None	None	https://aest.ag/certify/
FLFBR004	Agricultural Mechanics Specialist Certification	Agricultural Education Services and Technology Inc.	Yes	No	The Agricultural Mechanics (Technical Agriculture Operations) certification measures knowledge and skills in the mechanics sector of the agricultural industry including mechanical operations, welding, small engine maintenance and repair, planning, management, finance, technical and production skills, underlying principles of technology, labor issues, community issues, and health, safety, and environmental issues.	1 exam required; 2 hours; 100 multiple choice questions; minimum score of 75%	None	None	None	https://aest.ag/certify/
FLFBR005	Animal Science Specialist Certification	Agricultural Education Services and Technology Inc.	Yes	No	The Animal Science certification measures knowledge and skills in the animal sector of the agriculture industry including planning, management, finance, technical and production skills, underlying principles of technology, labor issues, community issues, health, safety and environmental issues, and the use and care of animal health-care instruments, animal grooming equipment, animal restraining equipment, and laboratory equipment.	1 exam required; 2 hours; 100 multiple choice questions; minimum score of 75%	None	None	None	https://aest.ag/certify/
FLFBR006	Agricultural Unmanned Aircraft Systems Specialist Certification	Agricultural Education Services and Technology Inc.	Yes	Yes	The Unmanned Aircraft Systems (UAS) - Precision Agriculture Specialist certification measures the knowledge and skills required to operate UAS for the commercial use of precision agriculture; his certification encompasses the study of UAS technologies used to monitor plant growth, evaluate soil conditions, monitor animal operations, develop integrated pest management plans, make fertilizer recommendations, provide yield estimates of agricultural and forage crops, and make forest management decisions using UAS images and data.	1 exam required; 100 multiple choice questions; passing score of 60% or greater	None	None	None	https://aest.ag/certify/
FLFBR007	Agriculture Associate Certification	Agricultural Education Services and Technology Inc.	Yes	No	The Agriculture Associate Certification certifies that individuals have a fundamental knowledge and skill set applicable to entry level positions in the agricultural industry. This certification exam covers basic principles of: Agricultural safety; Environmental resource conservation and management; Plant growth and reproduction; including fertilization, irrigation and pest control; Animal systems and livestock management; including health and reproduction; Agricultural machinery and facility maintenance and operations; Agribusiness marketing and finance concepts; Mathematics and physical science skills	1 exam required; 50 multiple choice questions; 2 hours; Passing score of 66% or more required	None	None	None	https://aest.ag/certify/
FLFBR008	Forestry Specialist Certification	Agricultural Education Services and Technology Inc.	Yes	No	The Forestry Specialist Certification Exam encompasses the study of the management, protection, enhancement and improvement of soil, water, wildlife, forests and air as natural resources. Individuals earning this certification will have demonstrated competence in the application of principles and techniques for the development, application and management of forests in agricultural settings.	1 exam required; 100 multiple choice questions; 2 hours; Passing score of 75% or more required	None	None	None	https://aest.ag/certify/
FLFBR009	Agriculture Systems Associate Certification	Agricultural Education Services and Technology Inc.	Yes	No	The Associate of Agriculture Systems certification measures knowledge in the evolution of production agriculture; differences between animal welfare and ethical treatment of animals; principles and skills used in dairy, livestock, poultry, aquaculture, vegetable and nursery production; good work habits, agricultural leadership, and communication skills; and scientific and technical skills used in production agriculture.	1 exam required; 50 multiple choice questions; minimum score of 66%	None	None	None	https://aest.ag/certify/
FLFBR010	Natural Resources Specialist Certification	Agricultural Education Services and Technology Inc.	Yes	No	The Natural Resources Specialist certification measures knowledge and skill set applicable to the environmental and wildlife resources sector of the agriculture industry including concepts surrounding renewable and nonrenewable resources; ecosystems; soil science including physical properties, analysis, classification and erosion; water management including irrigation knowledge and conservation issues; pollution of our resources; plant nutritional needs; best management practices for soil and water usage; wildlife management; environmental and resource sustainability; and identification of common weeds, insects, plant diseases and wildlife species.	1 exam required; 100 multiple choice questions; minimum score of 65%	None	None	None	https://aest.ag/certify/
FLFSM005	Fire Fighter I	Florida Department of Financial Services, State Fire Marshal, Bureau of Fire Standards & Training	Yes	No	The Fire Fighter I certification demonstrates knowledge and skills to function in a firefighting team in a hazardous environment under direct supervision.	1 exam required	An individual must meet minimum qualifications for certification as a career firefighter: 1) be at least 18yrs of age; 2) have a high school diploma or GED; 3) be of good moral character; 4) be in excellent physical condition; 5) have a Associate of Arts, Baccalaureate or graduate-level degree or stipulated test scores on SAT, ACT, CPT, MAPS, or TABE; and 6) complete the Minimum Standards Training Course and the State Certification Examination.	None	None	https://www.myfloridado.com/division/sfm/bfst/
FLFSM006	Fire Fighter II	Florida Department of Financial Services, State Fire Marshal, Bureau of Fire Standards & Training	No	Yes	The Fire Fighter II certification measures knowledge and skills in fire department communications, fireground operations, rescue operations, preparedness and maintenance, and fire and life safety initiatives.	2 exams required (written and practical)	An individual must meet minimum qualifications for certification as a career firefighter: 1) be at least 18yrs of age; 2) have a high school diploma or GED; 3) be of good moral character; 4) be in excellent physical condition; 5) have a Associate of Arts, Baccalaureate or graduate-level degree or stipulated test scores on SAT, ACT, CPT, MAPS, or TABE; and 6) complete the Minimum Standards Training Course and the State Certification Examination.	0	0	https://www.myfloridado.com/sfm/
FLFSM007	Fire Safety Inspector I	Florida Department of Financial Services, State Fire Marshal, Bureau of Fire Standards & Training	No	Yes	The Fire Safety Inspector I certification measures knowledge and skills to examine buildings, homes and other facilities to ensure that they meet applicable fire safety codes and regulations.	1 exam required	An individual must successfully complete 200 hours of basic certification training for Fire safety inspectors, or have received equivalent training in another state, and pass a state written examination. Documentation of training is to be submitted with the required Application for Fire Safety Inspector Certification Examination (DFS-K4-1023), Personal Inquiry Waiver (DFS-K4-1020), along with all other supporting documents, at least 10 business days prior to the scheduled test date.	None	None	https://www.myfloridado.com/sfm/
FLFSM014	Fire Officer II	Florida Department of Financial Services, State Fire Marshal, Bureau of Fire Standards & Training	No	Yes	The Fire Officer II certification is part of an advanced training and certification program for firefighters having supervisory and management responsibilities. The Fire Officer II exam tests knowledge in Human Resource Management and Leadership; Community and Government Relations; Administration; Inspection and Investigation; Emergency Service Delivery; and Health and Safety.	1 exam required; 50 randomly generated test questions; 70% passing; 2 hours	The candidate must have completed Fire Officer I Certification; Fire Officer II Curriculum; Fire Officer II Task Book with required signatures; and coursework required by the Bureau of Firefighter Standards & Training.	NFPA 1021 job performance requirement.	None	https://www.myfloridado.com/sfm/
FLVMA002	Certified Veterinary Assistant (CVA)	Florida Veterinary Medical Association	Yes	No	The Certified Veterinary Assistant (CVA) certification measures knowledge and skills to familiarize new assistants and other hospital staff with the procedures performed daily in an animal hospital.	2 exams required (Level One and Level Two); the CVA student must demonstrate numerous hands-on skills for their supervisor; and a CVA Final Exam.	Online Curriculum - 10 units comprised of approximately 100 veterinary videos and Power Point presentations	A 90-day (500 hours) working apprenticeship in the veterinary hospital of the candidate's choice. Once the applicant has successfully achieved Level One certification, they must complete six months (180 day work experience/ 1000 hours) at Level One before they are eligible to sit for the Level Two exam.	None	https://fvma.org/certification/certified-vet-assistant/

FNGLA001	Certified Horticulture Professional	Florida Nursery Growers and Landscape Association	Yes	No	The Florida Nursery, Growers & Landscape Association (FNGLA) Certified Horticulture Professional (FCHP) certification measures knowledge and skills in horticulture in areas such as plant and pest identification and landscape management.	1 exam required, 4-parts; 3 hours	None	Must be employed in Florida horticulture for 90 days prior to application; Be a student in a horticulture program (or graduated within the preceding 18 months); Be an instructor of horticulture; or Be a member of the Florida Nursery, Growers & Landscape Association (FNGLA). Eight week online short courses to prepare for the exam.	None	https://www.fngla.org
FNGLA003	Certified Landscape Maintenance Technician	Florida Nursery Growers and Landscape Association	Yes	No	The Certified Landscape Maintenance Technician (FCLMT) program is designed to measure the skills of practicing landscape maintenance technicians. This certification relies heavily on Green Industries Best Management Practices, and tests competencies in the following: Plant Identification, Pest Management, Fertilization, Truck & Trailer, Irrigation, Pruning, Site Evaluation, and Turf Management.	One day-long exam with 9 sections: 1 written section and 8 field exam sections. Each field exam section must be passed with a minimum 70%.	None	One year of prior industry work experience is required.	None	https://www.fngla.org/professionals-development/certifications/fngla-certified-landscape-technician
FNGLA004	Certified Landscape Technician	Florida Nursery Growers and Landscape Association	Yes	No	The Certified Landscape Technician (FCLT) program is a hands-on certification designed to measure the skills of practicing landscape installation technicians. The certification tests competencies in Plant ID, Plan Layout, Tree Installation, Pruning, Palm Banding & Propping, Grading & Drainage, Irrigation, Equipment Operation, Job Evaluation	One-day long exam. Each of the following FCLT field exam sections must be passed with a minimum 70%: Plant ID, Plan Layout, Tree Installation, Pruning, Palm Banding & Propping, Grading & Drainage, Irrigation, Equipment Operation, Job Evaluation	None	One year of prior industry work experience is required.	None	https://www.fngla.org/professionals-development/certifications/fngla-certified-landscape-technician
GLIAC001	GIAC Certified Forensic Analyst (GCFA)	Global Information Assurance Certification	No	Yes	The Certified Forensic Analyst (GCFA) certification measures users' knowledge and skills in formal incident investigations and handle advanced incident handling scenarios, including internal and external data breach intrusions, advanced persistent threats, anti-forensic techniques used by attackers, and complex digital forensic cases.	1 exam required; 115 questions; 3 hours; minimum score of 69% or higher	None	None	None	https://www.giac.org
GLIAC002	GIAC Certified Forensic Examiner (GCFE)	Global Information Assurance Certification	No	Yes	The Certified Forensic Examiner (GCFE) certification measures users' knowledge to conduct typical incident investigations including e-Discovery, forensic analysis and reporting, evidence acquisition, browser forensics and tracing user and application activities on Windows systems.	1 exam required; 115 questions; 3 hours; minimum score of 71% or higher	None	None	None	https://www.giac.org
GLIAC003	GIAC Certified UNIX Security Administrator (GCLUX)	Global Information Assurance Certification	No	Yes	The Certified UNIX Security Administrator (GCLUX) certification measures users' knowledge to secure and audit UNIX and Linux systems including responsibility for installing, configuring, and monitoring UNIX and/or Linux systems.	1 exam required; 75 questions; 2 hours; minimum score of 65.3% or higher	None	None	None	https://www.giac.org
GLIAC004	GIAC Information Security Fundamentals (GISF)	Global Information Assurance Certification	No	Yes	The GIC Information Security Fundamentals (GISF) certification measures users' knowledge of key concepts of information security including understanding the threats and risks to information and information resources, identifying best practices that can be used to protect them, and learning to diversify our protection strategy.	1 exam required; 75 questions; 2 hours; minimum score of 70% or higher	None	None	None	https://www.giac.org
GLIAC005	GIAC Security Essentials (GSEC)	Global Information Assurance Certification	No	Yes	The Security Essentials (GSEC) certification measures users' knowledge and skills in IT systems with respect to security tasks including an understanding of information security beyond simple terminology and concepts.	1 exam required	None	None	None	https://www.giac.org
GLIAC006	GIAC Cloud Security Automation	Global Information Assurance Certification	No	Yes	The GIAC Cloud Security Automation certification covers cloud services and modern DevSecOps practices that are used to build and deploy systems and applications more securely. Competencies tested include using cloud services with secure DevOps principles, practices, and tools to build and deliver secure infrastructure and software; automating configuration management, continuous integration, continuous delivery, and continuous monitoring; and use of open-source tools, the Amazon Web Services toolchain and Azure services.	1 exam required; 75 questions; 2 hours; minimum passing score of 61%	None	None	None	https://www.giac.org
GLIAC007	GIAC Cloud Security Essentials	Global Information Assurance Certification	No	Yes	The GIAC Cloud Security Essentials certification proves that the certificate holder understands many of the security challenges brought forth when migrating systems and applications to cloud service provider environments. Competencies tested include evaluation of cloud services provider similarities/differences, challenges and opportunities; planning, deploying, hardening and securing single and multi-cloud environments; and basic cloud resource auditing, security assessment and incident response.	1 exam required; 75 questions; 2 hours; minimum passing score of 61%	None	None	None	https://www.giac.org
GOOGL001	Google Associate Cloud Engineer	Google	No	Yes	The Associate Cloud Engineer certification tests competencies in the deployment of applications, operations monitoring of multiple projects and maintenance of enterprise solutions to meet target performance metrics. Candidates should have experience working with public clouds and on-premises solutions, and be able to use the Google Cloud Console and the command-line interface to perform common platform-based tasks to maintain one or more deployed solutions that leverage Google-managed or self-managed services on Google Cloud.	1 exam required; 2 hours	None	None	Six months of work experience is recommended.	https://cloud.google.com/certification
GRBC002	LEED Green Associate	Green Building Certification Institute	Yes	No	The LEED, or Leadership in Energy & Environmental Design, certification is a green building certification that recognizes building strategies and practices. To receive LEED certification, building projects satisfy prerequisites and earn points to achieve different levels of certification: Certified, Silver, Gold and Platinum.	1 exam required	None	None	None	https://www.gbci.org
HBINS002	Pre-Apprenticeship Certificate Training (PACT), Building Construction Technology	Home Builders Institute	Yes	No	The Pre-Apprenticeship Certificate Training (PACT), Building Construction Technology certification measures knowledge and skills in carpentry, electrical, plumbing, brick masonry, landscaping, facilities maintenance, painting and weatherization.	1 exam required; 60 questions; 50 minutes	None	None	None	https://www.hbi.org
HBINS003	HBI Pre-Apprenticeship Certificate Training (PACT), Carpentry	Home Builders Institute	Yes	No	The Carpentry certification exam tests competencies in safety; measurement; tools and equipment; products and materials; rough carpentry and framing; and interior and exterior finishing.	1 exam required; 50 questions; 50 minutes	None	None	None	https://www.hbi.org
HBINS004	HBI Pre-Apprenticeship Certificate Training (PACT), Core	Home Builders Institute	Yes	No	The Core certification exam tests competencies in building trades safety; construction math; tools and construction materials; and employability.	1 exam required; 30 questions; 50 minutes	None	None	None	https://www.hbi.org
HBINS005	HBI Pre-Apprenticeship Certificate Training (PACT), Core Green	Home Builders Institute	Yes	No	The Core Green certification exam tests competencies in building trades safety and first aid; construction math; tools and construction materials; employability; and green building.	1 exam required; 40 questions; 50 minutes	None	None	None	https://www.hbi.org
HBINS006	HBI Pre-Apprenticeship Certificate Training (PACT), Electrical	Home Builders Institute	Yes	No	The Electrical certification exam tests competencies in safety, tools and equipment; codes and blueprints; basic electrical concepts; service entrances; electrical rough-in; and electrical trim-out and troubleshooting.	1 exam required; 50 questions; 50 minutes	None	None	None	https://www.hbi.org
HIMSS001	Certified Associate in Healthcare Information & Management Systems	Healthcare Information and Management Systems Society (HIMSS)	No	Yes	The Certified Associate in Healthcare Information & Management Systems certification measures competencies in organizational and technology environments; systems analysis, design, selection, implementation, support, maintenance, testing, evaluation, privacy and security; and leadership and management support.	1 exam required; 2 hours; 115 multiple-choice questions, 100 of which are scored	High school diploma or GED	None	None	https://www.himss.org
HVACE001	HVAC Excellence Employment Ready - Heat Pump	HVAC Excellence	Yes	Yes	HVAC Excellence Employment Ready Heat Pump certification measures knowledge and skills in components, controls, heat pump cycle, service, theory, troubleshooting, interpreting heat pump schematics.	1 exam required; 100 questions	None	None	None	https://www.hvacexcellence.org
HVACE002	HVAC Excellence Employment Ready - Air Conditioning	HVAC Excellence	Yes	Yes	HVAC Excellence Employment Ready Air Conditioning certification measures knowledge and skills in air conditioning and refrigeration theory, equipment service, systems and components, troubleshooting, refrigerant flow control theory and application.	1 exam required; 100 questions	None	None	None	https://www.hvacexcellence.org
HVACE003	HVAC Excellence Employment Ready - Light Commercial Air Conditioning	HVAC Excellence	No	Yes	HVAC Excellence Employment Ready Light Commercial Air Conditioning certification measures users' knowledge and skills in commercial air conditioning systems & components, equipment installation & service, refrigeration theory & application, troubleshooting.	1 exam required; 100 questions	None	None	None	https://www.hvacexcellence.org
HVACE004	HVAC Excellence Employment Ready - Electric Heat	HVAC Excellence	No	Yes	HVAC Excellence Employment Ready-Electric Heat certification measures users' knowledge and skills in systems & components, equipment - installation & service, heating systems & components, safety, theory & application, troubleshooting.	1 exam required; 100 questions	None	None	None	https://www.hvacexcellence.org

