Farmworker Career Development Program (FCDP)
South Florida State College
Fiscal Desk Top Review Quarter Three (Q3)
Project Number 282-4055C-5CFJ1
Program Year (PY) 2024-2025/ TAPS 25B001

Purpose:

Quarterly fiscal desk top reviews are performed for periodic monitoring. The purpose of monitoring is to identify the specific areas in which a provider is in compliance or non-compliance with federal law and regulations, state statutes and rules, and OMB Circulars. The timely identification of non-compliance provides a framework to make changes that are expected to result in programs becoming more efficient and effective. However, a comprehensive and multi-dimensional Quality Assurance System is a foundation for continuous improvement of services and systems both internally and externally. Our commitment to excellence supports accountability, collaboration, targeted technical assistance, continuous improvement and positive systemic change.

Monitoring items that require periodic assessments are reviewed in the sections below with the referencing section of the core monitoring guides (CMG), federal regulation citations and/or FCDP policies. The complete National Farmworker Jobs Program (NFJP) Supplement to the Core monitoring Guide, July 2021 and/or Core Monitoring Guide, (CMG) August 2018 United States Department of Labor, Employment and Training Administration available on the following Workforce GPS link: https://farmworker.workforcegps.org/resources/2019/09/26/18/06/NFJP_Grant_Administration_Operations/NFJP_Core_Monitoring_Guide
