**Florida Department of Education
Division of Career and Adult Education
Farmworker Career Development Program
Quarter Three
Virtual Quality Assurance and Compliance Fiscal Monitoring Review
for
Manatee County School District
Project Number 410-4056C-6CFJ1
Program Year (PY) 2025-2026 / TAPS 26B001**

I. PURPOSE OF MONITORING

The purpose of monitoring is to identify the specific areas in which a provider is in compliance or non-compliance with federal law and regulations, state statutes and rules, and OMB Circulars. The timely identification of non-compliance provides a framework to make changes that are expected to result in programs becoming more efficient and effective. However, a comprehensive and multi-dimensional Quality Assurance System is a foundation for continuous improvement of services and systems both internally and externally. Our commitment to excellence supports accountability, collaboration, targeted technical assistance, continuous improvement and positive systemic change.

II. RISK BASED MONITORING

Risk assessment is a process used to evaluate variables associated with workforce education grants and assign a rating for the level of risk to the Florida Department of Education and the Division of Career and Adult Education associated with each provider. The risk assessment is conducted by the Quality Assurance Team to determine the monitoring strategy appropriate for each provider. A range of monitoring strategies includes conference calls, improvement plans, full or partial self-assessment, grant reviews, etc., with a more comprehensive strategy such as an onsite visit designated for providers deemed to be at higher risk.

III. PROTOCOLS

Protocols have been developed for the Farmworker Career Development Program (FCDP) and their fiscal components. The protocols include interview questions aligned with the regulatory requirements; forms and checklists to be used for the on-site visits and other monitoring strategies and additional documents addressing the individual processes.

IV. FISCAL MONITORING STRATEGY

The fiscal monitoring strategy is for all Florida Department of Education (FDOE), FCDP sub-recipients to have quarterly fiscal progress monitoring on items that require periodic assessments. Quarterly

monitoring provides the state office with an opportunity to offer guidance, share updated information and ensure the project remains in compliance with local, state and federal regulations, laws, policies and procedures.

V. FCDP MONITORING RESOURCES

As deemed necessary by the United States Department of Labor/Employment and Training Administration, monitoring of FCDP direct service providers is completed on an annual basis that addresses areas of compliance including special investigations of specific grant awards. Collaboration and cooperation with Grants Management, the Inspector General's office, the Comptroller's office and others, as appropriate, is fundamental to the success of the Quality Assurance System. The [FCDP Monitoring Manual](#), [NFJP-Core NFJP-Core Monitoring Guide-Supplement](#) and additional monitoring information is available on the FDOE FCDP website on the following link: <https://www.fl DOE.org/academics/career-adult-edu/farmworker-jobs-edu-program/>.

VI. AUTHORITY

The FDOE receives federal funding from the United States Department of Labor (USDOL) for Workforce Innovation and Opportunity Act (WIOA) of 2014, Title I, Section 167 National Farmworker Jobs Program (NFJP), CFDA # 17.264 to strengthen the ability of eligible farmworkers and their families to achieve economic self-sufficiency. The program serves eligible farmworkers and their dependents who have socio-economic and educational barriers, as identified by the United States Department of Labor. The FDOE's FCDP awards sub-recipients to eligible providers to administer local programs. FCDP must monitor sub-recipients to ensure compliance with the National Farmworker Jobs Program per the [NFJP Program Guide](#).