HVACE005	HVAC Excellence Employment Ready - Light Commercial Refrigeration	HVAC Excellence	No	Yes	HVAC Excellence Employment Ready Light Commercial Refrigeration certification measures users' knowledge and skills in equipment installation & service, refrigeration systems & components, refrigeration theory & application, troubleshooting.	1 exam required; 100 questions	None	None	None	https://www.hvacexcellence.org
HVACE006	HVAC Excellence Employment Ready - Gas Heat	HVAC Excellence	No	Yes	HVAC Excellence Employment Ready Gas Heat certification measures users' knowledge and skills in combustion theory, electrical troubleshooting, furnace installation & service, furnace troubleshooting, heating safety, heating system & components.	1 exam required; 100 questions	None	None	None	https://www.hvacexcellence.org
HVACE011	HVAC Excellence Employment Ready - Electrical	HVAC Excellence	Yes	Yes	HVAC Excellence Employment Ready Electrical certification measures knowledge and skills in components, meter usage, safety, theory, troubleshooting, fundamentals of motors and capacitors, interpreting electrical diagrams.	1 exam required; 100 questions	None	None	None	https://www.hvacexcellence.org
HVACE015	HVAC Excellence Professional Level - Heat Pump Service	HVAC Excellence	No	Yes	The HVAC Excellence Professional Level - Heat Pump Service exam covers components, controls, heat pump cycle, service, theory, interpreting heat pump schematics, and troubleshooting.	2 exams required: Principles of Electrical and Refrigeration Theory (Core exam) and Heat Pump Service exam. Each exam has 100 questions.	The Heat Pump Service Professional Level Exams requires 2 years of verified field experience prior to taking the exams.	None	None	https://www.hvacexcellence.org
IASSCO01	IASSC Certified Black Belt	International Association For Six Sigma Certification	No	Yes	This certification tests the candidate's understanding of the IASSC Black Belt Lean Six Sigma Body of Knowledge™, which includes the primary sections of Define, Measure, Analyze, Improve and Control. Each section is broken down into sub-categories consisting of individual subject matter topics.	1 exam required; 150 question, closed book, proctored exam, 4 hours. A minimum passing score is 580 points out of 750 points.	None	None	Lean Six Sigma training obtained through a qualified institution, Lean Six Sigma trainer or corporate program is recommended, but not required. Real-world Lean Six Sigma work experience and project application experience is recommended, but not required.	https://www.iassc.org/six-sigma-certification
ICOEC002	Certified Ethical Hacker (CEH)	EC-Council	No	Yes	The Certified Ethical Hacker (CEH) certification measures users' knowledge and skills to undertake an attempt to penetrate networks and/or computer systems using the same methods and techniques as a Hacker.	1 exam required; 125 multiple choice questions; 4 hours; minimum score of 70% or higher	Individuals must have completed an approved training program or have two years of information security related experience.	None	None	https://www.eccouncil.org/
ICOEC003	Computer Hacking Forensic Investigator (CHFI)	EC-Council	No	Yes	The Computer Hacking Forensic Investigator (CHFI) certification measures users' knowledge and skills in detecting hacking attacks and properly extracting evidence to report the crime and conduct audits to prevent future attacks including methods for discovering data that resides in computer systems and recovering deleted, encrypted, or damaged file information.	1 exam required; 150 multiple choice questions; 4 hours; minimum score of 70% or higher	Individuals must have completed an approved training program or have two years of information security related experience.	None	None	https://www.eccouncil.org/
ICOEC004	Certified Security Analyst (ECSA)	EC-Council	No	Yes	The Certified Security Analyst (ECSA) certification measures users' knowledge and skills in advanced uses of the IPT methodologies, tools and techniques required to perform comprehensive information security tests. ECSAs design, secure and test networks to protect organizations from the threats.	1 exam required; 50 multiple choice questions; 2 hours; minimum score of 70% or higher	Individuals must have completed an approved training program or have two years of information security related experience.	None	None	https://www.eccouncil.org/
ICOEC005	EC-Council Cyber Forensics Associate	EC-Council	Yes	No	The Cyber Forensics Associate (CJFA) certification demonstrates an individual's knowledge of how to detect hacking attacks and properly extract evidences to report the crime and conduct audits to prevent future attacks.	1 exam required; 40 questions; 50 minutes	None	None	None	https://www.eccouncil.org/eccouncil-associate-programs-eha-cta/
ICOEC006	EC-Council Ethical Hacker Associate	EC-Council	Yes	No	The Ethical Hacking Associate (EHA) certification demonstrates an individual's knowledge in information security and network security, including the tools and methodologies of a malicious hacker, but in a lawful and legitimate manner. This credential certifies individuals at an entry-level of network security discipline of ethical hacking from a vendor-neutral perspective.	1 exam required; 40 questions; 50 minutes	None	None	None	https://www.eccouncil.org/eccouncil-associate-programs-eha-cta/
ICOEC007	EC-Council Certified Incident Handler (ECH)	EC-Council	No	Yes	The EC-Council Certified Incident Handler (ECH) certification exam tests competencies in incident response and handling; process handling; forensic readiness and first response; email security incidents; application level incidents; network & mobile incidents; insider threats; malware incidents; incidents occurred in a cloud environment.	1 exam required. 100 Questions, 3 hours, multiple choice; exam code 212-89; EC-Council Exam Portal	Exam candidate should have 1 year of information security related experience or should attend official training.	None	None	https://www.eccouncil.org/
ICOEC008	EC-Council Certified Network Defender (CND)	EC-Council	No	Yes	The Certified Network Defender (CND) certification tests competencies in protecting, detecting and responding to the threats on the network. Network administrators are usually familiar with network components, traffic, performance and utilization, network topology, location of each system, security policy, etc.	1 exam required. 100 Questions, 4 hours, Multiple choice, Exam Prefix: 312-38 (ECC EXAM)	Exam candidate should have 2 years of information security related experience or should attend official training.	None	None	https://www.eccouncil.org/
ICOEC009	EC-Council Certified Security Operations Center (SOC) Analyst (CSA)	EC-Council	No	Yes	The Certified SOC Analyst (CSA) certification tests competencies in security operations and management; understanding cyber threats, IOCs, and attack methodology; incidents, events, and logging; incident detection with security information and event management (SIEM); enhanced incident detection with threat intelligence; and incident response.	1 exam required. 100 questions; 3 hours; multiple choice; minimum passing score of 70%; EC-Council Exam Portal; Exam code 312-39	Exam candidate should have 1 year of information security related experience or should attend official training.	None	None	https://www.eccouncil.org/
IECON001	Field Service Engineer - Low Voltage Systems	Independent Electrical Contractors	No	Yes	The Field Service Engineer - Low Voltage Systems certification measures users' knowledge and skills in intro to electronics; fire alarm systems; nurse call systems; security systems; audio and sound systems; wireless broadband networks; building automation; intro to fiber optics; intro to structured cabling; mass notification - exterior; and emerging technologies.	1 exam required; 4 hours	None	None	None	https://www.iecfwcc.org
IECON002	Field Service Engineer - Voice-Data-Video	Independent Electrical Contractors	No	Yes	The Field Service Engineer - Voice-Data-Video certification measures users' knowledge and skills in intro to structured cabling systems; intermediate structured cabling systems; intro to optical fiber; intro to networking and telephone systems; wireless and broadband networks; tv systems (CAT 5); CLTV security systems; and emerging technologies.	1 exam required; 4 hours	None	None	None	https://www.iecfwcc.org
IECON003	Journeyman Electrician	Independent Electrical Contractors	No	Yes	The Journeyman Electrician certification measures users' knowledge and skills in electrical theory & national electric code (NEC); commercial & industrial installations & service; commercial motor control and/or service residential installations; and site & slab work.	1 exam required; 4 hours	None	None	None	https://www.iecfwcc.org
IECON004	Residential Wireman	Independent Electrical Contractors	No	Yes	The Residential Wireman certification measures users' knowledge and skills in residential wiring, residential finish work, general lighting and service installation, troubleshooting, and residential telecommunications.	1 exam required; 4 hours	None	None	None	https://www.iecfwcc.org
ISSCO01	CISSP- Information Systems Security Management Professional (CISSP-ISSMP)	International Information Systems Security Certification Consortium, Inc.	No	Yes	The CISSP- Information Systems Security Management Professional (CISSP-ISSMP) certification measures users' knowledge and skills in project management, risk management, setting up and delivering a security awareness program, and managing a business continuity planning program.	1 exam required	None	The current requirements for the ISSMP call for four years of work experience in one or more of the ten domains of the CISSP CBK, or three years of experience with an applicable college degree or a credential from the (ISC) approved list.	None	https://www.isc2.org
ISSCO02	Systems Security Certified Practitioner (SSCP)	International Information Systems Security Certification Consortium, Inc.	No	Yes	The Systems Security Certified Practitioner (SSCP) certification measures users' knowledge and skills in access controls, security operations and administration, monitoring and analysis, risk, response and recovery, cryptography, networks and communications, and malicious code and activity.	1 exam required; minimum score of 700 points or greater required	None	None	None	https://www.isc2.org
ISSCO03	Certified Cyber Forensics Professional (CCFP)	International Information Systems Security Certification Consortium, Inc.	No	Yes	The Certified Cyber Forensics Professional (CCFP) certification measures users' knowledge and skills in mobile forensics, cloud forensics, and anti-forensics in law enforcement to support criminal investigations, cybercrime and cyber security professionals working in the public or private sectors, computer forensic engineers and managers working in corporate information security, digital forensic and e-discovery consultants focused on litigation support, cyber intelligence analysts working for defense/intelligence agencies, and computer forensic consultants working for management or specialty consulting firms.	1 exam (CCFP) required; 125 questions; 4 hours; minimum score of 700 or higher required	None	Individuals with a four-year college degree leading to a Baccalaureate must demonstrate three years of full time digital forensics or IT security experience in three out of the six domains of the credential. Individuals who do not hold a four-year college degree leading to a Baccalaureate, must have six years of full time digital forensics or IT security experience in three out of the six domains of the credential. One year of the work experience may be waived for Individuals without a 4 year degree, who have earned an alternate forensics certification on the (ISC)2 approved list. Individuals may sit for the exam before completing the work experience requirement and are issued the Associate of (ISC)2 for CCFP until they have documented the work experience.	None	https://www.isc2.org
ISSCO04	Certified Information Systems Security Professional (CISSP)	International Information Systems Security Certification Consortium, Inc.	No	Yes	The Certified Information Systems Security Professional (CISSP) certification measures users' knowledge and skills to design, engineer, implement, and manage their overall information security program to protect organizations from growing sophisticated attacks.	1 exam (CISSP) required; 250 questions; 6 hours; minimum score of 700 or higher required	None	Individuals must demonstrate five years of full time paid work experience in two of the ten domains. One year of the work experience may be waived for individuals with a 4 year degree. Individuals may sit for the exam before completing the work experience requirement and are issued the Associate of (ISC)2 for CISSP until they have documented the work experience.	None	https://www.isc2.org

INSOC002	Certified Automation Professional (CAP)	International Society of Automation	No	Yes	The Certified Automation Professional (CAP) certification measures users' knowledge and skills for the direction, definition, design, development/application, deployment, documentation, and support of systems, software, and equipment used in control systems, manufacturing information systems, systems integration, and operational consulting.	1 exam required	None	Ten (10) years of work in the automation field. One (1) year of work experience means 1,500 hours of active employment. A cumulative total of 15,000 hours of documented work experience is required during the ten (10) year period prior to application date. An Associate Degree in automation or a related technology from an accredited educational institution will count as two (2) years of work experience.	None	https://www.isc2.org
INSOC005	Certified Control Systems Technician (CCST) - Level 3	International Society of Automation	No	Yes	The Certified Control Systems Technician (CCST) certification measures users' knowledge and skills for the calibration, documentation, troubleshooting, and repair/replacement of instrumentation for systems that measure and control level, temperature, pressure, flow, and other process variables in the field of automation.	1 exam required	None	A thirteen-year total of education, training, and/or experience. The following elements may be used to satisfy this requirement: A registered apprenticeship in an instrumentation, measurement and control, electronics, electrical, and/or mechanical program, if applicable. Academic degree (or equivalent) in a related technology area, to a maximum of four years. Related work experience, including at least five years in instrumentation/measurement and control.	None	https://www.isc2.org
INTUT001	Quickbooks Certified User	Intuit	Yes	No	The QuickBooks Certified User certification documents proficiency of accounting professions with the QuickBooks Financial Software (Pro, Premier, and Enterprise editions).	1 exam required; 50 multiple choice questions; computer based; passing score of 80% or greater required.	None	None	None	https://www.quickbookstraining.com/QuickBooks-certification/
INTUT002	Entrepreneurship & Small Business	Intuit	Yes	No	The Entrepreneurship & Small Business certification validates understanding of core business principles, including the essentials of launching and maintaining a successful company. Competencies tested include entrepreneurship; recognizing and evaluating opportunities; planning for, starting, and operating a business; marketing and sales; and business financials and funding.	1 exam required (ESB V.2)	None	None	None	https://certipoint.com/esh
INTUT003	Master Entrepreneurship Certification	Intuit	Yes	No	The Master Entrepreneurship certification tests concepts related to entrepreneurship and small business concepts and principles, as well as design thinking. This certification requires two exams: Entrepreneurship & Small Business (ESB V.2) and Design for Delight. The Entrepreneurship & Small Business certification validates understanding of core business principles, including the essentials of launching and maintaining a successful company. Competencies tested include entrepreneurship; recognizing and evaluating opportunities; planning for, starting, and operating a business; marketing and sales; and business financials and funding. Design for Delight is a set of principles that give students hands-on experience in creative problem-solving and innovation. Design for Delight tests competencies in the following principles: deep customer empathy, go broad to go narrow, and rapid experiments with customers.	2 exams required: Entrepreneurship & Small Business (ESB V.2) and Design for Delight	None	None	None	https://certipoint.com/esh
ISOGR801	TOSA® DigComp	Isograd Inc.	Yes	No	The TOSA® DigComp test measures competencies in information and data literacy; communication and collaboration; digital content creation; safety; and problem solving.	3 exams required: TOSA® DigComp Assessment x2 (pre-and post-assessment or practice test) TOSA® DigComp Certification exam	None	None	None	https://www.isograd.com/EN/tosadigital.php
ISOGR802	TOSA® CyberCitizen	Isograd Inc.	Yes	No	The TOSA® CyberCitizen test assesses the candidate's abilities to protect devices and digital content and understand the risks and security measures in the protection of personal data in different contexts (social networks, email, software install, etc.), in a professional environment, at home or on the move.	3 exams required: TOSA® CyberCitizen Assessment x2 (pre- and post assessment or practice test) TOSA® CyberCitizen Certification exam 35 questions; 60 minutes; minimum score of 351	None	None	None	https://www.tosa.org/EN/Certification/brand-digital
ISOGR803	TOSA® Google Docs	Isograd Inc.	Yes	No	TOSA® Google Docs validates the candidate's proficiency and skill level in the Google Docs software application. It assesses the candidate's level on four skill domains: methods and software environment, page layout and formatting, editing tools, and graphic objects and tables.	3 exams required: TOSA® Google Docs Assessment x2 (pre-and post assessment or practice test) TOSA® Google Docs Certification exam 35 questions; 60 minutes; minimum score of 351	None	None	None	https://www.tosa.org/EN/Certification/brand-desktop
ISOGR804	TOSA® Google Sheets	Isograd Inc.	Yes	No	TOSA® Google Sheets validates the candidate's proficiency and skill level in the Google Sheets software application. It assesses the candidate's level on four skill domains: methods and software environment, data manipulation, functions and formulas, and formatting.	3 exams required: TOSA® Google Sheets Assessment x2 (pre-and post assessment or practice test) TOSA® Google Sheets Certification exam 35 questions; 60 minutes; minimum score of 351	None	None	None	https://www.tosa.org/EN/Certification/brand-desktop
ISOGR805	TOSA® Google Slides	Isograd Inc.	Yes	No	TOSA® Google Slides validates the candidate's proficiency and skill level in the Google Slides software application. It assesses the candidate's level on four skill domains: methods and software environment, text formatting, object manipulation, and themes and templates.	3 exams required: TOSA® Google Slides Assessment x2 (pre-and post assessment or practice test) TOSA® Google Slides Certification exam 35 questions; 60 minutes; minimum score of 351	None	None	None	https://www.tosa.org/EN/Certification/brand-desktop
JCAHO001	Certified Ophthalmic Medical Technologist (COMT)	Joint Commission on Allied Health Personnel in Ophthalmology (JCAHPO)	No	Yes	The Certified Ophthalmic Technician certification measures users' knowledge and skills to assist ophthalmologists by performing ophthalmic clinical functions and ophthalmic photography, provide instruction and supervision to other ophthalmic personnel, and assist with minor surgical procedures, applying aseptic techniques and preparing instruments. COMTs may perform eye exams, administer eye medications, and instruct patients in care and use of corrective lenses.	1 (2-part) exam required; Written test: 160 multiple choice questions; 3 hours; Performance Test: 5-12 skill areas	None	None	None	https://www.jcahpo.org/certification
JCAHO002	Certified Ophthalmic Technician (COT)	Joint Commission on Allied Health Personnel in Ophthalmology (JCAHPO)	No	Yes	The Certified Ophthalmic Technician certification measures users' knowledge and skills to assist ophthalmologists by performing ophthalmic clinical functions including administering eye exams, administering eye medications, and instructing the patient in care and use of corrective lenses.	1 (2-part) exam required; Written test: 200 multiple choice questions; 3 hours; Skill Evaluation: 7 skills; 2 hours	None	None	None	https://www.jcahpo.org/certification
KNOWL001	Python Coding Specialist	Knowledge Pillars Education Inc	Yes	Yes	The Python Coding Specialist certification allows coding specialists, software developers, and IT professionals the ability to assess their knowledge and get credentials for their programming skills. Competencies tested include Python fundamental concepts; variables and operators; using conditional statements; using loops; creating and using functions and generators; Python data structures; using modules and packages; classes, objects and object-oriented programming; responding to events and exceptions; and input-output operations using Python.	1 exam required; 35 questions; 45 minutes; minimum passing score of 75%.	None	None	None	https://knowledge-pillars.com/certifications/
KNOWL002	WordPress Certified Editor	Knowledge Pillars Education Inc	Yes	Yes	The WordPress Certified Editor certification exam tests competencies in the correct application of principle features of WordPress by creating and editing posts and pages in real WordPress websites. Candidates are expected to have a firm background related to managing posts, pages, comments and the media library, as well as using the post and page builder and editing the HTML code of posts or pages.	1 exam required; 35 questions; 45 minutes; minimum passing score of 75%.	None	None	None	https://knowledge-pillars.com/certifications/
KNOWL003	HTML/CSS Coding Specialist	Knowledge Pillars Education Inc	No	Yes	The HTML/CSS Coding Specialist certification tests competencies in 5 key areas covering HTML and CSS up to an intermediate level. Candidates will be tested on the fundamentals of HTML, including its uses and limitations as well as placing elements on a page, such as text, links, tables, and media. The exam also tests the candidate's ability to work with the basics of CSS and will be expected to have a clear understanding of how HTML documents can interact with CSS in a coherent and professional manner.	35 questions; 45 minutes; passing score: 75%; Format: Linear and Live-in-the-App	None	None	None	https://knowledge-pillars.com/certifications/

KNOWL004	JavaScript Coding Specialist	Knowledge Pillars Education Inc	No	Yes	The JavaScript Coding Specialist certification exam validates the candidate's ability to recognize and write syntactically correct JavaScript code, use data types supported by JavaScript, and be able to recognize and write JavaScript code that will logically solve a given problem. It is recommended that candidates have at least 150 hours of instruction or hands-on experience with the JavaScript programming language before taking this exam. Candidates should also be familiar with JavaScript features and capabilities, and understand how to write, debug and maintain well-formed, well-documented JavaScript code.	35 questions; 45 minutes; Passing score: 75%; Format: Linear and Live-in-the-App	None	None	None	https://knowledge-pillars.com/certifications/
KNOWL801	Python Coding Apprentice (PCA)	Knowledge Pillars Education Inc	Yes	No	Python Coding Apprentice (PCA) candidates are expected to demonstrate a general background in coding with Python. Prior to taking the exam, a candidate is expected to have approximately 100 hours of hands-on experience or lectures on developing using Python. Skills measured include data types & operations, variables, input and output, conditionals, loops, lists, and function.	1 exam required; 25 questions; 25 minutes; minimum score of 75%.	None	None	None	https://knowledge-pillars.com/python-coding-apprentice-certification/
LNIP001	Linux Essentials 010	Linux Professional Institute	Yes	No	The Linux Essentials 010 exam tests competencies in the following topics: understanding of the Linux community career options in open source, navigating a Linux system, using the command line, the Linux operating system, and security and file permissions.	1 exam required (Exam code 010-100); 40 questions; 60 minutes	None	None	None	https://www.lpi.org/our-certifications/linux-essentials-overview
MANSI001	Manufacturing Technician 1 (MT1)	Manufacturing Skills Institute (MSI)	No	Yes	The MT1 certification measures users' knowledge and skills in CAD skills, computer controlled machine programming, precision measurement, process and machine trouble-shooting, problem-solving, machine maintenance and proficient use of diagnostic and statistical tools.	1 exam required: 3 Modules; minimum score of 75% required of all three MT1 certificate modules	None	None	None	manufacturingskillsinstitute.org
MICRO017	Microsoft Office Specialist: Microsoft Office 2016 Master Specialist (Requires Word Expert, Excel Expert, PowerPoint, and Access or Outlook)	Microsoft Corporation	Yes	No	The Microsoft Office Specialist: Microsoft Office 2016 Master Specialist certification measures technical proficiency and expertise of an individual with the Microsoft Office programs including the ability to use advanced features and ability to integrate the Office programs with other software programs.	4 exams required: Word 2016 Expert (77-726); Excel 2016 Expert (77-728); and, PowerPoint 2016 (77-729); AND one elective exam: Access 2016 (77-730); OR Outlook 2016 (77-731)	None	None	None	https://www.microsoft.com/en-us/learning/microsoft-office-specialist-master-certification-2016.aspx#top-section3-head
MICRO052	Microsoft Certified Trainer (MCT)	Microsoft Corporation	No	Yes	The Microsoft Certified Trainer (MCT) certifies readiness of individuals to be Microsoft authorized to deliver training that is based on Official Microsoft Learning Products or Microsoft Dynamics Learning Products for the MCT program.	1 exam required	Before an individual can apply to become a Microsoft Certified Trainer (MCT), they must acquire either one of the Microsoft Certified Professional (MCP) certifications or a Microsoft Dynamics qualifier for the MCT program.	None	None	https://www.microsoft.com/learn/ing/en/us/default.aspx
MICRO082	Microsoft Certified Solutions Associate (MCSA) - SQL Server 2012	Microsoft Corporation	No	Yes	The Microsoft Certified Solutions Associate (MCSA) - SQL Server 2012 certification measures users' knowledge and skills in creating database objects; working with data; modifying data; and troubleshooting and optimizing.	3 exams required (Exam 461-Querying Microsoft SQL Server 2012, Exam 462-Administering a Microsoft SQL Server 2012 Database and Exam 463-Implementing Data Warehouse with Microsoft SQL Server 2012)	None	None	None	https://www.microsoft.com/learn/ing/en/us/default.aspx
MICRO107	Microsoft Certified Solutions Expert (MCSE) - Data Management and Analytics	Microsoft Corporation	No	Yes	The Microsoft Certified Solutions Expert (MCSE) - Data Management and Analytics certification measures broad skills in SQL administration, building enterprise-scale data solutions and leveraging business intelligence data – both on-premises and in cloud environments.	1 exam required	Must first earn MCSA in SQL Server 2012/2014, or SQL 2016-Database Administration, Database Development, BI Development, Machine Learning, BI Reporting or Data Engineering with Azure.	Work experience is recommended, and varies depending on the specific exam. Visit the website for more specific information.	None	https://www.microsoft.com/learn/ing/en/us/default.aspx
MICRO111	Microsoft Certified Solutions Developer (MCSD) - App Builder	Microsoft Corporation	No	Yes	The Microsoft Certified Solutions Developer (MCSD) - App Builder certification measures skills needed to build modern mobile and/or web applications and services.	1 exam required	Must first earn MCSA certification in either Web Applications or Universal Windows Platform.	Work experience is recommended, and varies depending on the specific exam. Visit the website for more specific information.	None	https://www.microsoft.com/learn/ing/en/us/default.aspx
MICRO116	Windows Server Administration Fundamentals	Microsoft Corporation	No	Yes	The Windows Server Administration Fundamentals exam tests competencies in server installation, server roles, storage, active directory, server performance management, and server maintenance. Candidates for this exam are familiar with the concepts and the technologies of Windows Server administration. Candidates should have some hands-on experience with Windows Server, Windows-based networking, Active Directory, account management, and system recovery tools and concepts.	Requires 1 exam: Exam 98-365: Windows Server Administration Fundamentals	None	None	None	https://www.microsoft.com/learn/ing/en/us/default.aspx
MICRO117	Microsoft 365 Certified: Enterprise Administrator Expert	Microsoft Corporation	No	Yes	The Microsoft 365 Certified: Enterprise Administrator Expert certification exam measures skills in the design and implementation of Microsoft 365 services, management of user identity and roles, management of access and authentication, planning Office 365 workloads and applications, implementing modern device services, implementing security and threat management, and managing governance and compliance.	Requires 3 exams: a prerequisite exam (see website for options), Microsoft 365 Identity and Services, and Microsoft 365 Mobility and Security.	None	None	None	https://www.microsoft.com/learn/ing/en/us/default.aspx
MICRO118	Microsoft 365 Certified: Modern Desktop Administrator Associate	Microsoft Corporation	No	Yes	The Microsoft 365 Certified: Modern Desktop Administrator Associate certification exam tests competencies in deploying, configuring, securing, managing, and monitoring devices and client applications in an enterprise environment.	Requires 2 exams: Windows 10 and Managing Modern Desktops.	None	None	None	https://www.microsoft.com/learn/ing/en/us/default.aspx
MICRO119	Microsoft 365 Certified: Security Administrator Associate	Microsoft Corporation	No	Yes	The Microsoft 365 Security Administrator Associate certification exam tests competencies in securing Microsoft 365 enterprise and hybrid environments, implementing and managing security and compliance solutions, responding to threats, and enforcing data governance.	Requires 1 exam: Microsoft 365 Security Administration (MS-500)	None	None	None	https://www.microsoft.com/learn/ing/en/us/default.aspx
MICRO120	Microsoft Certified: Azure Administrator Associate	Microsoft Corporation	No	Yes	The Microsoft Certified: Azure Administrator Associate certification exam tests competencies in implementing, managing, and monitoring identity, governance, storage, compute, and virtual networks in a cloud environment, plus provision, size, monitor, and adjust resources, when needed. An Azure Administrator often serves as part of a larger team dedicated to implementing your organization's cloud infrastructure. A candidate for this certification should have at least six months of hands-on experience administering Azure, along with a strong understanding of core Azure services, Azure workloads, security, and governance. In addition, this role should have experience using PowerShell, Azure CLI, Azure portal, and Azure Resource Manager templates.	1 exam required: Microsoft Azure Administrator (AZ-104)	None	None	None	https://www.microsoft.com/learn/ing/en/us/default.aspx
MICRO121	Microsoft Certified: Azure AI Engineer Associate	Microsoft Corporation	No	Yes	Candidates for the Azure AI Engineer Associate certification should have subject matter expertise using cognitive services, machine learning, and knowledge mining to architect and implement Microsoft AI solutions involving natural language processing, speech, computer vision, and conversational AI. Responsibilities for this role include analyzing requirements for AI solutions, recommending the appropriate tools and technologies, and designing and implementing AI solutions that meet scalability and performance requirements.	1 exam required: Designing and Implementing an Azure AI Solution (AI-100)	None	None	None	https://www.microsoft.com/learn/ing/en/us/default.aspx
MICRO122	Microsoft Certified: Power Platform Developer Associate	Microsoft Corporation	No	Yes	Candidates for the Microsoft Power Platform Developer Associate certification design, develop, secure, and troubleshoot Power Platform solutions. They implement components of the solution that include application enhancements, custom user experience, system integrations, data conversions, custom process automation, and custom visualizations. Candidates must have strong applied knowledge of Power Platform services, as well as an in-depth understanding of their capabilities, boundaries, and constraints. They should have a basic understanding of DevOps practices for Power Platform. Development experience should include Power Platform services, JavaScript, JSON, TypeScript, C#, HTML, .NET, Microsoft Azure, Microsoft 365, RESTful web services, ASP.NET, and Power BI.	1 exam required: Microsoft Power Platform Developer (PL-400)	None	None	None	https://www.microsoft.com/learn/ing/en/us/default.aspx

MICRO123	Microsoft 365 Certified: Fundamentals	Microsoft Corporation	Yes	No	The Microsoft 365 Certified: Fundamentals certification is designed for candidates looking to demonstrate foundational knowledge in the considerations and benefits of adopting cloud services in general and the Software as a Service (SaaS) cloud model. This exam will also cover knowledge of available options and benefits gained by implementing Microsoft 365 cloud service offerings. Competencies tested include cloud concepts; core Microsoft 365 services and concepts; security, compliance, privacy and trust in Microsoft 365; and Microsoft 365 pricing and support.	One exam required (MS-900); 32-43 questions; 60 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/Microsoft/MTC/Overview
MICRO124	Microsoft Certified: Azure AI Fundamentals	Microsoft Corporation	Yes	No	The Microsoft Certified: Azure AI Fundamentals certification is designed for candidates who have foundational knowledge of machine learning (ML) and artificial intelligence (AI) concepts and related Microsoft Azure services. This exam is intended for candidates with both technical and non-technical backgrounds. Data science and software engineering experience are not required; however, some general programming knowledge or experience would be beneficial. Competencies tested include AI workloads and considerations; principles of machine learning on Azure; features of computer vision workloads on Azure; features of Natural Language Processing (NLP) workloads on Azure; and features of conversational AI workloads on Azure.	1 exam required (AI-900); 52 questions; 60 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/Microsoft/MTC/Overview
MICRO125	Microsoft Certified: Azure Data Fundamentals	Microsoft Corporation	Yes	No	The Microsoft Certified: Azure Data Fundamentals certification is designed for candidates who have foundational knowledge of core data concepts and how they are implemented using Microsoft Azure data services. This certification is intended for candidates beginning to work with data in the cloud. Candidates should be familiar with the concepts of relational and non-relational data, and different types of data workloads such as transactional or analytical. Competencies tested include core data concepts; working with relational and non-relational data on Azure; and analytics workload on Azure.	1 exam required (DP-900); 50 questions; 60 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/Microsoft/MTC/Overview
MICRO126	Microsoft Certified: Azure Fundamentals	Microsoft Corporation	Yes	No	The Microsoft Certified: Azure Fundamentals is designed to prove knowledge of cloud concepts, Azure services, Azure workloads, security and privacy in Azure, as well as Azure pricing and support. Candidates should be familiar with the general technology concepts, including concepts of networking, storage, compute, application support and application development. Competencies tested include cloud concepts; core Azure services; core solutions and management tools on Azure; general security and network security features; identity, governance, privacy and compliance features; and Azure cost management and service level agreements.	1 exam required (AZ-900); 32-43 questions; 60 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/Microsoft/MTC/Overview
MICRO128	Microsoft Certified: Power Platform Fundamentals	Microsoft Corporation	Yes	No	The Microsoft Certified: Power Platform Fundamentals certification is designed to prove understanding of the core capabilities of the Power Platform—from business value and core product capabilities to building a simple Power Apps canvas app, connecting data sources, automating basic business processes with Power Automate, creating a Power BI dashboard and creating chatbots with Power Virtual Agents. Competencies tested include the business value of Power Platform; core components of Power Platform; capabilities of Power BI, Power Apps and Power Automate; and the business value of Power Virtual Agents.	1 exam required (PL-900); 37 questions; 60 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/Microsoft/MTC/Overview
MICRO129	Microsoft Certified: Azure Developer Associate	Microsoft Corporation	No	Yes	The Microsoft Certified: Azure Developer Associate certification validates the candidate's ability to program in a language supported by Azure and proficiency in Azure SDKs, Azure PowerShell, Azure CLI, data storage options, data connections, APIs, app authentication and authorization, compute and container deployment, debugging, performance tuning and monitoring.	One exam: AZ-204	None	None	Recommended 1-2 years professional development experience and experience with Microsoft Azure	https://www.microsoft.com/learn/en-us/default.aspx
MICRO130	Microsoft Certified: Data Analyst Associate	Microsoft Corporation	No	Yes	The Microsoft Certified: Data Analyst Associate certification tests competency in the use of Microsoft Power Business Intelligence (BI). Skills validated include designing and building scalable data models, cleaning and transforming data and enabling advanced analytic capabilities that provide meaningful business value through easy-to-comprehend data visualizations.	One exam: DA-100	None	None	None	https://www.microsoft.com/learn/en-us/default.aspx
MICRO801	Microsoft Office Specialist: Microsoft Office Excel	Microsoft Corporation	Yes	No	The Microsoft Office Excel exam tests competencies in fundamentals of creating and managing worksheets and workbooks, creating cells and ranges, creating tables, applying formulas and functions, and creating charts and objects. The exam covers the ability to create and edit a workbook with multiple sheets and use a graphic element to represent data visually.	1 exam required (MO-200 or 77-727)	None	None	None	https://docs.microsoft.com/en-us/learn/certifications/mos-excel-2019
MICRO802	Microsoft Office Specialist: Microsoft Office Word	Microsoft Corporation	Yes	No	The Microsoft Office Word Exam tests competencies in the correct application of the principal features of Word by creating and editing documents for a variety of purposes and situations.	1 exam required (MO-100 or 77-725)	None	None	None	https://docs.microsoft.com/en-us/learn/certifications/mos-word-2019
MICRO803	Microsoft Office Specialist: Microsoft Office PowerPoint	Microsoft Corporation	Yes	No	The Microsoft Office PowerPoint exam measures competency to create, edit, and enhance presentations and slideshows, including the ability to create and manage presentations, insert and format shapes and slides, create slide content, apply transitions and animations, and manage multiple presentations.	1 exam required (MO-300 or 77-729)	None	None	None	https://docs.microsoft.com/en-us/learn/certifications/mos-powerpoint-2019
MSSCN001	MSSC Certified Production Technician (CPT)	Manufacturing Skills Standards Council (MSSC)	Yes	Yes	The MSSC Certified Production Technician (CPT) certification measures knowledge and skills to demonstrate mastery of the core competencies for manufacturing production at the front-line (entry-level through front-line supervisor).	4 exams required; 80-90 questions each; 90 minutes each	None	None	None	https://www.msscusa.org
MSSCN002	MSSC Certified Logistics Technician (CLT)	Manufacturing Skills Standards Council (MSSC)	Yes	Yes	The Certified Logistics Technician (CLT) Certification measures knowledge and skills in product receiving, product storage, order processing, packaging and shipment, inventory control, safe handling of hazard materials, evaluation of transportation modes, dispatch and tracking, and measurements and metric conversions.	1 exam required; 96 multiple choice questions; 120 minutes	Individuals must already have their Certified Logistics Associate (CLA) Certificate.	None	None	https://www.msscusa.org
NASME001	NASM Certified Personal Trainer (CPT)	National Academy of Sports Medicine	Yes	Yes	The National Academy of Sports Medicine - Certified Professional Trainer certification measures individual's ability to perform individualized assessments, and design safe exercise and conditioning programs that are scientifically valid and based on clinical evidence.	1 exam required; 2 hour time limit with 120 test questions, in which 20 are research questions and do not count toward or against the final score. A passing score is 70% or better.	Must have a high school diploma or equivalent. Must have current Emergency Cardiac Care (ECC) and Automated External Defibrillator (AED) Certification prior to sitting for the exam (not required to purchase the CPT).	None	None	https://www.nasm.org
NATEX001	Air Conditioning Service Technician	North American Technician Excellence	Yes	Yes	The Air Conditioning Service Technician certification measures knowledge and skills in installation, service, maintenance, and repair of HVAC systems, with a focus on service. System sizes are limited to 30 tons or less cooling capacity.	2 exam required (a CORE and a Specialty Air Conditioning Installation test); 50 questions on CORE tests and 100 questions on Specialty test; must score 70% or higher on each.	None	None	None	https://www.natex.org/site/353/Technicians/Certification-Basics/101
NATEX002	Air Conditioning Installation Specialization	North American Technician Excellence	Yes	Yes	The Air Conditioning Service Technician certification measures knowledge and skills in installation, service, maintenance, and repair of HVAC systems, with a specialization in installation. System sizes are limited to 30 tons or less cooling capacity.	2 exam required (a CORE and a Specialty Air Conditioning Installation test); 50 questions on CORE tests and 100 questions on Specialty test; must score 70% or higher on each.	None	None	None	https://www.natex.org/site/353/Technicians/Certification-Basics/101
NATEX003	Air to Air Heat Pump Installation Technician	North American Technician Excellence	Yes	Yes	The Air to Air Heat Pump Installation Technician certification measures knowledge and skills to prepare installation sites (including removal of existing HVAC/R equipment), fabricate systems, and assemble systems.	2 exams required (a CORE and a Specialty Air to Air Heat Pump Installation exam); 50 questions on CORE tests with 90 minutes to complete; 100 questions on Specialty test with 150 minutes to complete.	None	None	None	https://www.natex.org/site/353/Technicians/Certification-Basics/102
NATEX004	Air to Air Heat Pump Service Technician	North American Technician Excellence	No	Yes	The Air to Air Heat Pump Service Technician certification measures knowledge and skills in installation, service, maintenance, and repair of heat pump systems, with a focus on service. System sizes are limited to 30 tons or less cooling capacity.	2 exams required, CORE exam (50 questions, 90 minutes) and Air to Air Heat Pump Service Technician exam (100 questions; 150 minutes); minimum passing score of 70% or higher required on each exam	None	None	None	https://www.natex.org/site/353/Technicians/Certification-Basics/101

NATHA002	Certified EKG Technician (CET)	National Healthcareer Association	Yes	Yes	The Certified EKG Technician (CET) certification is for cardiovascular technologists and technicians who assist physicians in diagnosing and treating cardiac (heart) and peripheral vascular (blood vessel) ailments. Cardiovascular technologists may specialize in any of three areas of practice: invasive cardiology, echocardiography, and vascular technology.	1 exam required; 100 questions; 2 hours	Applicant must be 18 years of age or older, must have completed high school and completed 60 hours of training and performed 10 live EKG's.	None	None	https://www.nhanow.com
NATHA003	Certified Medical Administrative Assistant (CMAA)	National Healthcareer Association	Yes	Yes	The Certified Medical Administrative Assistant (CMAA) certification ensures individuals have the knowledge of patients' medical records and office management skills; appointment/ scheduling/ correspondence; and mail management skills.	1 exam required; 110 questions; 2 hours 10 minutes	To be eligible for CMAA certification, applicants must possess a high school diploma or GED, and have completed a training program or have one year work experience in the field. Individuals who have completed the State of Florida's Medical Administrative Assistant Program may apply to NHA to receive a waiver to take exam prior to high school graduation.	None	None	https://www.nhanow.com
NATHA006	Certified Patient Care Technician (CPCT)	National Healthcareer Association	Yes	Yes	The Certified Patient Care Technician (CPCT) measures knowledge and skills to provide direct patient care in a variety of healthcare environments. CPCT duties may include basic patient care including feeding, bathing or moving patients and changing linens.	1 exam required; 100 questions; 1 hour 50 minutes	Individuals must be at least 18 years of age and have a high school diploma, or equivalency and must have successfully completed an accredited or approved training program within the last year or must have worked within the past year in the field of certification for a minimum of one year.	None	None	https://www.nhanow.com
NATHA007	Certified Phlebotomy Technician (CPT)	National Healthcareer Association	Yes	No	The Certified Phlebotomy Technician (CPT) measures knowledge and skills to draw blood from patients in hospitals, blood centers, or similar facilities for analysis or other medical purposes. As a CPT, one may perform some or all of the following tasks: basic phlebotomy procedures; Evaluate patients for ability to withstand venipuncture procedure; Explain the venipuncture procedure and answer patient questions; Perform basic point of care testing, such as blood glucose levels on patients; and Prepare blood, urine, and other body fluid specimens for testing according to established standards.	1 exam required; 100 questions; 2 hours	Individuals must have a High School Diploma or the equivalent and have successfully completed a training program or one year of work experience within the field.	None	Training/work experience must include a minimum of 30 successful venipunctures and 10 successful capillary sticks. These venipuncture and capillary sticks must be performed on live individuals. Individuals must provide written proof of training or experience and/or documentation of education completion upon request.	https://www.nhanow.com
NATHA008	Certified Billing & Coding Specialist (CBCS)	National Healthcareer Association	No	Yes	The Certified Billing & Coding Specialist (CBCS) certification measures users' knowledge and skills in converting medical procedures, diagnoses, or symptoms into specific codes for submitting a claim for reimbursement including documentation in a patient record to support coding and billing process, assigning codes for diagnoses and procedures, submitting claims for reimbursement based on payer policies and procedures, and working with providers to document procedures to support quality coding and reimbursement.	1 exam required; 100 multiple choice questions; 1 hour and 45 minutes; minimum passing score of 72% or higher required.	Individuals must have a High School Diploma or the equivalent and have successfully completed a training program or one year of work experience within the field. Individuals must provide written proof of training or experience and/or documentation of education completion upon request.	None	None	https://www.nhanow.com
NATHA009	Certified Clinical Medical Assistant (CCMA)	National Healthcareer Association	Yes	Yes	The Certified Clinical Medical Assistant (CCMA) exam tests competencies in foundational knowledge and basic science; anatomy and physiology; clinical patient care; patient care coordination and education; administrative assisting; communication and customer service; and medical law and ethics.	1 exam required; 150 scored items; 3 hours	Individuals must have a High School Diploma or the equivalent and have successfully completed a training program or one year of work experience within the field. Individuals must provide written proof of training or experience and/or documentation of education completion upon request.	None	None	https://www.nhanow.com
NATHA010	Certified Pharmacy Technician (CPhT)	National Healthcareer Association	Yes	Yes	The Certified Pharmacy Technician (CPhT) certification measures knowledge and skills to perform work delegated by licensed pharmacists in accordance with state rules and regulations. CPhT's duties may include receiving written prescriptions requests from patients, and sent electronically from doctor's offices, prepare medications including retrieving, counting, pouring, weighing, and measuring, establish and maintain patient profiles, and prepare insurance claim forms and manage inventory.	1 exam required; 100 questions; 2 hours 10 minutes	Individuals must have a High School Diploma or the equivalent and have successfully completed a training program or one year of work experience within the field. Individuals must provide written proof of training or experience and/or documentation of education completion upon request.	None	None	https://www.nhanow.com
NATHA011	Certified Electronic Health Record Specialist (CEHRS)	National Healthcareer Association	Yes	Yes	The Certified Electronic Health Record Specialist (CEHRS) certification measures knowledge and skills in how to maintain the integrity and protect the privacy and security of patient information. This certification helps an individual demonstrate their proficiency in auditing of patient records for compliance with legal and regulatory requirements perform basic coding to submit claims for reimbursement from insurers and collect patient demographic and insurance information.	1 exam required; 100 questions; 1 hour 50 minutes	The individual must have a High School Diploma or the equivalent and successfully completed a training program or one year of work experience within the field. Individuals must provide written proof of training or experience and/or documentation of education completion upon request. An applicant who is scheduled to graduate from an accredited high school or GED program may receive a provisional certification.	None	Individuals with provisional certification must take and successfully pass the examination no more than 12 months prior to graduation. The provisional certification expires 12 months after the examination date and must be converted to a full certification within that time frame.	https://www.nhanow.com
NBCOT001	Orthopaedic Technologist Certified (OTC)	National Board for Certification of Orthopaedic Technologists	No	Yes	The Orthopaedic Technologist - Certified certification measures knowledge and skills in assisting orthopaedic surgeons with casting casts or splints, setting up traction devices and adjusting medical equipment, like crutches or walkers.	1 exam required; 3 hours	To be eligible an individual must meet the following requirements: A) two-years of full time employment in Orthopaedics specific to Orthopaedic Technology and in accordance with the current Examination Breakdown under the direct supervision of a Physician specializing in the musculoskeletal system. B. Completion of an Orthopaedic Technologist (OT) Training Program that satisfies the requirements of the NBCOT Eligibility Route B Policy.	None	None	https://www.nbcot.net
NBFOT001	Certified Occupational Therapy Assistant	National Board for Certification in Occupational Therapy	No	Yes	The Certified Occupational Therapy Assistant certification measures users' knowledge and skills in helping patients develop, recover, and improve the skills needed for daily living and working.	1 exam required	Individuals must graduate with an accredited/approved entry-level occupational therapy degree - Associate degree in occupational therapy - COTA exam.	None	None	https://www.nbcot.org
NBFR001	Certified Respiratory Therapist (CRT)	National Board for Respiratory Care	No	Yes	The Certified Respiratory Therapist (CRT) certification measures knowledge and skills to evaluate, treat, and care for patients with breathing or other cardiopulmonary disorders. CRTs assume primary responsibility for all respiratory care therapeutic treatments and diagnostic procedures, including the supervision of respiratory therapy technicians.	1 exam required; 160 multiple choice questions;	Applicants must be 18 years of age or older. Applicants shall satisfy one of the following educational requirements: A) Applicants shall have a minimum of an associate degree from a respiratory therapy education program accredited by the Commission on Accreditation for Respiratory Care (CAARC) or accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) B) Applicants enrolled in an accredited respiratory therapy program in an institution offering a baccalaureate degree may be admitted to the CRT Examination with a "special certificate of completion" issued by a sponsoring educational institution.	None	None	https://www.nbrcc.org
NBFR002	Registered Respiratory Therapist (RRT)	National Board for Respiratory Care	No	Yes	The Registered Respiratory Therapist (RRT) certification measures knowledge and skills to care for patients who have trouble breathing from a chronic respiratory disease, such as asthma or emphysema. RRTs also provide emergency care to patients suffering from heart attacks, drowning, or shock.	Two exams required, the Therapist Multiple Choice Examination (160 multiple choice questions; 3 hours); the Clinical Simulation Examination (22 problems; 4 hours)	None	None	There are two established cut scores for the Therapist Multiple-Choice Examination. Individuals may become eligible to take the Clinical Simulation Examination by achieving the higher cut score on the Therapist Multiple-Choice Examination. The passing point associated with RRT eligibility is higher than the passing point associated with the CRT credential. Individuals who attempt and pass the Therapist Multiple-Choice Examination at the higher cut score and attempt and pass the Clinical Simulation Examination will be awarded the Registered Respiratory Therapist (RRT) credential.	https://www.nbrcc.org
NBOST001	Certified Surgical Technologist	The National Board of Surgical Technology and Surgical Assisting	No	Yes	The Certified Surgical Technologist (CST) examination content is based on tasks performed by CSTs nationwide. Job analysis surveys are conducted to identify specific tasks related to the frequency and importance of Surgical Technologists nationwide. The results of the job analysis are used to develop the content outline for the examination, which is evaluated on a prescribed schedule to ensure that the overall examination content reflects current surgical technology practices.	1 exam required. Candidates must correctly answer 102 questions to pass. There are 175 questions on the test, 150 of which are scored, and 25 of which are being tested for future examinations. The exam duration is four hours.	Candidates must have completed a CAAHEP or ABHES accredited Surgical Technology Program or a Military Training Program in Surgical Technology. See agency website for eligibility requirements.	None	None	https://www.nbsta.org
NCATT001	Aircraft Electronics Technician (AET)	National Center for Aerospace and Transportation Technologies (NCATT)	Yes	Yes	The Aircraft Electronics Technician (AET) certification prepares individuals for installation, calibration and repair of electronic systems used on aircraft. Aircraft electronics specialists and avionics technicians work closely with the maintenance technicians to keep all aircraft systems operational. This work can take place in an aircraft or in a repair station. The duties include routine electronic maintenance (wiring), troubleshooting or localizing and diagnosing causes of equipment malfunction, replacement of faulty components, tracing circuitry as well as aligning and adjusting repaired equipment.	1 exam required; passing score of 70% or greater required	None	None	None	https://www.ncatt.org

NCAAT003	Aerospace / Aircraft Assembly (AAA)	National Center for Aerospace and Transportation Technologies (NCATT)	Yes	No	The NCATT Aerospace / Aircraft Assembler Standard can be used by Aerospace Industry education and training entities to develop lesson plans as part of a complete education and training program focused on aerospace vehicle or aerospace component assembly. The Standard can also be used to develop specialized and/or targeted education and training needs.	1 exam required; Passing score of 70% or more required	None	None	None	https://www.ncatt.org
NCCER005	NCCER Carpentry - Level 1 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Carpentry - Level 1 credential measures knowledge and skills in building materials, fasteners and adhesives; hand and power tools; reading plans and elevations; floor systems; wall and ceiling framing; roof framing concrete and reinforcing materials; windows and exterior doors; and basic stair layout.	9 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER008	NCCER Construction Technology (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Construction Technology credential measures knowledge and skills in masonry units and installation techniques; floor systems; ceiling joist and roof framing; roofing applications; wall systems; exterior finishing covers; basic stair layout; electrical safety; residential electrical services; HVAC, drain waste, and vent (DWV) systems; plastic pipe and fittings; copper pipe and fittings; cabinetmaking; cabinet installation; and construction equipment.	17 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER010	NCCER Electrical - Level 1 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Electrical - Level 1 credential measures knowledge and skills in electrical safety; electrical circuits; national electrical code; device boxes; hand bending; raceways & fittings; conductors and cables; basic electrical construction drawings; residential electrical services; and electrical test equipment.	12 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER018	NCCER HVAC - Level 1 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The HVAC - Level 1 credential measures knowledge and skills in trade mathematics; basic electricity; heating; cooling; air distribution systems; basic copper and plastic piping practices; soldering and brazing; and basic carbon steel piping practices.	13 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER025	NCCER Masonry - Level 1 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Masonry - Level 1 credential measures knowledge and skills in masonry safety; masonry tools and equipment; measurements, drawings, and specifications; mortar; and masonry units and installation techniques.	6 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER026	NCCER Plumbing - Level 1 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Plumbing - Level 1 credential measures knowledge and skills in plumbing safety; plumbing tools; plumbing math; plumbing drawings; plastic pipe and fittings; copper pipe and fittings; cast-iron pipe and fittings; steel pipe and fittings; plumbing fixtures; DWV systems; and water distribution systems.	12 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER032	NCCER Carpentry - Level 2 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Carpentry - Level 2 credential measures knowledge and skills in commercial drawings; roofing applications; residential; thermal and moisture protection; exterior finishing; residential; cold-formed steel framing steel framing; drywall installation; drywall finishing; doors and door hardware; suspended ceilings; window, door, floor, and ceiling trim; cabinet installation; and cabinet fabrication.	11 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER033	NCCER Carpentry - Level 3 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Carpentry - Level 3 credential measures knowledge and skills in properties of concrete; rigging equipment; rigging practices; trenching and excavating; reinforcing concrete; foundations and slab-on-grade; vertical formwork; horizontal formwork; handling and placing concrete; and tilt-up wall panels.	10 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER034	NCCER Carpentry - Level 4 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Carpentry - Level 4 credential measures knowledge and skills in differential leveling; angular and distance measurement; advanced roof systems; advanced wall systems; advanced stair systems; construction equipment; and oxyfuel cutting and arc welding.	8 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER036	NCCER Concrete Finishing - Level 1 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Concrete Finishing - Level 1 credential measures knowledge and skills in properties of concrete; tools and equipment; preparing for placement; placing concrete; finishing; curing and protecting concrete; and troubleshooting.	9 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER038	NCCER Electrical - Level 2 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Electrical - Level 2 credential measures knowledge and skills in alternating current; motors; electric lighting; conduit bending; pull and junction boxes; conductor installations; cable tray; conductor terminations and splices; grounding and bonding; circuit breakers and fuses; and control systems.	11 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER039	NCCER Electrical - Level 3 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Electrical - Level 3 credential measures knowledge and skills in load calculations - branch circuits; conductor selection and calculations; lighting; hazardous locations; overcurrent protection; distribution equipment; transformers; commercial electrical services; motor calculations; voice, data, & video; and motor controls.	11 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER040	NCCER Electrical - Level 4 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Electrical - Level 4 credential measures knowledge and skills in load calculations feeders & services; health care facilities; standby and emergency systems; basic electronic theory; fire alarm systems; specialty transformers; HVAC controls; heat tracing and freeze protection; motor operation and maintenance; medium-voltage terminations/splices; special locations; and fundamentals of crew leadership.	13 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER044	NCCER Masonry - Level 2 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Masonry - Level 2 credential measures knowledge and skills in residential plans and drawing interpretation; residential masonry; reinforced masonry; masonry openings and metal work; advanced laying techniques; effect of climate on masonry; and construction inspection and quality control.	7 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER045	NCCER Masonry - Level 3 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Masonry - Level 3 credential measures knowledge and skills in elevated masonry; specialized materials and techniques; repair and restoration; commercial drawings; estimating; site layout - distance, measurement and leveling; stone masonry; and fundamentals of crew leadership.	8 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER061	NCCER Welding - Level 1	National Center for Construction Education & Research (NCCER)	Yes	No	The Welding - Level 1 credential measures knowledge and skills in welding safety; oxyfuel cutting; plasma arc cutting; air carbon arc cutting and gouging; base metal preparation; weld quality; SMAW - equipment and setup; SMAW electrodes; SMAW - beads and fillet welds; joint fit-up and alignment; SMAW groove welds with backing; and SMAW - open root groove welds - plate form.	12 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER062	NCCER Welding - Level 2 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Welding - Level 2 credential measures knowledge and skills in welding symbols; reading welding detail drawings; physical characteristics and mechanical properties of metal; preheating and post heating of metals; GMAW and FCAW - equipment and filler metals; GMAW - plate; FCAW - plate; gtaW - equipment and filler metals; and GTAW - plate.	9 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER069	NCCER Plumbing - Level 2 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Plumbing - Level 2 credential measures knowledge and skills in reading commercial drawings; structural penetrations, insulating, and firestopping; installing and testing DWV piping; installing roof, floor, and area drains; types of valves; installing and testing water supply piping; installing fixtures and valves; installing water heaters; basic electricity; and fuel gas systems.	11 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER070	NCCER Plumbing - Level 3 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Plumbing - Level 3 credential measures knowledge and skills in sizing and protecting the water supply system; potable water supply treatment; types of venting; sizing DWV and storm systems; sewage pumps and sump pumps; corrosive resistant waste piping; compressed air; and service plumbing.	9 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER071	NCCER Plumbing - Level 4 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Plumbing - Level 4 credential measures knowledge and skills in business principles for plumbers; fundamentals of crew leadership; water pressure booster and recirculation systems; indirect and special waste; hydronic and solar heating systems; codes; private water supply well systems; private waste disposal systems; swimming pools and hot tubs; plumbing for mobile homes and travel trailer parks; and medical gas and vacuum systems.	11 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org

NCCER081	NCCER HVAC - Level 2 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The HVAC - Level 2 credential measures knowledge and skills in alternating current; compressors; refrigerants and oils; leak detection, evacuation, recovery and charging; metering devices; heat pumps; basic maintenance; chimneys, vents, flues; sheet metal duct systems; fiberglass and flexible duct systems; commercial airside systems; air quality equipment; and hydronic systems.	13 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER082	NCCER HVAC - Level 3 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The HVAC - Level 3 credential measures knowledge and skills in fasteners, hardware, and wiring terminations; control circuit and motor troubleshooting; troubleshooting cooling; troubleshooting heat pumps; troubleshooting gas heating; troubleshooting oil heating; troubleshooting accessories; zoning, ductless, and variable refrigerant flow systems; commercial hydronic systems; steam systems; retail refrigeration systems; and customer relations.	12 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER083	NCCER HVAC - Level 4 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The HVAC - Level 4 credential measures knowledge and skills in water treatment; indoor air quality; energy conservation equipment; building management systems; system air balancing; system startup and shutdown; construction drawings and specifications; heating and cooling system design; commercial/industrial refrigeration systems; alternative and specialized heating and cooling systems; and fundamentals of crew leadership.	11 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER084	NCCER Industrial Maintenance Mechanic - Level 1 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Industrial Maintenance Mechanic - Level 1 credential measures knowledge and skills in fasteners and anchors; oxyfuel cutting; gaskets and packing; craft-related mathematics; construction drawings; pumps and drivers; valves; test instruments; material handling and hand rigging; mobile and support equipment; and lubrication.	11 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER085	NCCER Industrial Maintenance Mechanic - Level 2 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Industrial Maintenance Mechanic - Level 2 credential measures knowledge and skills in basic layout; piping components; copper and plastic piping practice; ferrous metal piping practices; identifying, installing and maintaining valves; hydrostatic & pneumatic testing; bearings; low-pressure steam systems; high pressure steam systems and auxiliaries; distillation towers and vessels; heaters, furnaces, heat exchangers, cooling towers, and fin fans; and tube work.	12 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER086	NCCER Industrial Maintenance Mechanic - Level 3 (Secondary)	National Center for Construction Education & Research (NCCER)	Yes	No	The Industrial Maintenance Mechanic - Level 3 credential measures knowledge and skills in advanced trade math; precision measuring tools; installing bearings; installing couplings; setting baseplates and alignment; conventional alignment; installing belt and chain drives; and installing mechanical seals.	8 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER211	NCCER Electrical - Level 4 (Postsecondary)	National Center for Construction Education & Research (NCCER)	No	Yes	The Electrical - Level 4 credential measures knowledge and skills in load calculations; feeders & services; health care facilities; standby and emergency systems; basic electronic theory; fire alarm systems; specialty transformers; HVAC controls; heat tracing and freeze protection; motor operation and maintenance; medium-voltage terminations/splices; special locations; and fundamentals of crew leadership.	13 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER222	NCCER HVAC - Level 4 (Postsecondary)	National Center for Construction Education & Research (NCCER)	No	Yes	The HVAC - Level 4 credential measures knowledge and skills in water treatment; indoor air quality; energy conservation equipment; building management systems; system air balancing; system startup and shutdown; construction drawings and specifications; heating and cooling system design; commercial/industrial refrigeration systems; alternative and specialized heating and cooling systems; and fundamentals of crew leadership.	11 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER249	NCCER Pipefitting - Level 4 (Postsecondary)	National Center for Construction Education & Research (NCCER)	No	Yes	The Pipefitting - Level 4 credential measures knowledge and skills in advanced blueprint reading; advanced pipe fabrication; stress relieving and aligning; steam traps; in-line specialties; steel piping; hot taps; maintaining valves; and introduction to supervisory roles.	9 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER253	NCCER Plumbing - Level 4 (Postsecondary)	National Center for Construction Education & Research (NCCER)	No	Yes	The Plumbing - Level 4 credential measures knowledge and skills in business principles for plumbers; fundamentals of crew leadership; water pressure booster and recirculation systems; indirect and special waste; hydronic and solar heating systems; codes; private water supply well systems; private waste disposal systems; swimming pools and hot tubs; plumbing for mobile homes and travel trailer parks; and medical gas and vacuum systems.	11 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER265	NCCER Welding - Level 3 (Postsecondary)	National Center for Construction Education & Research (NCCER)	No	Yes	The Welding - Level 3 credential measures knowledge and skills in SMAW - open-root pipe welds; GMAW - pipe; FCAW - pipe; GTAW - carbon steel pipe; GTAW - low alloy and stainless steel pipe; and SMAW - stainless steel plate and pipe groove welds.	6 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCCER267	NCCER Industrial Maintenance, Electrical & Instrumentation Technician - Level 4 (Postsecondary)	National Center for Construction Education & Research (NCCER)	No	Yes	The Industrial Maintenance, Electrical & Instrumentation Technician - Level 4 credential measures knowledge and skills in standby and emergency systems; basic process control elements, transducers and transmitters; instrument calibration and configuration; pneumatic control valves, actuators, and positioners; performing loop checks; troubleshooting and commissioning a loop; process control loops and tuning; data networks; programmable logic controllers; and distributed control systems.	10 module-based written and performance exams are required.	None	None	The CORE: Introduction to Craft Skills certification is required for all NCCER trades.	https://www.nccer.org
NCFT001	National Certified ECG Technician (NCET)	National Center for Competency Testing (NCCT)	Yes	Yes	The ECG Technician certification exam tests competencies in electrode placement, recording the ECG, preparing reports, patient comfort and safety, and troubleshooting abnormalities with the recording.	1 exam required; 125 scored items; 25 unscored pretest items; 3 hours	None	Student candidates must submit a copy of their ECG Technician diploma, certificate of completion, or official (signed) transcript with graduation date. All required documents must be submitted within two years after successful program completion in order for the certification to be released.	None	https://www.ncctinc.com
NCFT003	National Certified Phlebotomy Technician (NCPT)	National Center for Competency Testing (NCCT)	Yes	No	The Phlebotomy certification exam tests competencies in venipuncture, micro-collection, and specimen processing and handling while maintaining patient safety and confidentiality.	1 exam required; 125 scored items; 25 unscored pretest items; 3 hours	None	Student candidates must submit a copy of their Phlebotomy Technician diploma, certificate of completion, or official (signed) transcript with graduation date as well as a Phlebotomy Technician Certification Critical Skill Competency form. All required documents must be submitted within two years after successful program completion in order for the certification to be released.	None	https://www.ncctinc.com
NCFT004	Tech in Surgery-Certified (NCCT), TS-C (NCCT)	National Center for Competency Testing (NCCT)	No	Yes	The Tech in Surgery - Certified certification measures knowledge and skills for various tasks pre, intra, and post operative. They maintain asepsis during surgery, anticipating the surgeon's needs while remaining attentive to all aspects of the surgical procedure to ensure a safe environment for the patient.	1 exam required; 175 scored items; 4 hours	None	None	None	https://www.ncctinc.com
NCFT005	National Certified Medical Assistant (NCMA)	National Center for Competency Testing (NCCT)	Yes	Yes	The Medical assistant certification measures knowledge and skills to direct patient care and preparation, ECG, phlebotomy, and pharmacology while maintaining patient safety and confidentiality. Medical assistants also perform administrative duties such as scheduling appointments, maintaining patient records, bookkeeping, and billing and insurance processing.	1 exam required; 150 scored items; 3 hours	None	None	None	https://www.ncctinc.com
NCFT006	National Certified Insurance and Coding Specialist (NCICS)	National Center for Competency Testing (NCCT)	No	Yes	Insurance and Coding Specialists provide medical billing and coding services to physician's offices and medical specialty practices for health care providers to be paid for services rendered. Insurance and Coding Specialists prepare and submit claims to insurance companies and prepare and send statements to patients. Insurance and Coding Specialists must be knowledgeable and possess skills in the areas of medical terminology, anatomy & physiology, diagnostic and procedural coding, insurance claims processing, and medical billing procedures.	1 exam required; 100 scored items; 25 unscored pretest items; 3 hours	None	Student candidates must submit a copy of their Insurance & Coding diploma, certificate of completion, or official (signed) transcript with graduation date. All required documents must be submitted within two years after successful program completion in order for the certification to be released.	None	https://www.ncctinc.com

NCFCT007	National Certified Medical Office Assistant (NCMOA)	National Center for Competency Testing (NCCT)	Yes	Yes	The Medical Office Assistant certification exam tests competencies in scheduling, communicating (with healthcare professionals, patients and third party payers), handling medical records, and financial management while maintaining compliance with state and federal regulations.	1 exam required; 125 scored items; 25 unscored pretest items; 3 hours	Student candidates must submit a copy of their Medical Office Assistant diploma, certificate of completion, or official (signed) transcript with graduation date. All required documents must be submitted within two years after successful program completion in order for the certification to be released.	None	None	https://www.ncctinc.com
NCFCT008	National Certified Patient Care Technician (NCPCCT)	National Center for Competency Testing (NCCT)	Yes	Yes	The Patient Care Technician certification exam tests competencies in basic nursing assistant tasks (as delegated by the nursing or medical staff) which may include obtaining patient vital signs and other data, communicating with the healthcare team and patients, assisting with activities of daily living (ADLs), complying with confidentiality requirements, and performing ECGs and phlebotomy tasks.	1 exam required; 125 scored items; 25 unscored pretest items; 3 hours	Student candidates must submit a copy of their Patient Care Technician diploma, certificate of completion, or official (signed) transcript with graduation date. All required documents must be submitted within two years after successful program completion in order for the certification to be released.	None	None	https://www.ncctinc.com
NCSAF001	Certified Strength Coach	National Council on Strength and Fitness (NCSF)	No	Yes	The National Council on Strength and Fitness (NCSF) - Certified Strength Coach certification measures individual's knowledge in functional anatomy and biomechanics; sport metabolism; performance assessment and evaluation; nutrition and ergogenic aids; training techniques for athletic performance; advanced programming for sport; injury prevention and return to competition; professionalism and risk management.	1 exam required; 3 hour time limit with 150 multiple choice questions. A passing score is 70% or better.	Exam candidates must have at least one of the following requirements to be eligible for the exam: A current NCSF-CPT certification, or A current NCSF-accredited fitness professional certification or An associate's degree or higher from an accredited college or university in an exercise profession or related field	None	None	https://www.ncsf.org
NCSAF002	Certified Personal Trainer	National Council on Strength and Fitness (NCSF)	No	Yes	The National Council on Strength and Fitness (NCSF) - Certified Personal Trainer certification measures individual's knowledge in basic anatomy, exercise physiology, health screening and evaluation, nutrition and weight management, exercise prescription, and special populations.	1 exam required; 3 hour time limit with 150 multiple choice questions. A passing score is 70% or better.	Candidates must be at least 18 years of age, and possess a high school diploma or equivalent.	Work experience is not required, but it is beneficial to have a minimum level of practical experience working in the health and fitness field.	None	https://www.ncsf.org
NCSAF003	Sport Nutrition Specialist	National Council on Strength and Fitness (NCSF)	No	Yes	The National Council on Strength and Fitness (NCSF) - Sport Nutrition Specialist certification measures individual's knowledge in nutrients and intakes; physiological aspects of nutrition; macronutrients; micronutrients and supplementation; nutrition and physiological adaptations to exercise.	1 exam required; 3 hour time limit with 150 multiple choice questions. A passing score is 70% or better.	Exam candidates must have at least one of the following requirements to be eligible for the exam: A current NCSF certification, or A current NCSF-accredited fitness certification, or A license and/or certification in an Allied Health Profession or A Teacher specific State-issued Certification or License	None	None	https://www.ncsf.org
NCSBN001	National Licensed Registered Nurse (NCLEX-RN)	National Council of State Boards of Nursing	No	Yes	The National Licensed Registered Nurse (NCLEX-RN) exam measures knowledge and skills to monitor, record, and report symptoms or changes in patients' conditions; maintain accurate, detailed reports and records; record patients' medical information and vital signs; order, interpret, and evaluate diagnostic tests to identify and assess patient's condition; modify patient treatment plans as indicated by patients' responses and conditions; direct or supervise less-skilled nursing or healthcare personnel or supervise a particular unit; consult and coordinate with healthcare team members to assess, plan, implement, or evaluate patient care plans; monitor all aspects of patient care, including diet and physical activity; instruct individuals, families, or other groups on topics such as health education, disease prevention, or childbirth and develop health improvement programs; and prepare patients for and assist with examinations or treatments.	1 exam required; 75 to 265 questions; 6 hour time limit	A student must complete the requirements (set by the Board of Nursing (BON)) of an approved and/or accredited program/school (licensed by & meets BON expectations) and graduate.	None	None	https://www.ncsbn.org/
NCSBN002	National Licensed Practical Nurse (NCLEX-PN)	National Council of State Boards of Nursing	Yes	Yes	The National Licensed Registered Nurse (NCLEX-RN) exam measures knowledge and skills to monitor, record, and report symptoms or changes in patients' conditions; maintain accurate, detailed reports and records; record patients' medical information and vital signs; order, interpret, and evaluate diagnostic tests to identify and assess patient's condition; modify patient treatment plans as indicated by patients' responses and conditions; direct or supervise less-skilled nursing or healthcare personnel or supervise a particular unit; consult and coordinate with healthcare team members to assess, plan, implement, or evaluate patient care plans; monitor all aspects of patient care, including diet and physical activity; instruct individuals, families, or other groups on topics such as health education, disease prevention, or childbirth and develop health improvement programs; and prepare patients for and assist with examinations or treatments.	1 exam required; 85 to 205 questions; 5 hour time limit	A student must complete the requirements (set by the Board of Nursing (BON)) of an approved and/or accredited program/school (licensed by & meets BON expectations) and graduate.	None	None	https://www.ncsbn.org/
NIASE001	ASE - Advanced Engine Performance Specialist (L1)	National Institute for Automotive Service Excellence	No	Yes	The ASE Advanced Engine Performance Specialist (L1) certification provides an assessment of an individual's knowledge of the diagnosis and repair of computer-controlled engine systems and the cause of high-emission failures.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE005	ASE Automobile/Light Truck Technician: Automatic Transmission/Transaxle (A2)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Automatic Transmission/Transaxle (A2) certification identifies and recognizes those automobile and light truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair automatic transmission/transaxle.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com/
NIASE007	ASE Automobile/Light Truck Technician: Brakes (A5)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Brakes (A5) certification identifies and recognizes those automobile and light truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair brakes.	1 exam required; 55 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE008	ASE Automobile/Light Truck Technician: Electrical/Electronic Systems (A6)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Electrical/Electronic Systems (A6) certification identifies and recognizes those automobile and light truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair electrical/electronic systems.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE009	ASE Automobile/Light Truck Technician: Engine Performance (A8)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Engine Performance (A8) certification identifies and recognizes those automobile and light truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair engine performance.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE010	ASE Automobile/Light Truck Technician: Engine Repair (A1)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Engine Repair (A1) certification identifies and recognizes those automobile and light truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair engines.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE011	ASE Automobile/Light Truck Technician: Heating and Air Conditioning (A7)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Heating and Air Conditioning (A7) certification identifies and recognizes those automobile and light truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair heating and air conditioning.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE012	ASE Automobile/Light Truck Technician: Manual Drive Train and Axles (A3)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Manual Drive Train and Axles (A3) certification identifies and recognizes those automobile and light truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair manual drive train and axles.	1 exam required; 50 questions; 60 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE014	ASE Automobile/Light Truck Technician: Suspension and Steering (A4)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Suspension and Steering (A4) certification identifies and recognizes those automobile and light truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair suspension and steering.	1 exam required; 50 questions; 60 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE016	ASE Medium/Heavy Truck Technician: Brakes (T4)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Brakes (T4) certification identifies and recognizes those medium/heavy duty truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair brakes.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE017	ASE Collision Repair and Refinishing Technician: Mechanical and Electrical Components (B5)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Mechanical and Electrical Components (B5) certification identifies and recognizes those collision repair technicians and refinishers who can demonstrate knowledge of the skills necessary to make collision repairs related to mechanical and electrical components.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE018	ASE - Non-structural Analysis and Damage Repair (B3)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Non-structural Analysis and Damage Repair (B3) certification identifies and recognizes those collision repair technicians and refinishers who can demonstrate knowledge of the skills necessary to make collision repairs related to non-structural analysis and damage repair.	1 exam required; 65 questions; 90 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE020	ASE Medium/Heavy Truck Technician: Diesel Engines (T2)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Diesel Engines (T2) certification identifies and recognizes those medium/heavy duty truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair diesel engines.	1 exam required; 65 questions; 90 minutes	None	2 years of work experience is required.	None	https://www.ase.com

NIASE021	ASE Medium/Heavy Truck Technician: Drive Train (T3)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Drive Train (T3) certification identifies and recognizes those medium/heavy duty truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair drive trains.	1 exam required; 50 questions; 60 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE023	ASE Medium/Heavy Truck Technician: Electrical/Electronic Systems (T6)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Electrical/Electronic Systems (T6) certification identifies and recognizes those medium/heavy duty truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair electrical/electronic systems.	1 exam required; 60 questions; 90 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE025	ASE - Gasoline Engines (T1)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Gasoline Engines (T1) certification identifies and recognizes those medium/heavy duty truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair gasoline engines.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE026	ASE Medium/Heavy Truck Technician: Heating, Ventilation, and A/C (HVAC) (T7)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Heating, Ventilation, and A/C (HVAC) (T7) certification identifies and recognizes those medium/heavy duty truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair HVAC.	1 exam required; 50 questions; 60 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE029	ASE Collision Repair and Refinishing Technician: Painting and Refinishing (B2)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Painting and Refinishing (B2) certification identifies and recognizes those collision repair technicians and refinishers who can demonstrate knowledge of the skills necessary to make collision repairs related to painting and refinishing.	1 exam required; 65 questions; 90 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE031	ASE Medium/Heavy Truck Technician: Preventive Maintenance Inspection (PMI) (T8)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Preventive Maintenance Inspection (PMI) (T8) certification identifies and recognizes those medium/heavy duty truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair PMIs.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE032	ASE - Structural Analysis and Damage Repair (B4)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Structural Analysis and Damage Repair (B4) certification identifies and recognizes those collision repair technicians and refinishers who can demonstrate knowledge of the skills necessary to make collision repairs related to structural analysis and damage repair.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE033	ASE Medium/Heavy Truck Technician: Suspension and Steering (T5)	National Institute for Automotive Service Excellence	Yes	Yes	The ASE - Suspension and Steering (T5) certification provides an assessment of individual's knowledge of the skills necessary to diagnose, service, and repair different systems of Class 4 through Class 8 trucks and tractors.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE053	ASE - Compressed Natural Gas (CNG) Engines (H1)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Compressed Natural Gas (CNG) Engines (H1) certification identifies and recognizes those transit bus technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair CNG engines.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE054	ASE - Diesel Engines (H2)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Diesel Engines (H2) certification identifies and recognizes those transit bus technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair diesel engines.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE055	ASE - Drive Train (H3)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Drive Train (H3) certification identifies and recognizes those transit bus technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair drive train.	1 exam required; 50 questions; 60 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE056	ASE - Brakes (H4)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Brakes (H4) certification identifies and recognizes those transit bus technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair brakes.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE057	ASE - Suspension and Steering (H5)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Suspension and Steering (H5) certification identifies and recognizes those transit bus technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair suspension and steering.	1 exam required; 55 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE058	ASE - Electrical/Electronic Systems (H6)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Electrical/Electronic Systems (H6) certification identifies and recognizes those transit bus technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair electrical/electronic systems.	1 exam required; 60 questions; 90 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE059	ASE - Heating Ventilation and Air Conditioning (HVAC) (H7)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Heating Ventilation and Air Conditioning (HVAC) (H7) certification identifies and recognizes those transit bus technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair HVAC.	1 exam required; 50 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE060	ASE - Preventive Maintenance and Inspection (PMI) (H8)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Preventive Maintenance and Inspection (PMI) (H8) certification identifies and recognizes those transit bus technicians who can demonstrate knowledge of the skills necessary to conduct PMI.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE061	ASE - Alternate Fuels (F1)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Alternate Fuels (F1) certification identifies and recognizes those technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair CNG vehicles.	1 exam required; 65 questions; 90 minutes	None	2 years of work experience is required.	None	https://www.ase.com
NIASE071	ASE - Light Vehicle Diesel Engines (A9)	National Institute for Automotive Service Excellence	No	Yes	The ASE - Light Vehicle Diesel Engines (A9) certification identifies and recognizes those automobile and light truck technicians who can demonstrate knowledge of the skills necessary to diagnose, service, and repair light vehicle diesel engines.	1 exam required; 60 questions; 75 minutes	None	2 years of work experience is required.	Technicians may substitute two years of relevant formal training for up to one year of the work experience requirement.	https://www.ase.com
NIASE076	ASE Auto Maintenance and Light Repair (G1)	National Institute for Automotive Service Excellence	Yes	No	The ASE - Auto Maintenance & Light Repair (G1) certification provides an assessment of an individual's technical knowledge of bumper-to-bumper maintenance and light repairs in the critical areas of engine systems, automatic transmission/transaxle, manual drive train and axles, suspension & steering, brakes, electrical, and heating & air conditioning.	1 exam required; 55 questions; 90 minutes	None	1 years of work experience is required.	None	https://www.ase.com
NIASE077	ASE Entry-level - Auto: Automatic Transmission/Transaxle (AT)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Auto: Automatic Transmission/Transaxle (AT) certification tests knowledge in general transmission and transaxle diagnosis, in-vehicle transmission/transaxle maintenance and repair, and off-vehicle transmission and transaxle repair.	1 exam required; 40 questions; 22 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE078	ASE Entry-level - Auto: Automobile Service Technology (AS)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Auto: Automobile Service Technology (AS) certification tests knowledge in engine repair; automatic transmission and transaxle; manual drive train and axles; suspension and steering; brakes; electrical/electronic systems; heating and air conditioning; engine performance; and supplemental tasks.	1 exam required; 80 questions; 45 of 80 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE079	ASE Entry-level - Auto: Brakes (BR)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Auto: Brakes (BR) certification tests knowledge in general brake systems diagnosis; hydraulic system diagnosis and repair; drum brake diagnosis and repair; disc brake diagnosis and repair; power-assist units diagnosis and repair; miscellaneous (wheel bearings, parking brakes, electrical); and electronic brake control systems (ABS, TCS and ESC, D&R).	1 exam required; 40 questions; 21 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE080	ASE Entry-level - Auto: Electrical/Electronic Systems (EE)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Auto: Electrical/Electronic Systems (EE) certification tests knowledge in general electrical system diagnosis; battery diagnosis and service; starting system diagnosis and repair; charging system diagnosis and repair; lighting systems diagnosis and repair; instrument cluster and driver information systems D&R; and body electrical systems diagnosis and repair.	1 exam required; 40 questions; 20 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE081	ASE Entry-level - Auto: Engine Performance (EP)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Auto: Engine Performance (EP) certification tests knowledge in general engine diagnosis; computerized controls diagnosis and repair; ignition system diagnosis and repair; fuel, air induction, and exhaust systems diagnosis and repair; and emissions control systems diagnosis and repair.	1 exam required; 40 questions; 21 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE082	ASE Entry-level - Auto: Engine Repair (ER)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Auto: Engine Repair (ER) certification tests knowledge in general engine diagnosis, removal and reinstallation; cylinder head and valve train diagnosis and repair; engine block assembly diagnosis and repair; and lubrication and cooling systems diagnosis and repair.	1 exam required; 40 questions; 22 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE083	ASE Entry-level - Auto: Heating and Air Conditioning (AC)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Auto: Heating and Air Conditioning (AC) certification tests knowledge in general A/C system diagnosis and repair; refrigeration system component diagnosis and repair; heating, ventilation, and engine cooling systems diagnosis and repair; operating systems and related controls, diagnosis and repair; and refrigerant recovery, recycling, and handling.	1 exam required; 40 questions; 20 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE084	ASE Entry-level - Auto: Manual Drive Train and Axles (MD)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Auto: Manual Drive Train and Axles (MD) certification tests knowledge in drive train diagnosis; clutch diagnosis and repair; transmission/transaxle diagnosis and repair; drive shaft and half shaft; universal and CV joint; drive axle diagnosis and repair; and four-wheel drive/all-wheel drive component diagnosis and repair.	1 exam required; 40 questions; 21 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/

NIASE085	ASE Entry-level - Auto: Suspension and Steering (SS)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Auto: Suspension and Steering (SS) certification tests general suspension and steering systems; steering systems diagnosis and repair; suspension systems diagnosis and repair; related suspension and steering service; wheel alignment diagnosis, adjustment, and repair; and wheels and tires diagnosis and repair.	1 exam required; 40 questions; 20 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE086	ASE Entry-level - Collision: Mechanical and Electrical (ME)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Collision: Mechanical and Electrical (ME) certification tests knowledge in suspension and steering; electrical; brakes; heating and air conditioning; cooling systems; drive train; fuel, intake and exhaust systems; and restraint systems.	1 exam required; 40 questions; 22 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE087	ASE Entry-level - Collision: Non-structural Analysis and Damage Repair (NS)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Collision: Non-structural Analysis and Damage Repair (NS) certification tests knowledge in preparation; outer body panel repair, replacements, and adjustments; metal finishing and body filling; moveable glass and hardware; metal welding and cutting; and plastics and adhesives.	1 exam required; 40 questions; 22 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE088	ASE Entry-level - Collision: Painting and Refinishing (PR)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Collision: Painting and Refinishing (PR) certification tests knowledge in safety precautions; surface preparation; spray gun and related equipment operation; paint mixing, matching, and applying; paint defects - cause and cures; and final detail.	1 exam required; 40 questions; 23 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE089	ASE Entry-level - Collision: Structural Analysis and Damage Repair (SR)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Collision: Structural Analysis and Damage Repair (SR) certification tests knowledge in frame inspection and repair; unbody and unutilized structure inspection, measurement, and repair; stationary glass; and metal welding and cutting.	1 exam required; 40 questions; 22 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE090	ASE Entry-level - Truck: Brakes (TB)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Truck: Brakes (TB) certification tests knowledge in air brakes; hydraulic brakes; air and hydraulic antilock brake systems and automatic traction control; and wheel bearings.	1 exam required; 40 questions; 20 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE091	ASE Entry-level - Truck: Diesel Engines (DE)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Truck: Diesel Engines (DE) certification tests knowledge in general diesel engine inspection; cylinder head and valve train; engine block; lubrication system; cooling system; air induction, exhaust systems and engine brakes; and fuel system.	1 exam required; 40 questions; 21 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE092	ASE Entry-level - Truck: Electrical/Electronic Systems (TE)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Truck: Electrical/Electronic Systems (TE) certification tests knowledge in general electrical systems; battery; starting systems; charging system diagnosis and repair; lighting systems; gauges and warning devices; and related electrical systems.	1 exam required; 40 questions; 21 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE093	ASE Entry-level - Truck: Steering & Suspension (TS)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Truck: Steering & Suspension (TS) certification tests knowledge in steering systems; suspension systems; wheel alignment diagnosis, adjustment, and repair; wheels and tires; and frame and coupling devices.	1 exam required; 40 questions; 20 of 40 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE094	ASE Entry-level - Truck: Inspection, Maintenance, and Minor Repair (IM)	National Institute for Automotive Service Excellence	Yes	No	The ASE Entry-level - Truck: Inspection, Maintenance, and Minor Repair (IM) certification exam tests competencies in diesel engines, drive train, brakes, suspension and steering, electrical/electronic systems, HVAC, and cab.	1 exam required; 60 questions; 36 required to pass	None	None	None	http://www.ase.com/entry-level/
NIASE095	ASE Light Duty Hybrid/Electric Vehicle Specialist Certification Test (L3)	National Institute of Automotive Service Excellence (ASE)	No	Yes	The ASE Light Duty Hybrid/Electric Vehicle Specialist Certification Test (L3) certification exam covers content focused on the diagnosis of the battery system, internal combustion engine (ICE), drive system, power electronics and hybrid supporting systems.	1 exam required; 55 questions; 2 hours; minimum passing score of 31/45	Certified in both Automobile Suspension and Steering (A4) and Automobile Brakes (A5)	Two years of hands-on work experience	None	https://www.ase.com
NIASE096	ASE Undercar Specialist Exhaust Systems (X1)	National Institute for Automotive Service Excellence	No	Yes	The ASE Undercar Specialist Exhaust Systems (X1) certification exam covers content focused on exhaust system inspection and repair, fabrication, installation, emissions systems diagnosis and repair and exhaust system repair regulations.	1 exam required; 50 questions including 10 unscored items; 1 hour; minimum passing score of 25/40	Must have passed both the Automobile Electrical/Electronic Systems (A6) and Engine Performance (A8) tests	Three years of hands-on experience maintaining, servicing, and/or repairing light-duty or heavy-duty motor vehicles	None	https://www.ase.com
NIFMS001	NIMS Machining Level I - CNC Milling: Programming Setup & Operations	National Institute for Metalworking Skills (NIMS)	Yes	No	The CNC Milling: Programming Setup & Operations certification measures knowledge and skills in CNC milling; quality control and inspection; process improvement and adjustment; general maintenance; and industrial safety and environmental protection.	1 exam required	Performance project must be completed prior to taking the exam.	None	None	https://www.nims-skills.org
NIFMS002	NIMS Machining Level I - CNC Turning: Programming Setup & Operations	National Institute for Metalworking Skills (NIMS)	Yes	No	The CNC Turning: Programming Setup & Operations certification measures knowledge and skills in CNC turning; quality control and inspection; process improvement and adjustment; general maintenance; and industrial safety and environmental protection.	1 exam required	Performance project must be completed prior to taking the exam.	None	None	https://www.nims-skills.org
NIFMS003	NIMS Machining Level II - EDM - Plunge	National Institute for Metalworking Skills (NIMS)	No	Yes	The EDM - Plunge certification measures knowledge and skills in Electrical discharge machining (EDM) plunge operations.	1 exam required	Performance project must be completed prior to taking the exam.	None	None	https://www.nims-skills.org
NIFMS004	NIMS Machining Level II - EDM - Wire	National Institute for Metalworking Skills (NIMS)	No	Yes	The EDM - Plunge certification measures knowledge and skills in Electrical discharge machining (EDM) Wire 2 axis operations.	1 exam required	Performance project must be completed prior to taking the exam.	None	None	https://www.nims-skills.org
NIFMS007	NIMS Machining Level II - Manual Milling Skills II	National Institute for Metalworking Skills (NIMS)	No	Yes	The Manual Milling Skills II certification measures knowledge and skills in milling operations including squaring up a block, precision location of holes, cutting a keyslot, cutting a deep slot, using rotary tables, dividing head operations, and boring mill operations.	1 exam required	Performance project must be completed prior to taking the exam.	None	None	https://www.nims-skills.org
NIFMS008	NIMS Machining Level I - Turning Operations: Turning Between Centers	National Institute for Metalworking Skills (NIMS)	Yes	No	The Turning Operations: Turning Between Centers certification measures knowledge and skills in turning between centers; quality control and inspection; process improvement and adjustment; general maintenance; and industrial safety and environmental protection.	1 exam required	Performance project must be completed prior to taking the exam.	None	None	https://www.nims-skills.org
NIFMS010	NIMS Machining Level I - Turning Operations: Turning Chucking Skills	National Institute for Metalworking Skills (NIMS)	Yes	No	The Turning Operations: Turning Chucking Skills certification measures knowledge and skills in turning chucking skills; quality control and inspection; process improvement and adjustment; general maintenance; and industrial safety and environmental protection.	1 exam required	Performance project must be completed prior to taking the exam.	None	None	https://www.nims-skills.org
NIFMS012	NIMS Machining Level II - Grinding Skills II	National Institute for Metalworking Skills (NIMS)	No	Yes	The Grinding Skills II certification measures knowledge and skills in grinding operations including surface grinding (flats and angles), wheel preparation and balancing, and cylindrical grinding.	1 exam required	Performance project must be completed prior to taking the exam.	None	None	https://www.nims-skills.org
NIFMS013	NIMS Machining Level I - Drill Press Skills I	National Institute for Metalworking Skills (NIMS)	Yes	No	The Drill Press Skills I certification measures knowledge and skills in drill press skills; quality control and inspection; process improvement and adjustment; general maintenance; and industrial safety and environmental protection.	1 exam required	Performance project must be completed prior to taking the exam.	None	None	https://www.nims-skills.org
NIFMS014	NIMS Machining Level I - CNC Milling: Operations	National Institute for Metalworking Skills (NIMS)	Yes	No	The CNC Milling: Operations certification measures knowledge and skills in CNC milling; quality control and inspection; process improvement and adjustment; general maintenance; and industrial safety and environmental protection.	1 exam required, 48 questions	Performance project must be completed prior to taking exam.	None	None	https://www.nims-skills.org
NIFMS016	NIMS Machining Level I - Grinding Skills I	National Institute for Metalworking Skills (NIMS)	Yes	No	The Grinding Skills I certification measures knowledge and skills in grinding skills; quality control and inspection; process improvement and adjustment; general maintenance; and industrial safety and environmental protection.	1 exam required, 47 questions	Performance project must be completed prior to taking exam.	None	None	https://www.nims-skills.org
NIFMS017	NIMS Machining Level I - Manual Milling Skills I	National Institute for Metalworking Skills (NIMS)	Yes	No	The Manual Milling Skills I certification measures knowledge and skills in manual milling; quality control and inspection; process improvement and adjustment; general maintenance; and industrial safety and environmental protection.	1 exam required, 56 questions	Performance project must be completed prior to taking exam.	None	None	https://www.nims-skills.org
NIFMS018	NIMS Machining Level II - Drill Press Skills II	National Institute for Metalworking Skills (NIMS)	No	Yes	The Drill Press Skills II certification measures knowledge and skills in drill press operations including radial drilling and machine tool power tapping: taper reaming and pipe tapping.	1 exam required, 41 questions	Performance project must be completed prior to taking exam.	None	None	https://www.nims-skills.org
NIFMS019	NIMS Machining Level II - CNC Milling Skills II	National Institute for Metalworking Skills (NIMS)	Yes	Yes	The CNC Milling Skills II certification measures knowledge and skills in CNC milling including program writing and operating a CNC mill.	1 exam required, 70 questions	Performance project must be completed prior to taking exam.	None	None	https://www.nims-skills.org
NIFMS020	NIMS Machining Level II - CNC Turning Skills II	National Institute for Metalworking Skills (NIMS)	No	Yes	The CNC Turning Skills II certification measures knowledge and skills in CNC turning including program writing and operating a CNC lathe.	1 exam required, 70 questions	Performance project must be completed prior to taking exam.	None	None	https://www.nims-skills.org

NIFMS021	NIMS Industrial Technology Maintenance Level 1 Bundle (9 Exams)	National Institute for Metalworking Skills (NIMS)	No	Yes	Industrial Technology Maintenance Level 1 certification measures basic skills and knowledge in hydraulic systems, mechanical systems, pneumatic systems, electrical systems, electronic control systems, maintenance operations, maintenance piping, maintenance welding and process control systems.	9 exams required: Hydraulic Systems - 75 questions, 90 min. Mechanical Systems - 75 questions, 90 min. Pneumatic Systems - 74 questions, 90 min. Electrical Systems - 75 questions Electronic Control Systems - 75 questions Maintenance Operations - 75 questions Maintenance Piping - 75 questions Maintenance Welding - 75 questions Process Control Systems - 73 questions	None	None	None	https://www.nims-skills.org
NJATC001	NJATC Electrical - Level 5	National Joint Apprenticeship and Training Committee	No	Yes	The NJATC Electrical - Level 5 certification measures knowledge and skills in national electrical code; motor control; torque; and rigging.	1 exam required; 100 multiple choice questions; 3 hours	None	None	None	https://www.njatc.org
NMTCB001	Certified Nuclear Medicine Technologist	Nuclear Medicine Technology Certification Board	No	Yes	The Certified Nuclear Medicine Technologist certification measures knowledge and skills in operating equipment that creates images of areas of a patient's body including preparing radioactive drugs and administering them to patients.	1 exam required; 90 questions; 55 minutes	Completion of a NMTCB recognized nuclear medicine technology program; OR completion of a certificate, associate degree or baccalaureate degree in nuclear medicine technology program from a regionally accredited academic institution. Regionally accredited college and university programs must have structured clinical training sufficient to provide clinical competency in radiation safety, instrumentation, clinical procedures, and radiopharmacy. This should require approximately 1000 hours of clinical training supervised by program faculty.	None	None	https://www.nmtcb.org/
NMTCB002	Computed Tomography (CT)	Nuclear Medicine Technology Certification Board	No	Yes	The Computed Tomography (CT) certification measures knowledge and skills in CT scans, a specialized X-ray procedure sometimes referred to as a CAT scan. Working under the supervision of a radiologist, CT scan technologists prepare patients for a CT scan by positioning them on the table and following safety measures to protect them from unnecessary or excess radiation. During the scan, technologists sit in a shielded room and monitor the CT scan images on the computer screen.	1 exam required; 200 multiple choice; 3.5 hours	The eligibility requirements to sit for the exam are as follows: 1) A current active NMTCB, ARRT, or CAMRT nuclear medicine technology certification OR a current active CAMRT(RT), CAMRT(TT), ARRT(R) or ARRT(I) certification. 2) A minimum of 500 total clinical hours in PET/CT, SPECT/CT and/or CT. (Please download and complete the NMTCB Clinical Hours Verification Form.) 3) The completion of a minimum of thirty five (35) contact hours within the three years prior to application including a minimum of four (4) hours of each of the following categories: Contrast administration, Cross-sectional anatomy, X-ray physics, CT radiation safety.	None	None	https://www.nmtcb.org/
NNCCO001	Certified Clinical Hemodialysis Technician	Nephrology Nursing Certification Commission	No	Yes	The Certified Clinical Hemodialysis Technician certification measures knowledge and skills to operate machines that remove wastes, salts, and extra water from patients' blood while keeping safe levels of certain chemicals.	1 exam required; 150 questions; 180 minutes; minimum score of 70%-75% or higher required (depending on version of test)	Applicant must have a minimum of 2000 hours of work experience as a hemodialysis patient care technician within the two-year period of certification.	0	0	https://www.nncc-exam.org/
NRAEF003	Certified Food Protection Manager (ServSafe®)	National Restaurant Association Educational Foundation	Yes	No	The Certified Food Protection Manager (ServSafe®) certification measures knowledge and skills in FDA Food Code, food safety research and food sanitation training.	1 exam required	None	None	None	https://www.nraef.org
NREMT001	Emergency Medical Technician (EMT)	National Registry of Emergency Medical Technicians	Yes	Yes	The Emergency Medical Technician (EMT) certification verifies that an individual is trained and certified to appraise and initiate the administration of emergency care for victims of trauma or acute illness before or during transportation of victims to a health care facility.	2 exams required (cognitive and psychomotor); Cognitive exam: online; 70-120 questions; 2 hours; Psychomotor exam: Individual must demonstrate competence (performance based).	None	None	None	https://www.nremt.org
NREMT003	Emergency Medical Responder (EMR)	National Registry of Emergency Medical Technicians	Yes	Yes	The Emergency Medical Responder certification tests competencies on the knowledge and skills necessary to provide immediate lifesaving interventions while awaiting additional EMS resources to arrive. EMRs also provide assistance to higher-level personnel at the scenes of emergencies and during transport. Under medical oversight, Emergency Medical Responders perform basic interventions with minimal equipment.	2 exams required (cognitive and psychomotor); Cognitive exam: online; 90-110 questions; 1 hour and 45 minutes; Psychomotor exam: candidate must demonstrate competence (performance based). All EMR psychomotor exams are administered by either the State EMS Office or at the training institution (with approval and oversight provided by the State EMS Office).	None	None	None	https://www.nremt.org/EMR/Certification
NREMT004	Paramedic (EMT-P)	National Registry of Emergency Medical Technicians	No	Yes	The Paramedic (EMT-P) license measures users' knowledge to care for the sick or injured in emergency medical settings including responding to emergency calls, performing medical services and transporting patients to medical facilities.	2 exams from the National Registry of Emergency Medical Technicians (NREMT) are required (cognitive and psychomotor); Cognitive exam: computer adaptive test; 80-150 questions; 2.5 hours; Psychomotor exam: Individual must demonstrate competence (performance based).	Current National Registry Certification or state license at the EMT level, or higher. Successful completion of a paramedic course from a Florida Department of Health approved program within two years of passing the examination.	None	None	https://www.nremt.org/
NRFSP001	Certified Food Safety Manager	National Registry of Food Safety Professionals	Yes	No	The Certified Food Safety Manager certification measures knowledge and skills in food safety standards to demonstrate knowledge and skills meet measurable and specified food safety standards adopted by the Conference for Food Protection to protect the public from foodborne illnesses.	1 exam required	None	None	None	https://www.nrfsp.com/
NRFSP002	HACCP Certification	National Registry of Food Safety Professionals	Yes	No	The HACCP (Hazard Analysis and Critical Control Point) Certification exam tests competencies in preliminary activities; hazard analysis; detailed control measures; verification activities; and implementation and continuous improvement activities.	1 exam required	Candidates must submit a signed Examinee Consent Form and agree to the Code of Conduct to be eligible to sit for the certification	None	None	https://www.nrfsp.com
NSTSA001	Certified Surgical Technologist (CST)	National Board of Surgical Technologist and Surgical Assisting	No	Yes	The Certified Surgical Technologist (CST) measures knowledge and skills to assist in operations, under the supervision of surgeons, registered nurses, or other surgical personnel including to help set up operating room, prepare and transport patients for surgery, adjust lights and equipment, pass instruments and other supplies to surgeons and surgeon's assistants, hold retractors, cut sutures, and help count sponges, needles, supplies, and instruments.	1 exam required; 200 questions (175 scored/25 pretest)	Must be a graduate of a surgical technology program accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP) or Accrediting Bureau of Health Education Schools (ABHES).	None	None	https://www.nbsta.org
NSTSA002	Certified Surgical First Assistant (CSFA)	National Board of Surgical Technologist and Surgical Assisting	No	Yes	Certified Surgical First Assistant (CSFA) measures knowledge and skills common to competent entry-level Surgical First Assistants. Subject areas covered include pre-operative care; intra-operative procedures; post-operative procedures; administrative and personnel duties; equipment, sterilization and maintenance; advanced anatomy and physiology; advanced principles of microbiology and surgical pharmacology and anesthesia.	1 exam required; 200 questions (175 scored/25 pretest)	Must be a graduate of a surgical first assisting program accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP).	None	None	https://www.nbsta.org
OEDGP001	PCAP - Certified Associate in Python Programming	OpenEDG Python Institute	Yes	No	The PCAP - Certified Associate in Python Programming certification shows that the individual is familiar with general computer programming concepts like conditional execution, loops, Python programming language syntax, semantics and the runtime environment, as well as with general coding techniques and object-oriented programming.	1 exam required; 65 minutes; 40 questions; single-choice and multiple-choice questions; minimum passing score of 70%	None	None	None	https://pythoninstitute.org/certification/pcap-certification-associate/
ORACL001	Oracle Foundations Associate, Database	Oracle Corporation	No	Yes	The Oracle Certified Associate (OCA): Database certification measures knowledge and skills to deliver the benefits of grid computing with more self management and automation in an advanced database management system.	1 of 3 exams required (SQL 1Z0-007, SQL Fundamentals 1Z0-051, or Oracle Database SQL Expert 1Z0-047); Also, Administration I: 1Z0-052 is required	None	None	None	https://www.oracle.com
ORACL002	Oracle Certified Professional (OCP): Database	Oracle Corporation	No	Yes	The Oracle Certified Professional (OCP): Database certification measures advanced knowledge and skills for development and deployment of backup, recovery and Cloud computing strategies.	1 exam (Administration II 1Z0-053 exam) required	None	None	None	https://www.oracle.com
ORACL003	Oracle Certified Master (OCM): Database	Oracle Corporation	No	Yes	The Oracle Certified Master (OCM): Database certification measures expert knowledge and skills for development and deployment of backup, recovery and Cloud computing strategies.	1 exam required	None	None	None	https://www.oracle.com
ORACL004	Oracle Foundations Associate, Java	Oracle Corporation	Yes	Yes	The OCA Java Programmer certification is designed for individuals who possess a strong foundation in the Java programming language. This certification covers the fundamentals of Java programming, such as the significance of object-oriented programming and the steps to create simple Java technology programs.	1 of 2 exams required (specific to the Java version); Java SE5/SE 6 exam (1Z0-850), Java SE7 exam (1Z0-803)	None	None	None	https://www.oracle.com

ORACL005	Oracle Certified Professional (OCP): Java Programmer	Oracle Corporation	Yes	Yes	The OCP Java Programmer certification is designed for individuals who possess a strong foundation in the Java Programming language as well as proven skill in creating Java technology programs. This certification covers core Application Programming interfaces used to design object-oriented applications with Java, as well as insight into Java applications such as those that manipulate files, directories and file systems.	1 of 3 exams required (specific to the Java version); OCP Java SE5 exam (1Z0-853), OCP Java SE6 exam (1Z0-851), OCP Java SE7 exam (1Z0-804)	None	None	None	https://www.oracle.com
ORACL006	Oracle Certified Master (OCM): Java Developer	Oracle Corporation	No	Yes	The OCM Java Developer certification is designed for individuals who have mastered the Java programming language as well as creating Java technology programs. This certification covers application programming interfaces used to design object-oriented applications with Java, as well as Java applications used to manipulate files, directories and file systems.	2 part exam required (practical requirement and essay exam)	None	None	None	https://www.oracle.com
PMMIN001	PMMI Mechatronics Certification: Fluid Power	Packaging Machinery Manufacturers Institute (PMMI)	No	Yes	The PMMI Mechatronics Certification: Fluid Power covers the function, operation, and application of common components used in fluid power circuits and systems. It also assesses the understanding of how fluid power components and accessories are placed together to create circuits and systems for powering industrial machines. The major emphasis is on pneumatics with a lesser emphasis on hydraulics and vacuum systems. Electro-fluid power troubleshooting is emphasized. Topics include: Circuits and logic, compressors and conditioners, connectors, directional control valves, electro-fluid power, filters, fittings, flow control & relief valves, gages and instruments, hoses, lubricators, metal tubing, motors, pressure sequence valves, pump and reservoir, regulators, safety, theory, threaded pipe, troubleshooting & testing and vacuum. This certification is intended for entry-level mechanics, technicians and technologists who will be involved in the application, installation, modification or troubleshooting of Fluid Power systems.	1 exam required; 125 questions; approximately 2.5 hours; minimum passing score of 72 percent	None	None	None	https://www.pmmi.org
PMMIN002	PMMI Mechatronics Certification: Industrial Electricity 2	Packaging Machinery Manufacturers Institute (PMMI)	No	Yes	The PMMI Mechatronics Certification: Industrial Electricity 2 certification builds upon the Industrial Electricity 1 certificate. Candidates should understand more complex motor starting circuits such as jogging, hand-off-automatic, reversing and reduced voltage starting. They should be familiar with time-based, count-based and sequential control of multiple output loads utilizing control relay logic and automatic input devices such as limit, flow and pressure switches to provide feedback. They should understand basic electro-fluid power circuits where relay logic is used to operate devices such as pneumatic or hydraulic cylinders through electrically piloted directional control valves. Basic understanding of the various types of electronic sensors, timers and counters used in industrial control is required. Candidates should be familiar with the sizing and installation of various types of electrical conductors and raceways used in or around industrial machinery and should be able to properly wire an industrial control panel. Finally, candidates should understand basic troubleshooting techniques and practices, not only for the individual components but also for systems of components. This advanced knowledge of industrial electricity and control systems is needed to understand the complex operations of machines and systems that might be used for an electro-mechanical packaging line.	1 exam required; 100 questions; approximately 2 hours; minimum passing score of 70 percent	None	None	None	https://www.pmmi.org
PMMIN003	PMMI Mechatronics Certification: Mechanical Components 2	Packaging Machinery Manufacturers Institute (PMMI)	No	Yes	The PMMI Mechatronics Certification: Mechanical Components 2 certification exam builds upon the topics covered on the Mechanical Components 1 test by evaluating the candidate's mastery of the principles and application of more complex mechanical components such as clutches, brakes, gear boxes, transmissions, ball screws, and linear components. It also explores sealing, lubricants and automated lubrication, precision alignment and timing, vibration analysis, and the use of video to troubleshoot mechanical systems. This certification is aimed at intermediate level technicians and technologists who may be involved in the assembly, test, startup, troubleshooting, maintenance, repair or upgrade of mechanically complex manufacturing machinery. Candidates should have gained the Industrial Mechanics 1 certification, or its equivalent, before taking this exam.	1 exam required; 100 questions; approximately 2 hours; minimum passing score of 70 percent	None	None	None	https://www.pmmi.org
PMMIN004	PMMI Mechatronics Certification: Programmable Logic Controllers (PLCs) 2	Packaging Machinery Manufacturers Institute (PMMI)	No	Yes	The PMMI Mechatronics Certification: Programmable Logic Controllers (PLCs) 2 exam covers advanced principles and applications of programmable logic controllers (PLCs). Among the advanced topics are PLC real time considerations, various levels of PLC networking, alternate programming languages for PLCs, international standards applied to PLCs, integration of logic and motion control in PLCs, integration of process control in PLCs, advanced human / machine interface (HMI) for PLCs, supervisory control and data acquisition (SCADA) with PLCs, alarm management, batch control, power failure strategies and process safety. This certification test is aimed at entry level technicians who may be involved in the assembly, test, startup, troubleshooting, maintenance, repair or upgrade of basic packaging machinery modules.	1 exam required; 100 questions; approximately 2 hours; minimum passing score of 70 percent	None	None	None	https://www.pmmi.org
PRMIN004	PMI Project Management Ready	Project Management Institute (PMI)	Yes	No	The PMI Project Management Ready certification presents the tools needed to apply project management knowledge to a wide range of career paths. The certification exam test competencies in the following topics: project management fundamentals and core concepts; traditional plan-based methodologies; agile frameworks/methodologies; and business analyst frameworks.	1 exam required; 47 questions; 50 minutes	None	None	None	https://www.pmi.org/certifications/pmi-project-management-ready
PRMIN005	PMI Agile Certified Practitioner	Project Management Institute (PMI)	No	Yes	The Agile methodology is a way to manage a project by breaking it up into several phases. It involves constant collaboration with stakeholders and continuous improvement at every stage. Once the work begins, teams cycle through a process of planning, executing, and evaluating. Agile methodology is commonly used by technology organizations in software development. The exam tests competencies in Agile Principles and Mindset; Value-driven Delivery; Stakeholder Engagement; Team Performance; Adaptive Planning; Problem Detection and Resolution; and, Continuous Improvement (Product, Process, People).	1 exam required; 120 multiple-choice questions (100 scored and 20 unscored); 3 hours	None	None	None	https://www.pmi.org
PRODL801	Coding in Minecraft	Prodigy Learning	Yes	No	Coding in Minecraft measures knowledge and skills in computer science and coding through game-based learning.	1 exam required; 30 questions; 50 minutes	None	None	None	https://codingcredentials.com/coding-in-minecraft-exam/
PROSO003**	Certified Internet Web (CIW) E-Commerce Specialist	Certification Partners	Yes	Yes	The Certified Internet Web (CIW) E-Commerce Specialist certification measures knowledge and skills on how to conduct business online and manage the technical issues associated with constructing an e-commerce Web site. Individuals learn about the similarities and differences between traditional and electronic commerce, and will explore e-commerce technologies at various levels of sophistication.	1 exam required (100-525); 72 questions; 75 minutes; passing score of 68% or more required	None	None	None	https://www.ciwcertified.com
PROSO006	Certified Internet Web (CIW) Database Design Specialist	Certification Partners	Yes	Yes	The CIW Database Design Specialist certification provides introductory vendor-neutral training for individuals planning to pursue product-focused database specialization. Competencies include DB2, Oracle Database 11g, MS SQL and MySQL, as well as structured Query Language (SQL) and database optimization through normalization.	1 exam required (100-541); 50 questions; 90 minutes; passing score of 75% or more required	None	None	None	https://www.ciwcertified.com
PROSO010	Certified Internet Web (CIW) Web Security Professional	Certification Partners	No	Yes	The CIW Web Security Professional series certification measures knowledge and skills to configure, manage and deploy e-business solutions servers, and implement e-business and network security solutions.	1 exam required	None	None	None	https://www.ciwcertified.com

PROSO017	Certified Internet Web (CIW) JavaScript Specialist	Certification Partners	Yes	Yes	The Certified Internet Web (CIW) JavaScript Specialist certification measures knowledge and skills on how to use the JavaScript language. Competencies tested include essential principles and practices, debugging and troubleshooting code, control program flow, document object model (DOM), language objects and expressions, custom objects, modify HTML, interactive forms, security issues involving browsers and cookies, libraries and frameworks, interactive Web applications and implementing Web application programming interfaces.	1 exam required (100-735); 55 questions; 90 minutes; passing score of 70.91% or more required	None	None	None	https://www.ciwcertified.com
PROSO023	Certified Internet Web (CIW) Web Development Professional	Certification Partners	Yes	Yes	The CIW Web Development Professional certification measures knowledge and skills in front-end scripting language, a back-end programming language and the skills to integrate with a database.	3 exams required (CIW JavaScript Specialist, CIW Perl Specialist, and CIW Database Design Specialist)	None	None	None	https://www.ciwcertified.com
PROSO024	Certified Internet Web (CIW) Web Foundations Associate	Certification Partners	Yes	No	The Certified Internet Web (CIW) Web Foundations Associate certification measures knowledge and skills in internet business, data networking and web site design. This certification measures knowledge and skills for specialties in web design, e-commerce, JavaScript, databases and other fields.	1 exam required (100-610); 90 questions; 90 minutes; passing score of 63.33 or more is required OR 3 exams required: Internet Business Associate (100-61A), Site Development Associate (100-61B), and Network Technology Associate (100-61C); each exam is 30 minutes and has 30 questions	None	None	None	https://www.ciwcertified.com/ciw-certifications
PROSO025	Certified Internet Web (CIW) Web Security Associate	Certification Partners	Yes	No	The Certified Internet Web (CIW) Web Security Associate certification measures knowledge and skills in how to secure networks from unauthorized activity, including security principles, such as establishing an effective security policy, and about the different types of hacker activities that individuals in this field are most likely to encounter.	3 exams required (CIW Foundations, CIW Server Administrator, and CIW Internetworking Professional)	None	None	None	https://www.ciwcertified.com/ciw-certifications
PROSO026	Certified Internet Web (CIW) Web Security Specialist	Certification Partners	No	Yes	The Certified Internet Web (CIW) Web Security Specialist certification measures knowledge and skills to secure networks from unauthorized activity including security principles, such as establishing an effective security policy, and about the different types of hacker activities that individuals in this field are most likely to encounter.	1 exam required	None	None	None	https://www.ciwcertified.com
PROSO027	Certified Internet Web (CIW) Advanced HTML5 & CSS3 Specialist	Certification Partners	Yes	Yes	The CIW Advanced HTML5 and CSS3 Specialist certification tests essential HTML5, Cascading Style Sheets (CSS) and JavaScript knowledge. These technologies, known as the web development trifecta, provide web pages that easily adapt to smartphones, tablets, gaming devices and smart TVs, as well as to traditional PCs.	1 exam required (100-620); 55 questions; 75 minutes; 72.73% passing score	None	None	None	https://www.ciwcertified.com
PROSO030	Certified Internet Web (CIW) Data Analyst Specialist	Certification Partners	Yes	Yes	The Data Analyst Specialist certification exam tests knowledge in data analysis fundamentals, big data, working with data sources, tools for capturing and analyzing data, and analyzing and reporting data.	1 exam required (100-622); 48 questions; 75 minutes; passing score of 75% or more required	None	None	None	https://www.ciwcertified.com
PROSO031	Certified Internet Web (CIW) Social Media Strategist	Certification Partners	Yes	No	The Social Media Strategist certification exam tests knowledge in social media, social media in business, campaigns; platforms; presentations and blogs; risk, reputation and crisis management; advertising; metrics and analysis; and reporting and optimization.	1 exam required (100-623); 55 questions; 90 minutes; passing score of 76.36% or more required	None	None	None	https://www.ciwcertified.com/ciw-certifications
PROSO032	Certified Internet Web (CIW) User Interface Designer	Certification Partners	Yes	No	The User Interface Designer certification exam tests knowledge in design projects; process; web design; design principles; color, typography, layout, and wireframing; designing basic web page user interface; web site navigation concepts; designing an interactive web page user interface; user interface design and search engine optimization strategies.	1 exam required (100-621); 54 questions; 75 minutes; passing score of 74.07% or more required	None	None	None	https://www.ciwcertified.com/ciw-certifications
PROSO801	ICT – Database Essentials	Certification Partners	Yes	No	The ICT – Database Essentials certification measures knowledge and skills in the fundamentals of using relational databases, including row and field structure, data types, tables, queries, data import/export mechanisms, and basic Structured Query Language (SQL) statements for managing and manipulating data and creating reports.	1 exam required	None	None	None	https://codingcredentials.com/coding-in-minecraft-exam/
PROSO802	ICT – Gaming Essentials	Certification Partners	Yes	No	The ICT – Gaming Essentials certification measures knowledge and skills in the fundamentals of interactive computer game creation, including design process, criteria and constraint identification, content research, storyboard creation, program flow modeling, program code creation, and result evaluation and modification practices.	1 exam required	None	None	None	http://www.ictcertified.com/ict-essentials/gaming.php
PROSO803	ICT – Multimedia Essentials	Certification Partners	Yes	No	The ICT – Multimedia Essentials certification measures knowledge and skills in the fundamentals of designing and creating digital slide presentations, including formatting basics, slide transitions, animation, timing, titling, and integration of images, graphics, audio/video and other compatible files.	1 exam required	None	None	None	http://www.ictcertified.com/ict-essentials/multimedia.php
PROSO804	ICT – Programming & Logic Essentials	Certification Partners	Yes	No	The ICT – Programming & Logic Essentials certification measures knowledge and skills in the basics of programming languages, including Boolean concepts, truth tables, logic, program structure, pseudo-code, iterative statements and syntax rules.	1 exam required	None	None	None	http://www.ictcertified.com/ict-essentials/programming-and-logic.php
PROSO805	ICT – Web Design Essentials	Certification Partners	Yes	No	The ICT – Web Design Essentials certification measures knowledge and skills in the basics of designing and creating basic Web sites, including Web page elements, page layout, use of color, graphical user interface (GUI) tools, integration of multimedia, HTML coding, navigation and site publishing.	1 exam required	None	None	None	http://www.ictcertified.com/ict-essentials/webdesign.php
PROSO806	ICT - Communications Essentials	Certification Partners	Yes	No	The ICT Communications Essentials certification measures knowledge and skills in the fundamentals of basic network functions and Internet connections, Web search strategies, online safety and privacy, Web site content and email communication.	1 exam required	None	None	None	http://www.ictcertified.com/ict-essentials/communications.php
PROSO807	ICT - Computing Essentials	Certification Partners	Yes	No	The ICT Computing Essentials certification measures knowledge and skills in the fundamentals of computers and their functionality, including types and functions of computers and computer systems, computer hardware, applications, file management and the basics of computer networking.	1 exam required	None	None	None	http://www.ictcertified.com/ict-essentials/computing.php
PROSO808	ICT - Cybersecurity Essentials	Certification Partners	Yes	No	The ICT CyberSecurity Essentials measures knowledge and skills in the fundamentals of personal online security and safety, including cybersecurity securing from threats to computer systems and other topics especially relevant to students.	1 exam required	None	None	None	http://www.ictcertified.com/ict-essentials/cybersecurity.php
PROSO809	ICT - Spreadsheet Essentials	Certification Partners	Yes	No	The ICT Spreadsheet Essentials certification measures knowledge and skills in the fundamentals of creating and using spreadsheets, including the purpose of spreadsheets; spreadsheet elements; how to insert, format, copy and move cell data, and format columns and rows; creating and modifying tables and charts; and functions and conditional formatting.	1 exam required	None	None	None	http://www.ictcertified.com/ict-essentials/spreadsheet.php
PROSO810	ICT - Word Processing Essentials	Certification Partners	Yes	No	The ICT Word Processing Essentials measures knowledge and skills in the fundamentals of using common word-processing application software, including the creation, editing and design of documents; the use of text structures; and collaboration on word-processing documents.	1 exam required	None	None	None	http://www.ictcertified.com/ict-essentials/word.php
PROSO811	ICT - Fundamentals	Certification Partners	Yes	No	ICT Fundamentals focuses on introductory digital tool literacy, and measures knowledge and skills in computing functions, networking types, internet communication functions, Web browser and search engine functions, cloud applications, word processing, spreadsheets, Internet safety, ethical and legal issues, and security issues.	1 exam required; 30 questions; 45 minutes	None	None	None	http://www.ictcertified.com/ict-fundamentals/ict-fundamentals.php
PROSO812	ICT Digital Citizenship and Ethics	Certification Partners	Yes	No	The ICT Digital Citizenship and Ethics exam focuses on Internet technologies, Websites, Web languages, browsers and other online resources and tools. Candidates will also identify the purpose, uses and benefits of copyright, fair use guidelines, global awareness of laws, security, privacy and cultural differences.	1 exam required; 30 questions; 45 minutes; Minimum passing score of 70%	None	None	None	http://www.ictcertified.com/ict-digital-citizenship-and-ethics/ict-digital-citizenship-and-ethics.php

PTCBD001	Pharmacy Technician	Pharmacy Technician Certification Board	Yes	Yes	The Pharmacy Technician certification measures knowledge and skills needed to assist pharmacists to prepare and dispense prescriptions.	1 exam required; 90 multiple choice questions; 110 minutes	Individuals must have a high school diploma or GED; no felony convictions; no drug or pharmacy related convictions, no restriction or admission of misconduct or violation of regulation by any State Board of Pharmacy.	None	None	https://www.ptcb.org/
RECFN001	RECF Pre-Engineering Certification	Robotics Education and Competition Foundation	Yes	No	The RECF Pre-Engineering Certification measures knowledge and skills in fundamentals of engineering and two of the following eight areas: aerospace pre-engineering, chemical pre-engineering, civil pre-engineering, computer science/programming, electrical pre-engineering, engineering technology, manufacturing technology, and mechanical pre-engineering.	A series of module-based exams; passing score of 80% or greater across all the modules and any modules with a score less than 70% must be retaken.	Individuals are expected to have at least 150 hours of pre-engineering classroom learning experience before taking the exam for this certification. Individuals must take the Fundamentals of Engineering plus a minimum of any two out of the eight engineering modules in order to receive the RECF Pre-Engineering Certification.	None	None	https://www.roboticseducation.org
RECFN002	RECF Robotics Certification	Robotics Education and Competition Foundation	Yes	No	The RECF Robotics Certification measures knowledge and skills in fundamentals of engineering, computer science/programming, electrical pre-engineering, and mechanical pre-engineering.	A series of module-based exams; passing score of 80% or greater across all the modules and any modules with a score less than 70% must be retaken.	Individuals are expected to have at least 150 hours of robotics classroom learning experience before taking the exam for this certification. Individuals must take the Fundamentals of Engineering plus three engineering modules in order to receive the RECF Robotics Certification.	None	None	https://www.roboticseducation.org
REDHT002	Red Hat Certified System Administrator (RHCSA) Certification	Red Hat	No	Yes	The performance-based Red Hat Certified System Administrator (RHCSA) exam tests knowledge in areas of system administration common across a wide range of environments and deployment scenarios. The skills tested in this exam are the foundation for system administration across all Red Hat® products.	1 exam required (EX200). Exam is a hands-on, practical exam requiring real-world tasks. Exam duration is 2.5 - 4 hours.	Candidates should have either taken Red Hat System Administration I (RH124) and Red Hat System Administration II (RH134) or the RHCSA Rapid Track course (RH199) that combines those courses, or have comparable work experience as a system administrator on Red Hat Enterprise Linux.	None	None	https://www.redhat.com/
SALES001	Salesforce Certified Administrator	Salesforce	Yes	No	Salesforce Administrators work with stakeholders to define requirements, customize the platform, and enable users to get the most out of Salesforce, a customer relationship management (CRM) platform. This CRM platform allows users to automate business processes, create reports & dashboards and monitor customer relationships.	1 exam required; 60 questions; 65% must be answered correctly to pass	None	None	None	https://trailhead.salesforce.com/en/credentials/administrator/overview
SMACA001	Industry 4.0 Controls Systems Specialist	Smart Automation Certification Alliance (SACA)	No	Yes	The Industry 4.0 Control Systems Specialist certification prepares individuals to succeed as controls technicians in modern production environments that use Industry 4.0 technologies. In this role, individuals will install, troubleshoot, repair and maintain industrial control systems using sensors, programmable controllers and variable frequency drives.	1 written exam and 1 performance based assessment are required	None	None	None	https://www.saca.org
SMACA002	Industry 4.0 Electrical Systems Specialist	Smart Automation Certification Alliance (SACA)	No	Yes	The Industry 4.0 Electrical Systems Specialist certification prepares individuals to succeed as industrial electricians in modern production environments that use Industry 4.0 technologies. In this role, individuals will install, troubleshoot, repair and maintain industrial electrical circuits and electric motor systems.	1 written exam and 1 performance based assessment are required	None	None	None	https://www.saca.org
SMACA003	Industry 4.0 Electro-Fluid Power Systems Specialist	Smart Automation Certification Alliance (SACA)	No	Yes	The Industry 4.0 Electro-Fluid Power Systems Specialist certification prepares individuals to succeed as electro-fluid power technicians in modern production environments that use Industry 4.0 technologies. In this role, individuals will install, troubleshoot, repair and maintain industrial solenoid-operated hydraulic and pneumatic systems.	1 written exam and 1 performance based assessment are required	None	None	None	https://www.saca.org
SMACA004	Industry 4.0 Instrumentation Specialist	Smart Automation Certification Alliance (SACA)	No	Yes	The Industry 4.0 Instrumentation Specialist certification prepares individuals to succeed as instrumentation technicians in modern production environments that use Industry 4.0 technologies. In this role, individuals will install, troubleshoot, repair and maintain instrumentation and control systems using transducers, transmitters, and PID controllers used to control flow, pressure, temperature and pressure of industrial fluid processes.	1 written exam and 1 performance based assessment are required	None	None	None	https://www.saca.org
SMACA005	Industry 4.0 Mechanical Systems Specialist	Smart Automation Certification Alliance (SACA)	No	Yes	The Industry 4.0 Mechanical Systems Specialist certification prepares individuals to succeed as industrial mechanics in modern production environments that use Industry 4.0 technologies. In this role, individuals will install, troubleshoot, repair and maintain industrial mechanical power transmission systems using belt, chain, shaft coupling and gear power transmission methods.	1 written exam and 1 performance based assessment are required	None	None	None	https://www.saca.org
SMACA006	Industry 4.0 Network Systems Specialist	Smart Automation Certification Alliance (SACA)	No	Yes	The Industry 4.0 Network Systems Specialist certification prepares individuals to succeed as technicians supporting networked Industry 4.0 automation systems. In this role, individuals will install, program, troubleshoot, monitor and maintain networked automation systems using Ethernet networks, smart sensors, controllers, data analytics software and automated machines.	1 written exam and 1 performance based assessment are required	None	None	None	https://www.saca.org
SMACA007	Industry 4.0 Operations Specialist	Smart Automation Certification Alliance (SACA)	No	Yes	The Industry 4.0 Operations Specialist certification prepares individuals to succeed as team lead operators in modern production environments that use Industry 4.0 technologies. In this role, individuals will perform automated machine setup and adjustment, operate and monitor system operation, perform preventive and predictive maintenance and analyze and optimize system operation.	1 written exam and 1 performance based assessment are required	None	None	None	https://www.saca.org
SMACA008	Industry 4.0 Robotics Specialist	Smart Automation Certification Alliance (SACA)	No	Yes	The Industry 4.0 Robotics Specialist certification prepares individuals to succeed as robotics technicians in modern production environments that use Industry 4.0 technologies. In this role, individuals will install, program, test, interface and maintain industrial robot systems and workcells.	1 written exam and 1 performance based assessment are required	None	None	None	https://www.saca.org
SMFEN001	Lean Bronze Certification (LBC)	Society of Manufacturing Engineers	No	Yes	The Lean Bronze Certification (LBC) certification measures knowledge of basic lean principles and tools, and ability in tactical implementation that drives improvement and shows measurable results.	1 exam required; 150 questions; complete a portfolio that outlines and documents 5 Lean projects and a summary of those projects.	To be eligible to take the LBC requires two academic quarters or equivalent of time spent in the study of Lean.	Minimum 1 year of industry work experience; minimum 6 months of experience of directly related to Lean implementation (total experience must equal 4 years of combined industry experience, Lean experience and academic study).	None	https://www.sme.org
SMRPR001	Certified Maintenance and Reliability Professional (CMRP)	Society for Maintenance and Reliability Professionals	No	Yes	The Certified Maintenance and Reliability Professional certification measures knowledge and skills for preventive, predictive, and corrective maintenance. CMRPs can perform troubleshooting and analysis, and apply sound maintenance practices in all aspects of their work.	1 exam required; 175 multiple choice questions; 4 hours	Candidates must schedule and take an examination within six months of the date they make application and are made eligible to sit for it.	None	None	https://www.smrp.org
SOCTE004	Broadband Premises Installer (BPI)	Society of Cable Telecommunications Engineers	Yes	No	The Broadband Premises Installer certification measures knowledge and skills to install and troubleshoot telecommunications services (video, voice, and data) at the customer's premises. The successful certification candidate has the knowledge to carry out a basic "triple-play" installation but is not yet proficient.	1 exam required; 50 multiple choice questions; computer based; passing score of 76% or greater required	None	None	None	https://www.scte.org
SOLID003	Certified Solidworks Associate-Academic (CSWA-Academic)	Dassault Systems Solidworks Corporation	Yes	No	The Certified Solidworks Associate-Academic (CSWA-Academic) certification measures a person's knowledge and competency with Solidworks mechanical design software.	1 exam required; 3 hours; passing score of 70% or greater required	None	None	None	https://www.solidworks.com/certification
SOLID004	Certified Solidworks Professional - Academic (CSWP-Academic)	Dassault Systems Solidworks Corporation	Yes	Yes	The Certified Solidworks Professional - Academic certification exam is delivered in three segments featuring hands-on challenges. Segment 1 tests competencies in creating a part from a drawing; using linked dimensions and equations to aid in modeling; using equations to relate dimensions; updating parameters and dimension sizes; mass property analysis; modifying geometry on initial part to create a more complex part; modifying parameters on the part at different stages while maintaining all other dimensions and design intent. Segment 2 tests creating configurations from other configurations; changing configurations; creation of configurations using a design table; mass properties; changing and/or rearranging features of an existing Solidworks part. Segment 3 tests creating an assembly; adding parts to an assembly; collision detection when moving a part in an assembly; interference detection; basic and advanced mates; rigid and flexible sub-assemblies; replacing a part with another part in an assembly; creating a coordinate system; and using a coordinate system to perform mass properties analysis.	3 Exam Segments required: 1: 70 min.; passing score of 75/105 2: 50 min.; passing score of 77/104 3: 80 min.; passing score of 77/109 Total exam length is 3 hours 20 min.	None	None	None	Intended for individuals with a minimum of 1 to 2 years of SOLIDWORKS experience and advanced knowledge of engineering practices. https://www.solidworks.com

SPACE001	Aerospace Technician	SpaceTec	No	Yes	The Aerospace Technician certification measures knowledge and skills for successful entry level employment of aerospace technicians who manufacture, assemble, service, test, operate, maintain, or repair systems associated with expendable and reusable space launch vehicles, payloads, related laboratories, and ground support equipment.	1 exam required (3 parts: Written, Oral and Practical); 70 questions	An individual must meet at least one of the following verifiable criteria to sit for the exam: have a two year technical college program degree; have/had a two year technical military assignment; hold a FAA Airframe/Powerplant certificate; or have two or more years of on the job training and experience in the Aerospace industry.	None	None	https://www.spacetec.us
TAFLP001	Accredited Legal Professional (ALP)	NALS...the Association for Legal Professionals	Yes	No	The Accredited Legal Professional (ALP) certification demonstrates an individual's preparedness for the field of law. This certification demonstrates ability to perform business communication tasks; gauges ability to maintain office records and calendars, and prioritize multiple tasks when given real-life scenarios; measures understanding of office equipment and related procedures; denotes aptitude for understanding legal terminology, legal complexities, and supporting documents; appraises knowledge of law office protocol as prescribed by ethical codes.	1 exam required; 4 hours	None	None	None	https://www.nals.org
TAFOM001	Certified in Production and Inventory Management (CPIM)	Association of Supply Chain Management (ASCM)	No	Yes	The Certified in Production and Inventory Management (CPIM) certification measures knowledge and skills in the latest production and inventory management techniques and trends, including production planning, materials and capacity requirements planning, just in time, and systems and technologies.	5 exams required	None	None	None	https://www.apics.org
TBOOM001	Toon Boom Certified Associate (Harmony Premium)	Toon Boom Animation	Yes	No	The Toon Boom Certified Associate (Harmony) certification is a certification that validates entry-level skills for the production of high-quality animation. Harmony is the industry-standard tool for drawing, animating, working in a 3D space, creating camera moves, and doing special effects. This software has an advanced system for character rigging, with tools to create characters with body parts on separate layers.	1 exam required; 25 multiple choice questions; passing score of 80% or higher required	None	None	None	www.toonboom.com/education/certification
TBOOM003	Toon Boom Certified Associate (Storyboard Pro)	Toon Boom Animation	Yes	No	The Toon Boom Certified Associate (Storyboard Pro) certification is a certification that validates entry-level skills needed to plan, lay out, and time productions. Storyboard Pro can be used to plan live action video shoots, animated productions, films, games, presentations, events, and more. It enables users to draw, plan sequences of panels, import media from a wide range of sources, and time projects out. Projects can then be exported in a wide array of industry standard formats.	1 exam required; 25 multiple choice questions; passing score of 80% or higher required	None	None	None	www.toonboom.com/education/certification
TBOOM004	Toon Boom Certified Associate (Harmony Advanced)	Toon Boom Animation	Yes	No	The Toon Boom Certified Associate (Harmony Advanced) certification measures knowledge in animation, keyframe animation, traditional animation, cut-out animation, coloring, character design, background design and drawing tools.	1 exam; 35 questions; 24 of 35 required to pass	None	None	None	https://www.toonboom.com/education/certification
UNITY001	Unity Certified Associate	Unity Technologies	Yes	No	The Unity Certified Associate exam tests competencies in animation, asset management, audio, editor interface, employment preparedness, game art principles, game design principles, industry awareness, lighting, materials and effects, navigation and pathfinding, physics, programming, project management, and user interface.	1 exam required; 100 questions over 16 topic areas; 90 minutes	None	None	None	https://certification.unity.com/products/certified-associate
UNITY002	Unity Certified User: Programmer	Unity Technologies	Yes	No	The Unity Certified User certification focuses on C# programming with Unity technology. It covers the basics to create interactivity in games, apps, AR/VR, and other experiences. Individuals will be expected to have at least 150 hours of Unity software use and training to obtain the certification.	1 exam required; 40 questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/Unity/Certified-User/Certify
UNITY003	Unity Certified User: Artist	Unity Technologies	Yes	No	The Unity Certified User: Artist certification allows candidates to demonstrate their ability to work in the rigorous game art pipeline that exists in the game industry. Candidates will be tested on their knowledge of the art workflow within the industry-standard Unity game engine. Competencies tested include importing and working with 2D and 3D assets, placing and designing levels, and using Unity tools to assist in experience creation.	1 exam required; 40 questions; 50 minutes	None	None	None	https://certport.pearsonvue.com/Certifications/Unity/Certified-User/Certify
UNITY004	Unity Certified User: VR Developer	Unity Technologies	Yes	No	The Unity Certified User: VR Developer certification exam tests the candidate's ability to create virtual reality experiences and programs within Unity software. Competencies tested include setup, interaction and optimization of virtual reality experiences in Unity software.	1 exam required; 20 questions; 30 minutes	Candidates must have previously earned the Unity Certified User: Programmer Certification.	None	None	https://certport.pearsonvue.com/Certifications/Unity/Certified-User/Certify
USINS001	Small UAS (sUAS) Safety Certification: Level 1	Unmanned Safety Institute	Yes	No	The Small UAS (sUAS) Safety Certification: Level 1 measures knowledge and skills in understanding UAS systems, responsible operators, operations planning, human factors and CRM, identifying hazards, aeronautical decision making, and dealing with emergencies.	1 exam required; 80 percent or higher is required to pass.	Small UAS Ground School course must be completed prior to taking exam.	None	None	https://www.unmannedsafetyinstitute.org/safety-certifications
USINS002	Visual Line of Sight System Operator (VSO) Ground	Unmanned Safety Institute	Yes	No	The Visual Line of Sight System Operator (VSO) Ground certification measures knowledge, skills and aeronautical experience necessary to meet the requirements for the FAA Unmanned Aircraft System Operator Certificate. Preparation for the certification includes an online training phase and an in-person flight training phase.	1 exam required; 75 questions; 80 percent or higher is required to pass.	Online training phase and an in-person flight training phase must be completed prior to taking exam.	None	None	https://www.unmannedsafetyinstitute.org/safety-certifications
USINS003	Advanced Unmanned Safety: Level 2	Unmanned Safety Institute	No	Yes	The Advanced Unmanned Safety: Level 2 certification tests competencies in professional aviation safety and operations; the implementation of the four pillars of a safety management system; the processes and tools for capturing and mitigating risk in unmanned operations; continuous improvement programs as they relate to unmanned operations; and safety promotion within unmanned aviation.	1 exam required; 70 questions; 120 minutes	None	None	None	https://www.unmannedsafetyinstitute.org/
USINS004	Advanced Unmanned System Operations (AUSO) Flight	Unmanned Safety Institute	No	Yes	The Advanced Unmanned System Operations (AUSO) Flight certification tests competencies in unmanned aviation safety operations; flight risk assessment; practical test standards; the ability to perform safely in reaction to simulated emergencies; decision making in flight; the ability to follow checklists and procedures; professional and safe attitudes in the operation of unmanned systems; and unmanned aircraft systems.	1 exam required: AUSO Flight and Systems Exam	None	None	None	https://www.unmannedsafetyinstitute.org/
USINS005	Advanced Unmanned System Operations (AUSO) Ground	Unmanned Safety Institute	No	Yes	The Advanced Unmanned System Operations (AUSO) Ground certification exam tests competencies in unmanned aviation safety to unmanned operations; pre-flight risk assessments; aircraft systems; checklist procedures and proficiency through simulation; safety analysis for new locations; emergency response maneuvers and procedures; datalink configurations; and the use of safety features on aircraft.	1 exam required: AUSO Ground and Systems Exam	None	None	None	https://www.unmannedsafetyinstitute.org/
VMWRE004	VMware Certified Professional - Data Center Virtualization	VMWare	No	Yes	VMware Certified Professional - Data Center Virtualization certification measures users' skill level in implementing, managing and installing virtual data center environments using best practices.	1 exam, 70 questions, 105 minutes	Must attend one training course at an authorized training center and pass the vSphere 6 or 6.5 Foundations Exam.	None	None	https://www.vmware.com
YAMAH001	Yamaha Marine Maintenance Certification: Inline	Yamaha	No	Yes	The Yamaha Marine Maintenance Certification: Inline requires candidates to understand and apply concepts of marine engine repair techniques based on acquired knowledge and experience. Candidates demonstrate the ability to assist the servicing and repair requirements with specific marine engines. Assessed competencies include compression tests, pressure tests, removing and reinstalling lower units and draining and refilling lower unit gear lubrication; marine engines. Individuals are examined on their comprehension of inspecting and replacing marine batteries, spark plugs, spark plug wires, ignition coils, thermostats, timing belts, propellers, water pumps, anodes and the fuel filter and pump on marine engines. Candidates understand how to inspect and adjust valve clearance and throttle cables on marine engines.	1 exam required; 50 questions, multiple-choice, fill in the blank, and true or false questions; 120 minutes; minimum passing score of 80 percent	Candidates are required to complete a minimum of 150 hours of marine-service instruction OR have a minimum of two years of experience in the field as a marine technician.	None	None	https://www.yamaha-dealers.com/techhub/marine/#

YAMAHA002	Yamaha Marine Maintenance Certification: Mid-Range	Yamaha	No	Yes	The Yamaha Marine Maintenance Certification: Mid-Range requires candidates to understand and apply concepts of marine engine repair techniques based on acquired knowledge and experience. Candidates demonstrate the ability to associate the servicing and repair requirements with specific marine engines. Assessed competencies include compression tests, pressure tests, power, and manual tilt functions, removing and reinstalling lower units, and draining and refilling lower unit gear lubricant on marine engines. Individuals are examined on their comprehension of inspecting and replacing anodes, water pumps, fuel filters and pumps, marine batteries, thermostats, timing belts, and propellers on marine engines. Candidates understand how to inspect and adjust valve clearance and throttle cables on marine engines.	1 exam required; 50 questions; multiple-choice, fill in the blank, and true or false questions; 120 minutes; minimum passing score of 80 percent	Candidates are required to complete a minimum of 150 hours of marine-service instruction OR have a minimum of two years of experience in the field as a marine technician.	None	None	https://www.yamaha-dealers.com/techhub/marine/#
YAMAHA003	Yamaha Marine Maintenance Certification: Portable	Yamaha	No	Yes	The Yamaha Marine Maintenance Certification: Portable requires candidates to understand and apply concepts of marine engine repair techniques based on acquired knowledge and experience. Candidates demonstrate the ability to associate the servicing and repair requirements with specific marine engines. Assessed competencies include compression tests, power, and manual tilt functions, removing and reinstalling lower units and draining and refilling lower unit gear lubricant on marine engines. Individuals are examined on their comprehension of inspecting and replacing spark plugs, water pumps, anodes, fuel filters and pumps, timing belts, propellers and marine batteries on marine engines.	1 exam required; 50 questions; multiple-choice, fill in the blank, and true or false questions; 120 minutes; minimum passing score of 80 percent	Candidates are required to complete a minimum of 150 hours of marine-service instruction OR have a minimum of two years of experience in the field as a marine technician.	None	None	https://www.yamaha-dealers.com/techhub/marine/#
YAMAHA004	Yamaha Marine Maintenance Certification: V-Engine	Yamaha	No	Yes	Yamaha Marine Maintenance Certification: V-Engine requires candidates to understand and apply concepts of marine engine repair techniques based on acquired knowledge and experience. Candidates demonstrate the ability to associate the servicing and repair requirements with specific marine engines. Assessed competencies include compression tests, pressure tests, power, and manual tilt functions, removing and reinstalling lower units, and draining and refilling lower unit gear lubricant on marine engines. Individuals are examined on their comprehension of inspecting and replacing spark plugs, ignition coils, water pumps, anodes, fuel filters and pumps, thermometers, timing belts, propellers and marine batteries on marine engines. Candidates recognize marine engine components that require scheduled maintenance.	1 exam required; 50 questions; multiple-choice, fill in the blank, and true or false questions; 120 minutes; minimum passing score of 80 percent	Candidates are required to complete a minimum of 150 hours of marine-service instruction OR have a minimum of two years of experience in the field as a marine technician.	None	None	https://www.yamaha-dealers.com/techhub/marine/#

**This certification retired June 30, 2022 and is no longer reportable.
